The committee to make settlement with the Chairman of the County Court and other officers, made their report which was ordered of record to wit.

"To the worshipful County Court of Unicoi County Tenn, The undersigned having been elected by your honorable body and duly qualified as acting Commissioners of said County beg leave to make the following report.

I

We find on careful examination that the report of your honorable Chairman to the present term of this Court is correct so far as we are able to investigate. The books and receipts of the trustee and ex trustee having been stolen we are unable at this time to compare them with the said report and verify the credit given said officers

II

We have compared the reports of the various Clerks of Court with their books for the present year and find them Correct.

III

We have examined the warrants Cancelled by the Chairman with his report and find the amount named in said report to be correct, we have also carefully examined the warrants issued from January 1-1895 to Oct 1-1895 and find the amounts in said report to be Correct.

IV

We invite the attention of the Court to that part of the Chairmans report showing the amount of the taxes uncollected and past due also to the fact that the estate of W.C. Emmert ex tax attorney have both failed to file reports as required by law of the amounts of the receipts and disbursements. The trustee and ex trustee Could not make a report to this term for the reasons above given. We also examined the report of the Justices of the peace and find no fines or forfeitures have been reported by any of them for the three previous quarters. We further find, on investigation that the majority of the County officials who handle County funds

Oct 1895

have to some extent been derelict in their duties of prompt payment to the proper parties entitled thereto of said funds.

and we are issuing Claims at the rate of about $2000 per year the County tax levy only amounts to about $1600 for $1200.00 per year therefore the Circulation of Co. Claims is bound to increase unless bought up and placed in Judgements. At the last term of the Court there was levied a special tax of 50¢ on the $100 taxable property to pay off Booth Judgement which amounts to only $1248.87. the other Judgements not provided for by a special levy amount to only $1278.87 add this to the Booth Judgement and we have a debt of $2527.74 The County has special tax due from trustee Woodward in sum of $2257.01 We have County and special tax due the County from all sources to sum of $7103.73 and in view of these facts I would recommend that the Court pass an order allowing the trustee to collect at least 30¢ of the levy for Booth in Co. Warrants as the trustee should be allowed to collect on taxes as many warrants during the year as are issued

April 1896.

The County has R.R. tax in the hands of its Officers to the amount of $8758.24 I would also recommend that the Court authorize the Chairman to petition the Chancery court to dissolve the injunction to such extent as to allow the trustee to pay said money out on order of this Court. Our attention was called to the bond of the attorney Crain at the last term of this Court I find no law authorizing the Chairman to condemn the bond as his bond is approved by the County Court Clerk. However I looked up the bond and did not think it was sufficient and called his Crains attention to the matter and he declined to justify his bond. and while I do not say I doubt his integrity yet viewing the matter from a business standpoint I would recomend that the Court take such action and require the Clerk to take such action as will force him to justify his bond.

As to our ex-Co attorney I shall enter motion to be made against him and his sureties for the balance as shown in this report at the next term of the Circuit Court of Mercer County unless I am otherwise ordered by this Court.

Respectfully

N. F. Tucker Chairman

Report of Revenue Commissioners

The revenue Commissioners presented their report which was adopted and ordered of record, as follows.

"Our Commissions met on Tuesday as provided by law and have carefully gone over the several items enumerated in the Chairmans report We find the Collecting Officers of the County have reported to the Chairman by the law directs, and the records show their reports to be correct. The figures given by the Chairman in the several items of his report are correct. Estimate Watts has not reported as to the condition of his indebtedness to the County Trustee Woodward has settled his 1894 taxes in full. Clerk. We have gone over the books in the hands of J.M. Crain and believe the Chairman is correct in the way he presented the matter to the Court We invite the attention of the Court to the

Amount due by G.T. Lee, and again call the attention of your honorable body to the bond given by J.W. Crain. We call your attention to the fact that parties are speculating in County warrants without paying privilge taxes, as we are informed and believe, We think the Chairman has the same matter of prime in hand. Hence that we need not detend so much time on this report and therefore will not meet till Friday before the Monday in next July.

