In obedience to an order of the County Court of Bienville to me directed, I have examined, audited and settled the account of Edward J. Brodman Gen of the Orphans of Alex Brodman acct to wit: Wm E. Sall J and Alex J Brodman - and by reference to the within account it will be seen that on the 31st day of Dec. 1825. there will be due from said Gen to his ward William E Brodman the sum of \$4485. 38 with int from the said 31st day of Dec. 1825 till paid. This result is found by auditing the whole of the transactions of the Gen from the time of his qualifying, including the imperfect acct returned to the County Court by Commissioners Harris and Jones - That was imperfect in this, that it merely showed the debts of, the wards and credits due them, without taking balances between the Gen and his ward - The within account has taken ~~the~~ notice of all claims both in favor of, and those against the wards; ^{in other words} and to make it plainer, this Gen acct has been made up upon the transactions of the said Gen as if the others had never been taken and returned - The Court will perceive that the above balance of \$4485. 38 is the balance of money due the ward aforesaid left after investing the following assets, which have been charged against the receipts in this account of the money derived to the ward from the several estates of their father Alexander Brodman, their mother Rebecca A Brodman and their Uncle John A Wilkins J^r died and paid - as will be seen by reference to the within acct by Edmund Wilkins ex^r &c. Your Commissioner has not in this account charged the Gen with any int. on the balance, because the Gen has invested all the money

Commissioners Office 31st Dec^r 1845

In pursuance of an order of the County Court of Brunswick to me directed, I have examined, stated and settled the account of Edward J. Brodnax Gen^l of William & Brodnax Alexander J. Brodnax and Sally J. Brodnax Orphans of Alexander Brodnax dec^d and by reference to the within account, the Court will perceive that on the 31st day of Dec^r 1845 there will be due to Edward J. Brodnax Gen^l from his ward Sally J. Brodnax the sum of \$1028.33 with int^r from the said 31st day of Dec^r 1845 till paid. This result is found by carefully auditing the whole of the transactions of the Gen^l from the time of his qualifying, including the imperfect account returned to the County Court by Commrs Harris & Jones. That account was imperfect in this that it merely shows the debts due from the ward and the credits due to them without taking balance between the Gen^l & his wards. The within account has taken notice of all the items both in favor of & those against the wards in other words & to make it plainer, this Gen^l account has been made upon the transactions of the said Gen^l as if the other had never been taken and returned - The Court will perceive that this ward is indebted to her Gen^l on account of money advanced by him for her, there being nothing left in his hands as Gen^l which he could use for her education and support, after receiving under the directions in Alex Brodnaxs will the sum of \$843.22 and thirteen hundred & sixty dollars (\$1360) in rail road bonds guaranteed by the State of North Carolina and State bonds of North Carolina, on her acc^t which bonds are now held by the Gen^l the semiannual int^r on which will be applied to her education and support, together with the interest accruing from the funds held by him as trustee for said ward under the will of her mother Rebecca A. Brodnax dec^d which funds have not been noticed in this account they being held by him, not as Gen^l, but as trustee under the appointment of the County Court of Brunswick. The Court will perceive from the within account that the negroes belonging to Sally J. Brodnax have not yielded any profit to her, but on the contrary, for the year 1844 the Gen^l had to pay to her brothers, Wm. E. & Alex J. Brodnax the sum of \$67.33 and of extensive negroes over those who were worth a hire, as per estimate of J. H. Harris and Robert R. Jones exhibited by the Gen^l before the Commrs. The above is a special statement deemed pertinent by your Commissioners, all of which is respectfully submitted to the worshipful the County Court of Brunswick

This amount is not charged in Decr 1837 because the Gov has adopted a very rigorous rule towards himself of charging the hire as rec'd at the end of each year. The usual course is to allow six months to collect & disburse. For this rule, I have allowed commissions on the gross amount of hires - without deducting amt paid for keeping expensive ones (Comr).

Commissioners Office

Lawrenceville Sept 1845

The undersigned Commissioners begin the taking of the within account in the fall of 1841; but owing to the fact that some of the parties interested removed from the County of Brunswick, the account could not be satisfactorily closed until now. The facts have to submit the following report.

Pages 43, 44, 45, & 46 of this account show the balance due from William Kirby, Guardian & to his several wards. The several balances being there recapitulated, and other charges introduced. The balance of \$123.40 due to J. B. Rice on 25 Dec: 1841 (who departed this life under age, unmarried & without issue) is here divided among the surviving brother & sister (Mr Rice having for a nominal consideration released to them his interest in his estate) and the amount paid by Mr Kirby for two slaves Pindly & Ruffin, are also brought into the account and divided according to the rights of the parties. Pompey, being due to James Mary & Hannah. Ruffin was one of the lower slaves. Mr Rice paid the interest upon this sum for which he sold and took 25 Sept. and then shared to her children. This amount is therefore divided among all four children. That these amounts are accurately charged may be seen by reference to William Kirby's deed of trust to J. B. Jones and W. S. Buford trustees &c.

It would strictly speaking have been proper to charge these sums at the time recd. but the Gen had charged no commissions on them, and the Comprehending of the interest would not be equal to the commissions. The charges of the Gen are reasonable and well supported by proper vouchers.

This account shows a balance of \$136.61 due W. S. Buford and wife on Sept 25 1840, with int. from that day; to John R. Jones and Mary his wife a balance of \$3104.75 principal & \$181.51 int. due on the 25 Sept. 1840 with int. on principal from that day. To James, L. Rice a balance of \$3944.94 principal and \$137.15 int. due 25 Dec: 1841, with int. on principal from that day, and to Hannah F. Rice a balance of \$4968.57 cents principal, and \$319.11 interest, with int. from that day on the principal. The Commissioners is informed that the Gen Wm Kirby handed over to J. B. Jones the present Guardian of James & Hannah Rice, a part of the bond due for the heirs of 1841 for the amount of such bond the said Kirby will be entitled to a credit. All of which is respectfully submitted
