A Statement of facts relative to the situation of Gerard Alexander to be presented to the Judge of the Orphans Court of Alexandria County

The unfortunate situation of Gerard Alexander is apparent to every person who has seen him deformed and an idiot he is entirely incompetent to manage his property and would suffer the severest hardships but for the occasional interference and attention of some friends. His property consists of an undivided portion of a tract of land for which he receives no rent and a few negroes women and children yielding an uncertain and inconsiderable hire. It is supposed and believed that if a Guardian could be appointed by the Orphans Court to manage the said Gerard's concerns with full authority to act in the premises that such a disposition and arrangement could be made of his property as would afford him a comfortable support without the interposition of the Court it is feared he will be in a most deplorable situation