Beginning at the State line between the two Bell mountains, then running down the South ridge to the top of the Lucas knob to W.B. Tilsons line, then with Bonners to W.H. Your petitioners who are citizens of said County would most respectfully show to the Court that there is now living with them a child named Eliza J. Petitioners show that they having been so long with said child and it having been for said period in their home it now seems as their own and for said reason are loth to be separated from it or have it separated from them, but do desire said child to continue to live with petitioners and in their hospitality they having no children of their own as though said child had been born to them, and in as full and complete manner be adopted to petitioners as their own child, and from the relation of parent

The within Commissioners presented in Court their report for the quarter ending December 31st 1886 which was accepted and ordered of record and is in words & figures as follows to wit -

To the Worshipful County Court Your Commissioners submit the following report for the quarter ending December 31st 1886 to wit -

The Chairmans report is full and Complete and we find it correct - All the offices of the County have reported and we have carefully compared the several reports with the books in the different offices and find them correct - except the report of the ex County Court Clerk and it may be but we cannot determine from the books whether it is or not - His report for April 1886 does not cover the amount found on his books while the report for July and August show more collected than is on the books for these months while we believe everything collected has been paid over we do not know any way to ascertain the facts in the case

Jan Term 1887

Back Tax Atty Crain Crain made a full and complete settlement which shows that he has paid $39.25 more than he collected We have examined the settlement carefully and find it correct -

Ex Trustee Watts made a payment of $6.78 to your Chairman after his report was made up and we approved the same and this amount was placed to his credit -

We find there is $1145.72 in outstanding warrants of this amount there is on the books $634.65/100 which was issued prior to 1882 and we think it safe to say that the warrants have been taken up in judgments lost or destroyed and not properly marked off the books. This would leave only $82.07 outstanding and added to the judgments VS the County would reduce the liabilities to $3407.42 and there is enough taxes in Trustee Woodwards collectors to cover the same We congratulate the Chairman and Trustee Woodward in the successful work during the past year for they have reduced the Counties liabilities $3249.85 and they deserve the thanks for raising our credit and getting our business on a safe footing

We find that the expences of the County for the last year was $2071.56 and also that the County levy of 50¢ per $100. will raise a revenue of $1000 and a special tax of 60¢ per $100 would raise say $2000 making $3000 for County purposes. This will cover all expences so far as can now be foreseen to say nothing about what we hope to get from back taxes now due and will reduce the present levy 60¢ on the $100 and relieve the people

Leaving a total balance against Mr Watts Etal	10916.26	

Mr Watts on the 15th day of Jan 1897 transferred to the Tax Atty. Delinquent Tax on the years 1891-1893 inclusive on real estate including State Tax interest &c aggregating the sum of $1029.25 and 25.90 polls amounting with interest to the sum of $85.20 and owing to this transaction the examining committee recommended that execution be stayed on the several judgments in Chancery against Watts Etal until the 25th day of March 1897 at which time there would be given credit on said judgments for such amount of said taxes as at that time was collected by Tax Atty Aiken

April Term 1897

And such other amounts as would be just and proper
The Tax Atty. reports on the 31st Day of March 1897 showing that out of the $10289.25 in real estate receipts have been brought in amounting to $6020.89 and on polls to the amount of $2173.58 leaving a balance on real estate of $4268.36 and on polls $3199.67. Of these amounts there is on real estate $2863.98 and on polls $2414.09 that is prior to the year 1892 and the collection is barred by the Statutes and Mr Watts could not receive credit for that amount. The balance on real estate for 1892 & 1893 inclusive of State Tax interest &c is $1414.38 and on polls $783.60 making a total of $2197.98. This amount I would decline to allow Mr Watts for unless advised to do so by the Court on the grounds that it was not transferred to the Tax Atty within the time fixed by law. That it includes State Tax with which we have nothing to do. as it ~~has been~~ belongs to the State unless it has been paid to the State by the Trustee and in that ~~case~~ event the Trustee in my opinion has purchased the accounts of the people and he alone can legally collect them.

I find the Trustee liable for the following Taxes

Ordered by the Court that the report of the Revenue Commissioners be and the same is hereby received and ordered of record subject to correction if found incorrect. Said report is in words and figures as follows to wit

To the Worshipful County Court

Acting under your instructions given at the last Term of your committee together with your Chairman made a careful and as complete settlement with Mr Watts for the eight years he was Trustee of this County as was possible owing to the lapse of time and the difficulty in finding all the reports necessary to making the proper charges for the various years. It was nearly impossible to ascertain the various amounts with which to charge him We done all we could and your Chairmans report shows the matters as we found them and also Watts our action in regard to asking for the day of execution until March 21st We also made as careful and exhaustive report to the Chancellor as we could frame

But since your Chairmans report was written and submitted to this committee Mr Watts has called our attention to some inaccuracies and additional credits and with the consent of your chairman and for the reasons stated we have allowed him the following additional credits We charge Mr Watts with $632.18 paid him by Col Ernest and his administration as shown by reports but Mr Ernest has receipts for only $5.09.47 We therefore We therefore give Mr Watts credit $126.82 on his County and Special tax for the year 1889

We charged Mr Watts with paid him by Mr Lee $612.12 We find Mr Lee only has receipts for $434.82 We therefore give Mr Watts credit for the County and Special tax for the year 1893 for the difference $177.30

