The children I wish to remain under the care of their mother, and child money is to be paid quarterly out of my rents I wish my Executors to attend to the Education of my children the boys untill they arrive to the age of fifteen then I wish my executors to bind them to some useful and proper trade and the girls I wish them to be put to the millinery or mantua making business but I wish them to be kept regular at school until they are put to proper trades. I have pointed out to either of the boys being bound to go to sea as it is no trade for them. The surplus of rents left from the support of my wife and children I wish to be placed at interest in some secure way, until the children come at age and then divided in the lawful manner between them that is in the judgment of my Executors. My carpenter's tools and stocks on hand in shop or elsewhere I wish to be sold and such things as my wife and family does not want and the money appropriated to the payment of my debts, if I should owe any, and one half to the immediate use of my family and the other part deposited at interest as above mentioned and if there should not be enough that sale to pay my just debts I wish them to be paid out of rents as they are collected, in allowing my family support until they are paid, then my rents are to be regulated as I have mentioned above. My Library of books I wish to be kept for the use of my children and what money I may have in my possession at my decease is to be put to interest in some secure manner by my executors if the sum exceeds one hundred dollars and equally divided when my children arrives at age, but if the sum is less than one hundred dollars it is to be applied to the use of my family as they may need it. Thereby constituted and appointed Hugh Smith and Edward Stabler executors of this my last will and request. In witness whereof I have hereunto set my hand and Seal this 16th day of July, 1826.
