Robert Peasants's Will

Robert Peasants son of John of Charles in Hennico County and State of Virginia taking into consideration the uncertainty of time in this world, think it right to settle my outward affairs in the best manner I can as well in the distribution of what the kind providence hath been pleased to bestow on me as to prevent any disputes after my death do make and Carven this present Writing contained on two Sheets of paper and subscribed with my own hand to be my last Will and Testament revoking all other Wills by me heretofore made. From a full Conviction that Slavery is an evil of great Magnitude and no less repugnant to the Divine Command by doing to others as we would they should do unto us than it is inconsistent with the true interest and prosperity of my Country I do Confess freedom to all the Negroes that by Law stand as property in by a Decree of Emancipation bearing date the first of the 8th Month 1782 duly acknowledged and admitted to record in the Clerk's Office of Hennico County three boys excepted named Moses Nat and James who at that time lived with their mothers in Goochlands County and were forgotten but have since been emancipated but as it is still necessary that those who are ancient and incapable of getting a living (being over forty five years of age at the time of Emancipation) should be supported I now desire and direct it to be done and that the young ones may have learning sufficient to enable them to transact the common affairs of life for that purpose I have had a Schoolhouse built on my land called Gravelly fields tract containing by estimation 350 Acres the use and profits whereof I give for that purpose forever or so long as the Monthly meeting of Friends in this County may think it necessary for the benefit of the Children and descendants of those who have been emancipated by me or other black Children whom they may think proper to admit reserving only to my Heirs hereafter named the privilege of cutting Timber occasionally for building, of which there appears to be more than perhaps may ever be necessary for the use of the School and the Tenants who are now on it, or hereafter may settle thereon and reserving also a privilege for my old Servant Philip and his Wife Dory to settle on and occupy such part thereof as they may choose (not interfering with the School) during their natural lives, they not committing Waste or taking others to Work the Land under Colour of this Gift except it should be necessary for their support reserving

also

also to the Roman Office, Sarah, Betsy and Eliza, to continue or live on it and free during their
natural lives on the same conditions or restrictions expressed in my grant to Philip and
Betsy and I further direct that in case those of my Heirs who may claim a right to
the services of the young Blacks under this Will should neglect or refuse to give them
learning either at the above mentioned School or by some other way or means I hereby
declare them free one year before their time of servitude expires and to be sent to School
at the expense of my Estate for that time. And Whereas a suit was instituted several
years ago in my name as the Heir at Law of my Father and only acting executor
to him and my Brother Jonathan Pleasants for the relief of a Number of Negroes
by them decreed to be free at a certain age, but being fully held in Bondage which suit
was lately determined in their favor but considering that many of them may have
been brought up in ignorance and may need the care advice and guidance of persons
I do request my beloved friends to be nominated Executors by this Will to extend such
care towards them as the nature of the case may call for or require.