April Term 1897

In other words we feel we cant charge Mr Watts with these reports but from receipts given by him We also give him Credit for $200.00 on his School Tax for the year 1891 as a mistake of said amount was made in the addition of charges for said year We give credit on his R R tax for the year 1891 on account of erroneous charges for $73.38 which gives him Credit on Judgment for $10.43 We find that your Court gave him credit on County & Special Tax for 1890 for taking John Carter to Asylum $41.57 and nothing on Chairmans reports to show it was allowed We recommend its be allowed

We find your Court allowed $30.00 on Special Tax for 1891 for taking Mrs Ledford to Asylum We allowed same for same reasons For the reasons given by your Chairman and other legal points involved in the matter we could not allow Mr Watts credit for the taxes placed in Mr Aikens hands The Court must determine about this

On Jan 9th 1897 while your Committee was on the Mr Watts matter R. W. H. Gilbert came into the chairmans office and asked him to acknowledge judgements on about $70.00 County warrants which he Mr Gilbert held against the County

Mr Tucker agreed to do so and asked to look at the warrants Upon examination he found that two of them amounting to $41.80 had been cancelled and the cancellation had been erased from the warrant On examination we also found that the warrant had been cancelled on the warrant book and that had also been cancelled We undertook to make as thorough an investigation as we could and found that the following claims were missing from the files

No.	128	issued to	B F Foster	for $6.00
"	131	"	" A Edwards	" 6.00
"	188	"	" J S Hampton	" 18.20
"	290	"	" E W Akord	" 18.00
"	293	"	" B F O'Brien	" 11.35
"	434	"	" Del Keener	" 25.00
				$84.55

and that the warrant book had been tampered with in the above warrants and the cancellation column had been erased except as to the E W Akord warrant but there had been a warrant issued to W S Tucker for like amount on same date and cancelled The Tucker warrant is in the file and cancelled but has been erased on the book We also found that warrant No 137 J O Hensley $6.00

April Term 1897

was missing from the files and had been cancelled but is not cancelled on the book This warrant was in the hands of S. G. Watts and he is of the opinion he knows where it came from When these matters became public Mr Williams the Banker found on investigation that he had warrant No. 128 for $6.00 and that it had been tampered with He immediately brought it to the office and turned it over to the chairman stating that he had got the warrant from Mr Gilbert As these warrants were presented by Mr Gilbert and the box containing the files from which the same warrant had been taken were in the office occupied by Mr Gilbert your Chairman deems it prudent your committee concurring to give him an opportunity to vindicate himself in the matter and the charge was investigated by a Court of magistrates and went to a higher Court and was ignored by the Grand Jury These are the facts We deemed it our duty to investigate the matter so far as we could and have done so and know that the cancelled files and the warrant book have been tampered with but cannot report to you who done it We further report that we have been unable to find the files and of which the Del Keener warrant No 434 was taken and believe that the whole file is gone and we have therefore no means of knowing how many warrants have been taken as the book has been erased and we cant get a start at the matter In view of these facts and that erasures can be made and that it is necessary for the protection of the County to keep these cancelled files We would respectfully recommend that you instruct your Chairman to at once purchase a Stamp cutting out of the warrant the word "Cancelled" and hereafter avoid the possibility of forgery on County paper Banks have such Stamps and are cheap

We wish to remark that all these warrants were cancelled and filed back in 1890 prior to the time this committee or your present Chairman were looking after these matters We have carefully examined the Chairmans report and as to the matters of the County during the last quarter and find it correct All the County officials have and hold the Trustees receipts for amount collected by them We have examined the records and find these correspond with said reports The end of warrant cancelled was verified and found correct also your order as to issuance of warrants was carefully compared to the warrant book and found correct We find among outstanding claims warrants to the amt of $887. which warrants we believe to have been cancelled Respectfully submitted

Chair.

The Revenue Commissioners presented in open Court their report for the second quarter ending June 30th 1897 which was accepted and ordered of record and is in words and figures as follows to wit-

To the Worshipful County Court- under act of 1891 Section 74 We the undersigned your Committee beg leave to submit our quarterly report-

We have carefully & critically examined the settlements made by your Chairman with the various officers and on comparing with the records & c find them in every respect correct-

We find the Chairman has seen fit to strike out costs in felony cases amounting to $17.15 and we maintain that the Chairman was right- We further find that the Trustee has during the last quarter reduced the indebtedness about $680.00 Our investigation has been confined to the present revenue officers and consequently is short and pointed-

We find the financial condition of the County to be in good shape and the officers all seem to be discharging their duties as required by law-

Respectfully Submitted
