We the undersigned Commissioners appointed by the County Court of Cumberland to receive, examine state & settle the account of Charles Woodson's Executorial account of the Estate of William Powell deceased have caused him to lay the same before us, & have examined & stated the same as follows set forth leaving a balance in his hands on the 21st October 1806 of principle money £529. 0. 2 for the purpose of settling his Executors account as being corrected with his account as guardian of the Children of the said decedent we have stated the whole amount of sales and assets as being in hand on the said 21st October 1806 which not being the fact as to certain sums we have calculated the interest on those sums so that by debiting the Executor with Interest when the money was received before, and crediting him by an equivalent in Interest when it was paid or payable after that day we have ascertained the sum which should be considered in his hands on that day to be transferred to the Credit of his said wards in his Guardian account. We have also corrected the account heretofore reported as of the 15th of June 1807, by crediting the Estate in this account for various sums to wit for £28. 16. - £4. 16. 7 and £3. 17. 7 to the amount of £37. 10. 2 improperly debited in that account and crediting the same to the Executor in his guardian account to which they properly belonged.