Item I give and bequeath unto the Widow and Children of my first man Benja-
min Pleasants the sum of £100 as a consideration for his faithful services
whilst with me Twenty pounds Current money to be equally divided between them
Item I give unto my old servant Philip Gardner Three pounds for the purpose of building
him a House at Gravelly hills should he choose to live on that Land as above mentioned
also giving him a Cow and Pigs. Item I give and bequeath unto Robert Pleasants
son of my Brother Samuel Pleasants of Rockland County Ten Acres of Land which I
hold under the Will of my Brother Jonathan Pleasants as a Gift at the Middle
Road in New York and that County to him the said Robert and his Heirs forever
but in case he should depart this life under age leaving no lawful issue then and
in that case I give the said ten Acres of Land to his Brother Samuel Pleasants
and his Heirs forever. And Whereas I some years ago gave unto my Daughter
Margaret then Wife of Thomas Pleasants a tract of Land lying on the banks
of the River Second Creek containing by estimation 300 Acres formerly purchased of
John Brackett and William Threlkeld with an entry surveyed in my own name, but
as in said papers to have been executed and the being lately deceased without issue
I suppose the rights still in me I therefore in that case give the said 300 Acres of
Land unto my two Grand Daughters Eliza and Mary Pleasants and their Heirs
forever to be equally divided between them. And inasmuch as I also gave unto
my son Robert Pleasants 300 Acres of Land called Tilmans which he held but it not
appearing that any Deeds on record and he my said son being also removed
by death and there being two of his Daughters now living viz the above mentioned
Eliza and Mary I am desirous of doing what is right in the division of Land between
them in the most beneficial and convenient manner as my only remaining descendants
and as a division of the said 300 Acres might be likely to render it of less value
I wish to engage them to confirm the division I am now about to make that is to
say I give and bequeath unto my Grand Daughter Eliza Pleasants on her
attaining to lawful age, or being married with the approbation of my executors
the same parcel of Land now lying containing by estimation 320 Acres more or less and also
18 Acres formerly purchased by my Father of John Knibb in what is called the
great Patch to her the said Eliza and her Heirs forever but on Condition that she
relinquish unto her Sister Mary all her right Interest or claim to 300 Acres formerly
given to her Father as aforesaid and also the 50 Acres of Land one four mile tract
bought of John Kentuck of the State of New York to be conveyed by good and sufficient
Deed but if the said Eliza on her attaining to lawful age should refuse to convey her
right to her said Sister in the 300 Acres called Tilmans and the 50 Acres called
Kentucks parcel then and in that case I give unto my Grand Daughter Mary
the 450 Acres above mentioned and intended for Eliza to her the said Mary and
her Heirs forever. I also give unto my said Grand Daughter Eliza Pleasants the right
privilege to cut Timber for building from off the Gravelly hills tract intended to be left
for the use and support of a free school, but if it should be thought best by the Monthly

meeting

making at any time hereafter to discontinue the School then and in that case I give the said 850 Acres of Land to be equally divided between my said Grand Daughters Eliza and Mary and their Heirs forever. Item I give and bequeath unto my grand daughter Mary Pleasant my Land near four mile Creek (then containing by estimation 130 Acres (fifty Acres of which being formerly purchased by my Father from Benjamin Ketcher and the other 100 Acres by myself from John Randolph & John Holmes) as it more or less and also the 300 Acres Called Solomon's adjoining the same whereon his father lived together with the 50 Acres Called Hattocks as above expressed as a diversion between her and her Sister Eliza to her my said Grand daughter Mary and her Heirs forever. I also give unto the said Mary a right to cut Timber for building from off the Gravelly hills tract as aforesaid. But if it should be the Will of God that neither of my Grand Daughters should attain to lawful age leaving no Child lawfully begotten then and in that case I give the plantation whereon I now live in Cutes River to Eliza, to Robert Pleasant's son of my Nephew Samuel Pleasant of Newhater to him and his Heirs forever and in case of his death in his minority without lawful issue to his Brother Samuel Pleasant and his Heirs forever. And my other Lands near four mile Creek given as above to Mary and held for 150 Acres together with the 130 Acres adjoining the same Called Knolls I give and bequeath unto my Nephew Robert Pleasant son of my Brother Samuel Pleasant of Philadelphia to him and his Heirs forever. Provided always and it is hereby made and express Condition that both the said Robert Pleasant one of the Society of Friends Called Quakers holding no Slaves and will live on the premises but in default of all or either of these Conditions it is my Will and desire and I hereby give the Lands mentioned in the foregoing bequests in trust to my Executors herein after named (in whom I have full Confidence) for the uses of such other sons of my said Brother Samuel Pleasant and Nephew Samuel Pleasant junior as may be qualified to hold these Lands on the terms before mentioned and to convey the same by good and sufficient Deeds which I hereby ratify and confirm. Item in consideration of the care and attention of my Friend Sarah Vaughan as well to my Grand Children as household affairs I give and bequeath to her the said Sarah One hundred pounds Current money of a further Bed and furniture the said Mary I usually ride with her Cattle Called Minors and a Cow and Calf and should she continue single and if it be approved of by my Executors that she continue her care of the Children and finally I desire she may be supported in keeping up the House for their accommodation and the entertainment of travelling Friends until my Grand daughter may arrive to lawful age or married as aforesaid and then should it not be agreeable or convenient to continue in the Family I give her the use and profits of the dwelling and other Houses at four mile Creek the store house and dwelling near the River excepted) together with 50 Acres of Land so long as she may remain single. Item I give unto my Nephew Samuel Pleasant the Debt that may appear due to me on his Bond for £343.19s.1d. dated the 27th August 1787 and desire it may be given up to him accordingly on his relinquishment or acquittance from any small Accounts or demands he may have in discount either on my own Account or that of my Father's Estate and engagement to pay the Children of his Sister Jane Pleasant One hundred pounds to be equally divided between them. Item I give to the use and direction of the Society for promoting the Abolition of Slavery of which I have been a member One hundred Dollars to be applied towards the prosecution of suits for the relief of that unhappy people wrongfully detained in Bondage and the instruction of those who are or may be liberated as the said Society may think proper to direct. I also give ten pounds per Annum to the use and direction of the Monthly Meeting of Friends in this County on and of the Rents and profits of the Lands at Gravelly hills for the support of the free school above mentioned for the instruction of black Children, to be applied as the said

