In the name of God, I make ordain
and constitute this my Last will and
testament in words and figures as follows:
my will and wish is that my Estate be
managed by my wife and three of my
neighbour friends, such as the County Court
may appoint that will act and that they
be well paid for their trouble; I want them
to authorise them by this will to sell such
part of my Estate as they may think best for
the Estate or buy such property as they may
think best for the Estate either Lands Negroes
or any other property, or hire out negroes or
rent out Lands, my Children I want to be
learned some occupation if any of them seems
to learn well, and it is best for them to study
a profession set them to do so if others seem
disposed to till the soil set them to do so as I
wish all of my Children to have as good an
Education as their Occupation may require
when the first of them shall come of age or
marry I want three Commissioners who sit Clarke
with all the authority of Executors to value the
two thirds of my Estate after leaving one third
of all real and personal for my wife into as
many lots or appertinments as there is Children
of mine and give those as they marry or come of age
each one his or her proportionable share observing to
give each one such negroes or Lands as my wife shall
think best as I want Children and negroes all accommo-
dated if it can be done and I want the most obedient
Children to have the most obedient negroes or such as
their mother thinks will suit best if my Children
should any of them be obstinate will not obey their
mother I want them bound to some men as will not
let them strol about in mischief if either of my
daughters marries a man of smartness and care I want
their share given them in full but if to the reverse
a scamp gambler drunkard and so forth make

their share very short and that of the dornient sort on
none if it is likely he will spend what he gets, if my wife
die before any or all of the children gets their share I want
her third thrown in and divided and if any have drawn
their share of the two thirds give them with the others
that have not drawn their share of the one third reserved
for her for life and then share the whole Estate or each
ones part as before directed as I do not mean by this
will that each Child shall have his equal share of
all the Land and all the negroes as it will be best for
some of them to have Land and some Negroes or perhaps
some money so each one gets his share in value as
before directed; I will name for the Commissioners
or Executors if they continue in the neighbourhood
and will act Edward Kennedy Robert Lee and
William H Jones, if they or either of them dose not
act I want the Court to appoint such as will act
