In the name of God amen, I George William Hunt Winge of the County of Charles City, and State of Virginia, being weak in body, but of sound mind and memory, do make and publish this my last will and Testament in manner and form following - Revoking all others heretofore made by me - In witness whereof I commend my soul to God, and request that my body be decently interred, as near as convenient, to that dearly beloved partner who has gone before me. Here I desire that my executors hereafter named will without delay settle and pay off all my just debts, to do which, it is my wish, that if in their opinion the whole of the profits arising from my estate in North Carolina, and one half of the profits of that in this County together with my Carriages, and Horses, and Mares and Bolls that may be spared from the two places is sufficient to discharge all my debts in due time, according to the wishes of my Creditors (after paying the necessary charges of boarding and educating my Children) that then, and in that case they proceed to sell off so much of my other personal property (except house hold and Kitchen furniture) as to them may seem sufficient - taking care to so proportion the sales from each of my plantations, as that the amount arising from the sales of each, may be nearly as convenient equal - Then my executors, after paying my just debts are at liberty, should they prefer it, to lease out my lands in North Carolina until my Son David reach the age of twenty one years, and should they prefer it, to superintending the cultivation of the Plantations themselves, my hope is, - that in wording the lease, they will particularly attend to the cultivation of the high, and low grounds, the sowing of crops, the time of rest to each field the land which may be cleared, and that which may not - the quantity of corn and fodder to be left at the expiration of the lease, the number and Value of plough horses work oxen, cattle and hogs, and plantation utensils of every kind, and above all the treatment of the
