a life

Teste

Wm J. Fudge etc

In the name of God, amen. I Charles Callahan being of sound mind & disposing memory, do make & ordain this to be my last Will & Testament

Item 1st

As soon after my death as convenient, I desire my executor herein after named to make sale of all my personal property & collect all moneys due to my estate & after first paying my funeral expenses & just debts I desire that he shall distribute the residue to my legal heirs in such a way as to make them all equal.

That is to say, that all my heirs shall come into "kitch pots" & those who have had advancements made to them during my life time shall not receive anything until the others are made equal with them.

Item 2nd

I desire that my lands be divided into three parts. That is to say, the Mill-house, stable and garden to constitute one part. The old residence & all the land lying north of the Creek to constitute another part. And the land lying next to Minn's with the field lying south of the Creek to constitute the third part.

If my heirs can agree among themselves as to the price of the land, I should prefer that some of them should buy the lands & let the proceeds of the sale be divided among them in the way that I have herein before directed my personal property to be distributed.

But if they cannot agree among themselves as to the sale & purchase, then I desire my executor herein after mentioned to make sale of the lands & distribute the proceeds as above directed.

Item 3rd

I have agreed to make a deed to James H. Boswell of a piece of Mountain land, lying adjacent to his lands, on condition that he would cover my house, a part of the work has been completed & when he completes the whole, if I shall not have made him a deed, I desire my executor to execute a deed to
