STAUNTON ACADEMY.

The next session of this institution will commence on the 15th of October, and terminate on the 1st of July next ensuing.

The trustees take great pleasure in an-nouncing to the public that they have made arrangements which they hope will enable this institution to enter into successful competition with any similar school in the State.

The mathematical department will be under the control of Mr. LYTTLETON WADDELL, whose ability as a teacher and high character as a gentleman are well known to the public.

The classical department will be under the charge of Mr. HENRY JOHNSON, an English gentleman, who has recently been appointed to that professorship.

Mr. Johnson is a stranger in our county but he brings with him from England and from the different parts of the Union in which he has resided, the highest testimonials of his character and capacity as a teacher .-

worthy of the purpose to which it is to be dedicated.

New regulations have also been adopted for the government of the school, which will ensure constant supervision of the trustees, and tend to establish a mild yet decided system of discipline among the scholars, appealing rather to the pride and sense of pro-priety of the pupils than to their fear of cor-poral punishment.

All the various branches usually taught in Academies will be subjects of instruction in Academies will be subjects of instruction in this institution, and particular attention will be given to the French language, which Mr. Johnson speaks and writes with great fluency

The trustees feel great confidence in re-ommending this institution to the public, and they pledge themselves to use all proper exertions to render it worthy of the patronage and support of an enlightened community.-It will be peculiarly adapted for the purpos of a preparatory school for the University and Washington College, and the sessions will be made to conform to the sessions of those Institutions.

The geographical location of Staunton gives it peculiar advantages for an Academy. It is situated in a healthy and populous region of country near the centre of the State, and readily accessible by various lines of sta-ges from all quarters. These circumstances, together with the cheapness of boarding, would seem to recommend it in an especial manner to gentlemen in Eastern Virginia who wish to send their sons from home.

The terms of tuition are for the Language and Mathematics at the rate of \$30 for the session of ten months, and for other branches \$20 per session. JOHN H. PEYTON,

B. G. BALDWIN, SAMUEL CLARKE, JAMES CRAWFORD, JOHN C. SOWERS, WILLIAM KINNEY, THOMAS J. MICHIE, A. H. H. STUART, KENTON HARPER, E. BERKELEY.

THE YEOMAN.

UNDER this title, the undersigned proposes to publish a WEEKLY JOURNAL until the close of the Presidential Election, on a a plan and ata price which will place it within the reach of a large portion of the community who do not now take a respectively.

munity who do not now take a nawspaper.

The design of the publication is to present facts and arguments bearing upon the prominent questions at issue between the two reat parties of the country, and to embody hese in a concise, simple, yet comprehensive form. In the preparation of matter for this journal, the publisher expects to be aided by the best talents in the State; and it is his purpose to appeal to the reason and calm

udgmen tof men, and not to their passions.
Believing that a majority of the people are essentially honest in their intentions, and that they only err when misled by false informa-tion, it will be a main feature in the YEOMAN to spread before them such papers as can be sustained by indisputable proo from the documentary history of the countryand by facts which carry upon their face the evidences of truth.

The Whig party of Virginia now have eve ry just motive for union, energy and zeal in the struggle before them; and the glorious example of New York will stimulate them to honorable and unceasing efforts in a cause which they believe to be identified with the dearest interests of the country. TERMS.

The YEOMAN will be issued weekly, on a sheet of suitable size, at the extraordinary low price of One Dollar and Twenty-five cents for nine months; but to justify this cheap rate, not less than 6000 copies must be issued.

This will require only from fifty to one hundred Dollars from each county in the State—a sum which the Committees of Vigilance will find but little difficulty in raising.

Five dollars will pay for four copies; but persons paying for from 20 to 100 copies in ADVANCE, will be furnished at One Dollar per

The attention of the County Committees is respectfully invited to the subject, as immediate action is necessary.

THESE Pills are no longer among those of doubtful utility. They have passed away from the hundreds that are daily launched upon the tide of experiment, and now stand before the public as high in reputation, and as extensively employed in all parts of the United States, the Canadas, Texas, Mexico, and the West Indies, as any medicine that has ever been prepared for the relief of suffering man. They have been introduced wherever it was found possible to carry them. ever it was found possible to carry them; and there are but few towns that do not contain some remarkable evidences of their good effects. The certificates that have been presented to the proprietor exceed twenty thousand! upwards of five hundred of which are from regular practising physicians, who are the most competent judges of their merits.

Often have the cures performed by this medicine been the subject of editorial comment,

in various newspapers and journals; and it may with truth be asserted, that no medicine of the kind has ever received testimonials of greater value than are attached to this.