meeting may dissent so long as the said School may be continued. I do further certify that and desire that the Graveyard at Charles meeting house may be kept up the expenses thereof to be paid out of my Estate. And Whereas I entered into a Mercantile Contract with my son Robert Pleasants and son in law Thomas Pleasants under the form of Robert Pleasants & Co. and direction andellan agreement of the said Thomas which commenced on the 9th month 1777 and was by mutual consent dissolved about the 9th month 1775 in which each partner held one third or equal shares but as it appears that the concern or business was attended with great loss so that the stock of the company is greatly deficient to pay the demands against it and being now the only surviving partner I have been under the necessity of selling several tracts of Land to enable me to pay the demands against the company which I am desirous to do close whereby I am greatly in advance without any prospect of ever being fully reimbursed for the shares held by the said Robert and Thomas altho a suit is now depending in the High Court of Chancery against Samuel Pleasants Executor of the said Thomas for his share of the said loss. For the purpose of paying these debts besides other lands I sold a tract to Roger Wright in Spencer Education County for £500 of which perhaps there may be still due about £250 the payment whereof is secured by a Deed of Trust to John Labary of Campbell County and Micajah Davis who sold about 400 acres of land in Campbell County containing by estimation 1050 Acres for £590 12 6th Philip & Williams Reel of which there is now due about £100 which two tracts of Land I held by Virtue of a Deed of partition between my Brother Samuel Pleasants of Philadelphia and myself (as surviving residuary Executors of our Father John Pleasants) bearing date the 30th of September 1776. I also sold to John Jordan a tract of Land on the upper side of four mile creek containing by measurement 300 3/4 Acres @ 30th p^{er} acre of which there is now due by Bonds with Benjamin in Hand securely about £200 but as no deed hath yet been executed for the last mentioned tract I hereby empower my executors to convey the same agreeably to my Contract. I may also mention that I purchased from the Estate of Sterling Thornton a tract of Land near Varona called Fairfield containing by estimation 240 Acres for which I paid John Pleasants the executor 103 300 & Tobacco at 23th p^{er} c^{ent} but to be surveyed and to pay or receive in proportion to any surplus or deficiency that may appear from the quantity above mentioned I also bought 20 acres adjoining thereto purchased by Thomas Thompson of Joseph Pearce deceased and by him sold to me for £50 as well as paid by him receipt for the money but no deed have been received for either and it appearing on examination of the record after I had made the purchase that no deeds could be found from Francis Pearce junior or Joseph Pearce to Sterling Thornton from whom I bought it a suit is now depending in the High Court of Chancery to compel the Heirs of the said Francis and Joseph Pearce to make a right which when accomplished if my Executors should believe it necessary or meet in the Interest of my Estate I hereby empower them to sell the whole 260 Acres and to convey the same by Deed in as full and ample a manner as myself could do. It may be also proper to mention that I am deposed as Executor of my Father and Brother Jonathan Pleasants and that although my Accounts of Administration of these Estates have not been returned to Court they are nearly ready for that purpose by which it will appear they are both fully administered, and I know of no demands now against either except that of Francis W. Pleasants for a balance he supposes to be due to his Wife from her Father's Estate which said said my Father made himself liable for and for which a suit is now depending against me as his executor in the High Court of Chancery but from the best of my knowledge or belief (as mentioned in my Answer to his Bill) it appears clear to me that his claim is an improper one. If however he should recover what he demands there is a Bond in my possession of Samuel Pleasants for £296 due to his grand Father's Estate to go in discount or payment for what may be so recovered which I have intended to have demanded payment of. I administered also on my son Robert's Estate and administered after the death of the Widow but as I am so largely in advance on his Account (as well as Thomas Pleasants) in respect of their disbursements on the

