Inventory and Appraisement of the Estate of Wm. Patton

Use the undersigned being chosen as referees to determine
a controversy between William Brown and John Brown
concerning a piece or parcel of land lying at the
upper end of the farm where the said William Brown
now lives. We do agree and award that a marked line
beginning on the creek at two small white oaks running
over the ridge and with the upper fence of said
Brown's farm to a white oak near the wagon
road be the dividing line between the parties that
the said Brown holds and owns the land below the
said line and the said Stenders on is to have
land above the said line given under and to
29th Sept 1893.
