The Rev. Mr. Cunningham has resigned the office of pastor of the Presbyterian Church in this place, to the deep regret of a large portion of his congregation, who were devotedly attached to him—and deservedly so; for we have never known a more pious clergyman or a more estimable man. Wherever fortune may cast his lot, he has our best wishes for his prosperity and happiness. —*Lexington Gazette.*

The British Quarrel with the Chinese.—The following forcible and just remarks on this subject are from the N. Y. American:

"This quarrel seems to us to reflect upon the Christianity and Civilization of Great Britain. Because the government of a nation, semi-barbarous, as they are deemed by our race, refuses to permit the introduction and circulation among the people of drugs fatal to morals as to health, and after repeated attempts at arresting the traffic, finally and summarily seizes upon and confiscates the whole of the forbidden article, with circumstances of indignity towards the British factor and factories—is there cause of national quarrel?"

Great Britain makes no scruple, on her part, of dealing very summarily with smugglers; confiscating their goods when caught and imprisoning their persons, and that without reference to the flag under which they may be sailing. The trade, in opium, of the British, was no more than a smuggling trade, and the Chinese have dealt with those engaged in it more leniently than the British in like circumstances would deal with Chinese or American or French smugglers of tobacco, or other products—prohibited or subject to heavy duty.

Then, again, the conduct of Captain Elliot, in his frigate, firing upon the multitudinous Chinese junk that attempted to impede his departure from the dominions of their master, and destroying several hundred lives, strikes us as little better than a wanton massacre.

The resistance that could have been offered by these vessels, as the result proved, was not worth a moment's consideration; and to display towards them, therefore, and at such a shocking sacrifice of human life, the vast superiority of an English war ship, was most unjustifiable.

The interruption or loss of so valuable a trade as that with China, is indeed a serious matter to Great Britain; but the acts of her subjects brought about the result. They persisted, in defiance of laws and edicts, and by means of corruption lavished upon the Chinese subordinates, in carrying on an illicit traffic—until national patience or national pride could brook no longer the open contravention of the laws of the country. Then, when force was applied to cut up, what edicts and ordinances could not check, we hear from the original wrongdoers the complaint of oppression and wrong.

An arrival at New Orleans from Matamoros brings accounts to the 25th of February. Little, however, has transpired as to the movements of the Mexican troops. The garrison at Matamoros has been reinforced, and then consisted of about 2,000 men. Nothing is mentioned about the advance of the other troops which were said to be on their march from the interior of Mexico to attack Texas.

JOHN HAGAN. March 26.—3t

Dr. Jayne's Expectorant.

This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for ASTHMA, COUGH, SPITTING OF BLOOD, HOOPING-COUGH, CROUP OR HIVES, COMSUMPTION, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, difficulty of Breathing, and every other DISEASE OF THE LUNGS AND BREAST, can do so attest to its usefulness. "Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease (BRONCHITIS) are COUGH, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, ASTHMA, HECTIC FEVER, a spitting up of Phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the COUGH, PAIN, INFLAMMATION, Fever and Difficulty of Breathing, and produces a free and easy Expectorant, and a cure is soon effected.

It always cures ASTHMA—two or three large doses will cure the CROUP OR HIVES of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of HOOPING COUGH, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "CONSUMPTION," have been restored to perfect health by it.

REV. JOHNATHAN GOING, D. D. PRESIDENT OF GRANVILLE COLLEGE, Ohio, says:—"He was laboring under a severe COLD, COUGH AND HOARSENESS, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Delks, of Salem, N. J., was cured of Asthma, of twenty years' standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption, was perfectly restored by three bottles. Dr. Hamilton, of St. James, South Carolina, was greatly affected with a cough, hoarseness, and soreness of the lungs, and on using a bottle of this medicine, found relief.

The following certificate is from a practicing Physician, and a much respected Clergyman of the Methodist Society, dated Modest Town, Va., August 27, 1838.

Dr. JAYNE.—Dear Sir:—I have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of COLDs, COUGHS, INFLAMMATION OF THE LUNGS, CONSUMPTION, ASTHMA, pains and weakness of the breast, is decidedly the best medicine I have ever tried. Very respectfully,

R. W. WILLIAMS, M. D. From the Rev. Dr. Babcock, late President of Waterville College, Maine.

"From intimate personal acquaintance with Dr. D. Jayne, a regular student of the Medical University of Pennsylvania, and an experienced, successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are extensively catalogued. On trial of them in my own family, and some of them personally, I have more than realized their favourable anticipations. They are what they profess to be; not quack nostrums; but skillfully prepared antidotes for some of the most afflictive of human diseases. I know that they are highly esteemed and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe, as well as eminently useful remedy for the diseased."

RUFUS BABCOCK, Jr. D. D. Philadelphia, 7th June, 1838.

Numerous other certificates might be added, but the above are considered sufficient evidence of its great usefulness.

Prepared only by Dr. D. Jayne, No. 20 South Third street, Philadelphia. Price \$1. Where also may be had JAYNE'S CARMINATIVE BALM, for the cure of BOWEL COMPLAINTS, &c. TONIC VERMIFUGE, for the removal of WORMS, &c. SENSITIVE PILLS, for DYSPEPSIA, LIVER COMPLAINTS, and FEMALE DISEASES, &c. Also, Jayne's Hair Tonic, for the removal of BALDNESS and preservation of the Hair.

Sold also by Jas. F. Patterson, Staunton, James Winston & Co. Louisa C. House. March 26, 1840—1y

It is a highly valuable grazing farm with extensive improvements on it—but a particular description of the property is deemed unnecessary, as bidders will examine it for themselves.

The title is believed to be unquestionable, but as Trustee I will convey such only as is vested in me by the aforesaid deed.

ATTENTION BALD HEADS. NO APOLOGY FOR WIGS. Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to JAYNE'S HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch. PHILADELPHIA, May 10, 1838.

Dr. Jayne.—Dear Sir:—I feel that I can hardly say enough to you in favor of the Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours, S. S. FITCH. No. 172 Chestnut street. Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of head, has had it completely restored by the use of this TONIC. Two Officers of the American Navy had good heads of hair restored to them by using five bottles each of this HAIR TONIC, one of them was over sixty years of age. Four gentlemen connected with the Public Press in Philadelphia have also had their baldness removed by using this remedy. The Rev. Mr. PARKER, PASTOR of the PRESBYTERIAN Church in Delaware County, Pa. who was completely bald over all the top of his head, and was, also become considerably grey, has used only two bottles of this TONIC, and has not only a luxuriant growth of new hair upon his head, but all the GRAY HAIRS have disappeared, and their places have been supplied by healthy hair, of a natural colour. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, NO EXCUSE FOR A BALD HEAD.

Prepared only by Dr. D. JAYNE, sole proprietor, No. 20 South Third Street, Philadelphia. Price 1,00 a bottle. Sold also, by J. F. PATTERSON, Staunton. March 26, 1840—1y