concerning the partnership of Robert Pleasants and Company as aforesaid and moreover have made such ample provision by this Will for my Grand Children: So that no exclusive Claim can reasonably made for any small balance that may remain in my hands of that Estate: And all the debts due from their Father and Mother are satisfied: I may also mention that Squintpaw as Guardian to the Children and it appearing that in consequence of a debt that had been constituted by their Mother for the recovery of Negroes formerly sold as Dower by Nicholas Davies (under a gift from her Father Thomas Randolph) was determined in favor of the Estate being I think seven in number. In consequence whereof and to prevent their being separated from their Families they have been placed under the Care of John Babney and hitherto have out for the benefit of the Estate but being fully convinced that freedom is the natural right of all descriptions of mankind, I have believed it not right for me to receive the Wages of unrighteousness and I therefore have requested my Friend William Davies of Lynnhury (the present agent) to allow the full benefit of their own labors on future reserving the present agent; to allow the full benefit of their own labors on future reserving only ten dollars from each of their earnings as a fund in case of disability in any of them to cover insufficient support which I trust my said Grand Children will not think their coming to age approve and Confer on further Acts of Emancipation, but the better to put it out of their power to make a demand on my Estate for Wages so justly given up to the people. It is my Will and I do accordingly direct that neither or both of my said Grand Daughters or their representative should so far forget me or my conduct as to demand Wages as given up to those people then and in that Case such one or both as demanding Wages do forfeit every part of the personal Estate they might otherwise be entitled to under this Will. I intended before a decree that my Family might be kept together if found convenient, in that case it may be necessary that suitable persons be employed to superintend this and the other plantations belonging to me and my sons Estate and to have the Care of the Family but if circumstances should render it improper in the Judgment of my Executors to keep up the house it may in that Case be proper to sell the freehold part of my land at the plantation on land; considering at the same time the great advantages of a proper Education of Children both in respect to Moral and Religious principles, as well as useful arts among men. I earnestly desire my Executors may be particularly careful to procure it for my Grand Children either by employing a suitable person to live in the Family or boarding them out at some proper place among Friends but if no such place or person can be had in this State perhaps it may be advisable to send them to the Boarding School in Pennsylvania under the Care of my Brother and Sister Samuel and Mary Pleasants of Philadelphia. Item I Give unto my Brother Samuel Pleasants and to my Sister Anne Atkinson and Dorothy Briggs each ten pounds as a token of my love and affection. Item I Give unto the Negro Woman Effie and my old servant five pounds current money. Item I Give unto each of my Executors hereafter named two hundred dollars as a Compensation for their trouble in acting under this Will. Whereas Robert Pleasants and Co of which Concern I am now the only surviving partner as mentioned above; were concerned in trade with Charles Woodson Junior of Cumberland County now破產 which business was carried on under the firm of Charles & Hookson & Co that Company unto which the said Robert Pleasants and Company were largely in advance and not being able to bring the said Charles Woodson to a settlement in his lifetime a Bill was filed in the High Court of Chancery to Compell a settlement of the accounts the nature of which is more fully set forth in the said Bill but the said having been long undetermined and it appearing from the State in which the Books have been kept by Charles Woodson that they were not likely soon

