First of all, I want to be clear that in consideration of my daughter Jennie having assisted me in the burdens of supporting the family & in paying for my land on which I now live and for similar assistance received from my son, W. L. Park, I ordered E. R. Merrill, Master of the Court, to make the deed for which I had obtained judgment to Jennie Park my daughter for 66 acres of the tract of land, & to W. L. Park 22 acres, the residue of my tract of land with the understanding that my daughter Jennie should convey to my youngest son, W. L. Park by deed for 22 acres of the part of the land she got deed for as aforesaid. Park that may be left at the death of me & my wife will not be of greater value for share than the property given them respectively. Further in consideration of the advancements heretofore given to my children will maintain & keep property & suitable to our old age both me & my wife as long as we may live, & give to each of us a flanking, decent, Christian burial at our death, April 7th 1883, all.

November term 1883.

I, J. J. Smith, clerk of the said County Court, do hereby certify that the foregoing last

will & testament of William Park, deceased, was this day produced in open Court, and duly proved by the oaths of W. B. Baird & W. L. Hardwick, subscribing witnesses thereto; & thereupon the same was ordered probated & recorded, which is done, Witness my hand as clerk of said Court this 5th day of Nov. 1883,
J. J. Smith, clerk,
By T. M. Kirby, S.C.

I, R. L. Mosely of the Town of Hartford, County of this, and State of Connecticut, do hereby make, write with my own hand and hereby publish and declare this writing to be my true and only last will and testament as follows: In the first place, I wish my Executors and Executors hereinafter named to pay all of my debts honorably owing by me and settle up my estate as speedily as the nature of the case will admit of and in order to fully effectuate and carry out my request in this matter I hereby give to my Executor and Executors full and absolute power and authority to sell and convey by good and sufficient deed or deeds any or all of my real estate owned by me save and except my residence in which I now reside and the entire lot as laid off for my yard and the garden next to and bordering the market or main Street and Union Street, this property I want to keep as a permanent home for my wife and children and I want my house continually insured. In the matter of the division and distribution of my estate, I will submit to and abide by the law as it now stands and which is satisfactory to my wife. I have made application for and expect to expect to get a small insurance on my life and I simply wish and desire this fund when realized to be divided and distributed as the law directs which is 1/3 to wife and the remainder equally among my four girls, share and share alike. I still further desire my Executor and Executors herein before mentioned to be and act as the guardian of my children and that they

are hereby permitted to deal generously with them in their education and final general purpose when they arrive at that particular age. They and each of them are seeking their fortune in marriage. I want no sale of property whatever of a personal nature of my wife has more than kind of track than she wants she can sell it and do as she pleases with it as I always have had and still have a horror of public sales of this character. Now last but not least of all the requests and that is this: I never want under any state of case without absolute force my executor and executrix to appeal to a court of chancery, commonly now called a court of equity, or a Chancellor for an adjustment and settlement of my estate for that high court is not unlike the mills of the Gods that grind slow but surely all there is out to the everlasting pain and commorants. If for any reason either the one or the other of my Executors so named should die refuse to act or become in any manner whatever disabled or refuse to act then and in that event the one so qualifying shall all the rights powers and authority granted to both and shall apply selling and conveying real estate as to purposes named. In witness whereof I have written this paper with my own hand and hereunto signed my name on this the 17th day of December Anno Domini 1879,
R. S. Moseley.

Codicil annexed.

Being in a hurry and just ready to start to Florida I forgot to name my Executor and Executrix in my above written will I now name him J. Wayne Griffin Esq. of Hartford Ky. and my wife Mrs. R. S. Moseley and desire both of them to qualify. December 17th 1879.
R. S. Moseley.

This the 2^d codicil made and written by me on this 16th day of Oct. 1883 which is to be made a part of and annexed to my last Will and Testament which bears date the 17th day of Dec. 1879. In the first place I desire to reappoint my Germaine Moseley my only and sole Executrix and also the guardian of my infant children and I hereby give her the same and entirely heretofore given to my Executors and Executrix heretofore named

and clothed with certain powers and duties, and I hereby direct and specially request the Judge of the Shelby County Probate Court to require of her no security on her bond as Executrix aforesaid and also that as guardian of my children as I am fully satisfied and persuaded that she will do right and be just in the premises. I desire that my said Executrix to sell and convey by deed of General Warranty such real estate as I have hereby directed save and except the lot and residence wherein I now reside which will also include the stable lot as was recited in the sale of that lot to J. Edmon Rouse which lot or rather part of said entire lot I still desire to be and remain as a part and parcel of my homestead being as I conceive a necessary adjunct. I desire to reinstate as heretofore stated in my original Will that my present homestead including in acre and this fraction of a lot reserved as aforesaid. I hereby specifically desire and give to my wife and my four children for them and each of them to have and enjoy at all times without let or hindrance the aforesaid as it is my declared intention for this property to furnish a permanent home for my wife during her life and for the children or either of them so long as they or either of my may want live with her at the death of my wife then and in that event I hereby will bequeath and devise absolutely and wholly all of my and her property both real personal and mixed of whatever nature to our children share and share alike. I hereby request my wife in the management of my estate and settlement of same and also in the management of the estate as guardian of my children that she consult and advise with my son-in-law Edmund Spear and my personal friend Henry B. Matthews as to the best course to pursue in regard to the general management of same. I have a life insurance policy in the National Mutual Benefit Association of Louisville Kentucky for the benefit of my wife and children and after a careful consideration of same I own the matter and in order to deal equitably and justly with my children and wife in regard to the aforesaid life insurance I have finally reached this conclusion as being just and equitable in so far as my children are concerned, that said fund when realized and paid we shall be equally divided - that is to say according to the law of distribution between my wife and my three youngest children, my wife's and the balance

to them share and share alike. In estimating what I have done for the children, I find that it will take this much or more in fact to make my youngest child as equal to and as far with my eldest daughter Maggie Mosely Dean and without further comment or explanation I am satisfied of the justice of this bequest and I think that she will be too. I hereby request my and appointed guardian of my children herein after consulting with my friends aforesaid to take the fund or part of same as the case may be going to my youngest child Jennie A Mosely and pay off the mortgage that is due my friend McHenry on the corner lot with the accreted interest and have the benefit of the same mortgage transferred to her or you so her guardian to be and remain his unless the other children may contribute and then they may hold jointly at the option of each. If my wife do guardian of my children after consulting with my aforesaid friends and getting legal advice from McHenry shall deem it best and the funds should be on hand and idle and in order to save any realty from being sacrificed she may in the elects to do buy the same in temporarily until better times and a better sale can be effected and hold it in the interest of whose funds the same may be purchased with. But as I said before I want all of my realty sold save and except the homestead lot & house and my fractional lot retained out of the sale to Rowe, Of course when my youngest child becomes of age or marries then my wife and the children may agree if they think proper and sell any and all of the old homestead aforesaid but not until then. In testimony whereof I have this day written the foregoing facts with my own hand the confirmation of same attesting my soundness of mind and disposing manner and I have and shall sign the same with my own hand.
