In pursuance of so much of an order of the County
court of Cumberland June 1816. as directs us to settle
the accounts of the administration of the estate of John Stanton
deceased. We have examined the accounts of the administration
and find them to have been irregularly kept & rendered
that many items therein appear to be deficient as to
vouchers to support them & otherwise objectionable. But as
it appears to us that the estate has been judiciously
managed for the benefit of the children we submit the
account as reported by the commissioners with some corrections
which appear in the continuation of the account herewith
annexed, by which a balance of Twenty pounds fifteen
shillings & nine pence three farthings appears to be due to
the estate. We have made no allowance to the administration
of commissions but beg leave to submit that matter to the
consideration of the court.