to be accurately adjusted and I being desirous to have the Burroughs proposals were made to Frederick Woodson who acts as well on behalf of John Woodson the executor as for Charles Woodson's children, with whom he is Guardian and a meeting was lately had with him to examine into the accounts the result of which was an agreement to compromise on terms then mutually stated and agreed to before William Hays and he was requested to make up a report in conformity thereto to be handed into the Court for official decree. Now it is my Will and I do hereby direct that my executor should confirm the said agreement of compromise as mutually stated before William Hays as aforesaid and have the same carried into effect. It is my request that my Friend Joseph Anthony accept of Forty pounds in Consideration of his Services in assisting me in settling the accounts of the Concern of Charles Woodson and reimbursing Whereas I lately made a verbal agreement with John Scott Pleasant to purchase his undivided right or share in 300 Acres land in Charles Lake the property of Thomas Pleasant whereon he lived, for which I was to give him One hundred pounds. Now it is my Will that my Executor confirm the said Agreement if they find it safe to do so, and in Order to guard against bad Neighbours that are likely to be induced to purchase other tracts in the said land if any should offer on the same conditions and the resources of my Estate are sufficient to afford it. Now after the several Objects above mentioned are accomplished it is my Will and desire and I do accordingly direct that whatever balance of money or other residuary Estate may remain (my just Debts being first paid) be equally divided between my Grand Daughters Eliza and Mary Pleasant to take place of Eliza's allowance to the age of Eighteen years or married, with the approbation of my Executors and in the mean time that such balance of money may be placed on Interest for their benefit. Whereas Moses Mingo, Vincent, Daniel and Ben Robinson black men have lived on my lands at Gravelly hills without paying me any rents therefor except some small jobs of Work occasionally I overthelaps I do hereby direct that they be acquitted and that my Executors make no demands on them for rents heretofore due me. I now name and appoint my trusty and well beloved Friends Michael Green Robert Green and Executors of this my last Will and Testament.

Noted to the foregoing Will

It is mentioned above that a Suit was depending in the High Court of Chancery against Samuel Pleasant's executor of Thomas Pleasant for his proportion of my advances on account of Robert Pleasant &c. now which a decree hath been obtained for £1177. 17. 13/4 with Interest from the 1st day of the 1st Month 1799. And as the affairs of the said Thomas Pleasant were so involved at the time of his death, as to render it necessary that his Executor to sell the whole personal Estate (negatives excepted) (which my Daughter (his Widow) would have been left in a great measure without means of support (and notwithstanding I had contributed pretty largely at different times in respect to the portion or fortune intended her in his lifetime) I recommended to her to purchase at the sale of her said Husband's Estate such articles of Furniture &c. as to enable her to live comfortably which was accordingly done to the amount of about £100. and for which I became one of her Securities to Samuel Pleasant's Executor (his debt intended from the first to allow as a discount out of the debt due from the Estate of Thomas Pleasant and his right to my daughter and though my said Daughter is since removed by death without issue I still direct her said Debt to be paid out of the debt

due from her Husbands Estate and now give and bequeath unto Abel Jannet her surviving Husband, his son, daughter Jannet and Daughter Sarah Jannet, the money is to be accounted that is £100 to each of the Children and the balance to herself. It is further my desire and I do accordingly direct that an execution may issue for the balance of said Judgment and to be levied on the Woman Aggy and her Husband William with their Children and Grand Children (now under the Care of Abel Jannet, who I desire may be purchased at the Sale on Account of my Estate, or at least as many of them as the balance of said Judgment will pay for and then to be immediately Emancipated (to take place as to the young ones) as they attain to proper age, that is the males to 21 years and the females 18. and in the mean time that the terms of servitude of such minors may be disposed of for the benefit of my Estate as my Executors may think best to such people who may be most likely to use them well and to give them a proper share of learning This I request may be attended to, for though I did not actually purchase Aggy I paid the money she was sold for and therefore have believed it right to relieve her and her Family from a state of Slavery.

Robert Passants
9th Month 23rd 1600.

It is further my desire and I do accordingly direct that Whereas by the Will of Thomas Passants that the Negroes directed and allotted for the use of my daughter should on her death become free but as it still remains uncertain whether there will be estate sufficient to pay his debts it may happen that these Negroes as well as the others directed to be free on payment of his debts may be liable to execution and there being a Woman among the former named Aggy who though I did not actually purchase I paid the money for her, for the use of my Daughter and therefore I have believed it right, for me to endeavour to relieve her from bondage and therefore in case of her being sold that she may be purchased and be Emancipated should the Law admit it or if not to suffer her to enjoy as full liberty without Control as the nature of the Case will admit.

