After closing the foregoing account I was informed there was an outstanding debt against the estate of \$80. to pay which and adjust the account finally it will be necessary to deduct the sum of \$26.65<sup>7</sup> from the bal. due the widow, the sum of \$6.64<sup>90</sup> found each of the distributees accounts to whom balance is due & paid that sum to the account of those it stands. I deem it unnecessary to relate the account as the price will be simple & easy upon a final adjustment by the administrator with the heirs.
