due from the Guardian to the Ward on the 31st day of December 1826 the sum of \$1046.35⁴⁴ part thereof to bear interest from that day. Pursuant to an Order of the County Court of Brunswick - I have proceeded (after several meetings with the parties) to settle and state the accounts of John Myke's guardians of P.M. High as in the preceding pages, from which it appears there is a balance due from the Guardian to the Ward on the 31st day of December 1826 of one thousand four hundred and eighty eight dollars & 86 cents - the sum of \$1046.35⁴⁴ part thereof to carry interest from that date. In the adjustment of their accounts I have rejected several charges of debits and reduced others as made by the Guardian, the following are the principal ones so rejected or reduced. First a charge extravagant if from three to ten dollars for boarding the Ward negroes at Holidays, which to your Commissioner appeared to be an improper charge. Second a charge of Commissions both on moneys expended and collected - your Commissioner allowed a Commission of 6 percent on all moneys received by the Guardian as compensation for trouble &c. Third a charge of twenty five dollars for going to Amelia County after a negro belonging to his ward, I have reduced to ten Dollars. Fourth a charge of twenty dollars for blankets & clothes furnished negro extra (when their clothing was turned up) has been reduced to ten Dollars. Fifth a charge of \$24.43 for old arrearages of land tax has been rejected because no acct was produced for the payment nor any evidence that such arrearages were due. Sixth a charge of acct paid J.M. Kraus \$60 in the year 1819 of \$12.14 another acct of \$38.09⁸ in 1820 - and an acct to James Myke of \$19.64⁸ in 1822 have all been rejected because no acct or rec^d was produced. And seventh a charge of \$110 in 1818 for board clothing & sundries - a like charge of \$130 in 1819 - \$130 in 1820 - \$160 in 1821 and \$85 for half the year 1822 have each been reduced to one hundred dollars & annuities. The fact of the Guardians rendering no account of the articles of clothing furnished, in connection with the Affidavit of A. V. Simpson heretofore filed, are the reasons with your Commissioner for reducing those charges as above. I have allowed several charges made by the Guardian which he produced no acct for the payment, to wit for board in 1816 \$17 & half the year in 1819 when his ward died not board with him. I have allowed these charges presuming from the length of time elapsed they must have been paid, but should the persons furnishing such necessaries for the Ward (as have been allowed for this acct as paid for by the Guardian), hereafter recover at Law of the Ward for such necessaries, he requires me to state to the Court that he considers the acct of this acct as not forthcoming & that

from a remedy against his Guardian for the same - it may also be proper to remark that the charge against the Guardian of \$134.18 in the year 1826 is the balance (now claimed of the Court) of a judgment obtained some years past by the Agent of Isaac Nickols against the said John Mycke Agent of Daniel Rife dec'd the father of the said Peter W Rife - the full amt of said judgment having been allowed to the said Mycke in his account of administration on said Daniel Rife's Estate when in fact it had not been paid by him - this last charge was made by consent of parties, all which is respectfully submitted to the Court -

Agreeable to the annexed Order of Court, I have settled and adjusted the account of Edgar Nelson Guardian of Mary Ann Kneeshaw and find a balance due her of fifty nine dollars and eight cents to carry interest from the 15th day February last, the items were settled as I conceive to be necessary and reasonable and supported mostly by proper vouchers and further supported by the oath of Abner Nelson as to the moneys paid away.

I have made up the within account after an attentive exam-
ination of the accounts reported by Master Commissioner Mathews
The receipts there taken by M^r Ingram, and the evidence brought
before me. M^r Ingram appears to have failed in his promise

proof to establish the justice and validity of his several objections to M^c Mathews report. M^r Mathews M^r Mordecai who is now believed to be of age is understood as not wishing his former Guardian to be charged for the rent of lands occupied by David Mordecai further than said David may have paid the Guardian for rent. The claim set up before Master Commissioner Mathews for rent as paid by David Mordecai was made to rebut M^r Eugene's charge & his ward for board when the Ward understood from Ingram he was not to be charged and really thought his services to M^r Eugene were an ample compensation for his board. On examination it will be found M^r Eugene is charged with no more than it appears he has received. The induces of Hall, Preston & Walker (as their affidavits) have induced me to reduce considerably the sums allowed by M^c Mathews for board. The balance of fifty two Dollars and one cent with interest from 1 January 1837 till paid as stated within eight, I think and well I believe be satisfactory to both parties. This belief is founded on the evidence and my understanding of the parties in their several interviews with me on the subject.

Agreeable to the annual Order of Court, I have examined, stated and settled the Account current of Thomas Overby Guardian for Caroline Lucy, and find a balance of twenty eight dollars and forty nine Cts due from the Guardian to the Ward with interest on \$92.55 @ 6% a part thereof from the first day of January last till paid. It seems from the representations of Samuel H. Lucy who attended for Mr Thomas Overby, that the several sums of \$25. \$12. \$15 charged on the 1st of January 1829, 1830 & 1831 and not extended, were not to be extended as a Debt against the Ward, that M^{rs} Lucy had agreed to take the negroes and hire thereof and rent of land for the board, clothing and tuition of said Caroline annually, until the last year. - I consider that last a reasonable charge -

	Amount due 11 th April 1832 on the principles of 3 ^d			\$1094.99
	Shewn in accompanying report			

From a receipt given Mary Addingsfield by Benjamin Montgomery it appears that on the 11th of October 1813 he as Guardian of her Children received one hundred and nineteen pounds in full of Joseph Cooks Estate Equal in dollars to - $\$36.68\frac{2}{3}$

The Interest on which came to 11th April 1832 $\$440.30\frac{1}{2}$

Deduct 1 years interest instead of or as Commissions $23.30\frac{1}{2}$ $\$416.50$

Making at Simple interest due from the Guardian to $\$873.16\frac{2}{3}$ his loan on 11th April 1832 the sum of $\$416.50$

- See Statement No 1 -

But the words Claim, that the interest annually accruing should have been added to the principal or put out on interest - That the Guardian having failed to make his returns to Court as the Law requires should not deprive them of the full benefit of having the interest annually converted into principal - and that Commissions ^{might} not to be allowed in consequence of his failing to make the returns - Should the Court sustain the views of the wards there will then be due them on the 11th day of April next the sum of $\$1166.18\frac{1}{2}$

- See Statement No 2 -

It seems however to the Comptroller of the Court but reasonable that the Guardian should be allowed Commissions on the interest annually accruing if he is bound to put that interest out on interest - Should the Court be of the same opinion, then it will be found that the Estate of the Guardian will owe the wards on the 11th day of April next the sum of $\$1094.99\frac{1}{2}$

- See Statement No 3 -

The Administrator of Benjamin Montgomery requires it to be specially stated to the Court that he has not found on the Books or among the papers of his intestate any account or memoranda respecting the

Guardianship: And that the length of time which elapsed between the arrival at full age of the sons and the death of their Guardian and father, created such a strong presumption of his having paid them in his life time, that the Administration did not feel justified in paying the money to the children without a Judgment of the Court first had and obtained for that purpose. All of which is respectfully submitted -

Pennsylvan County Court May 28th 1832

This Account of Benjamin Montgomery ac^d as Guardian to his Children, heretofore returned into Court & continued for exceptions was this day argued and thereupon the Court doth adopt the account as reported according to Statement No. 1. in which simple interest is allowed instead of Compound, and the Court also allowed the said Guardians to retain the amount in his hands one year in lieu of his Commissions. Whereupon the Court ordered the said account to be recorded -