At about half five o'clock at the Courthouse on Monday the sixth day of April 1601. This Will was proved by the Oaths of John Adams Charles Norvint and James Vaughan Witnesses thereto and a Codicil to the said Will was presented in Court by the executors named therein to which Codicil there being no subscribing Witnesses James Passants and Charles Hopland were thereupon sworn who severally deposed that they are well acquainted with the hand Writing of Robert Passants the Testator and verily believe the said Codicil to be in the entire hand writing of the said decedent Whereupon the said Will together with the Codicil aforesaid were Ordered to be recorded. And on the Motion of McCayah Cree and Robert Tarr the executors in the said Will named (who being Justices) affirmed thereto according to Law and together with James Sheriff of Charles City County and George Winston of Henrico County his securities entered into and acknowledged their Bonds on the penalty of ten thousand pounds Conditioned as the Law directs Certificate was granted them for obtaining a probat thereof in due form.

James Heron's
Will

In the name of God amen, I James Heron of the city of Richmond, merchant, considering the uncertainty of life, and the expediency of declaring while at leisure and in health my intention respecting the disposal of what estate I may leave behind me, do make and publish my last will and testament as follows, that is to say: If I die in Richmond, it is my desire that I be buried in the churchyard, near to Mr Taylor, and my son William, and that a stone be put over my grave, with my name, age and time of death engraved on it. I desire that my debts be paid off, as soon as provision can be made for that purpose. I recommend particularly to my wife to be attentive to the health and morals of our children and desire that they may have amuseful education, suitable to their circumstances, and that all necessary expense that may be incurred for their support and education until they severally arrive to the age of fourteen years be defrayed out of the estate, and that whatever is expended after that period for the use of either may be charged to the one for whose use it is expended. I give to my wife all my Household and Kitchen furniture, plate, china, glass and apparel, together with all such liquors, provisions and other things as may have been provided for housekeeping, and also my mulatto woman Fanny and her daughter Pelly, my woman Pelly and boy Robin. I give to John Bowdoin and Courtney Bowdoin children of my good friend Peersson Bowdoin the elder of Norfolk the eighteen shares in the stock of the Bank of the United States standing in my name to be equally divided between them, and in case either of them should die before me then the whole eighteen shares to go to the survivor. I give to each

each of my sons one thousand dollars. All lands or other property entered in books of Nelson, Heron & Co are the property of that concern, altho' they may be conveyed to me separately, and if a final settlement of their affairs should not take place in my lifetime are to be sold and divided among the remaining persons, to wit: the representatives of the late John Willcocks esq^r of Philadelphia, Nicholas Low esq^r of New York, and the writer, Alex^r Nelson being already paid off his share. Should neither of my executors find it convenient to undertake the winding up and management of my affairs, I desire that some fit person be by them appointed agent for that purpose to act under their direction and authorize them to make a suitable compensation to him for his services. I desire that each of my executors will accept of a ring, seal or other memorial of the value of fifty dollars. I give and devise all the rest and residue of my estate real and personal, whensoever the same may be situated to my executors after named in trust and confidence, that they or such of them as shall act or survive, shall and with sell and dispose of the whole thereof (not consisting of money) in such parts or parcels, at such time or times, and upon such terms and conditions as they shall judge proper and most for the benefit of my family, and pay and divide the proceeds of all such sales, and such money as may appertain to my estate from whatever source it may arise to the following persons and in the following proportions, that is to say To my wife three shares of the whole (what is by this will devised to her to be accounted, in lieu and bar of dower or other interest in my estate, one share to each of my sons, and one share to each of my daughters. I nominate my worthy friends James Taylor, junior, of the borough of Norfolk, and John Graham of the city of Richmond to be executors of this ^{my} will, and desire that no security may be required of them. And finally I desire, that if no other of a later date shall be found, the sketch may be considered as my last will and testament, the whole having been written by my self. In confirmation of which I have herunto subscribed my name and affixed my seal at Richmond September 21st 1800.
