

of Fourmile Creek to which she was entitled by the will of the said Thomas Pleasants, to her and her heirs forever. Item I give to my beloved wife during her life or widowhood the use of my furniture and plate, my carriage and a pair of horses, and upon her death or marriage I give the plate to my dear daughter Maria, and my furniture I desire may be equally divided between all my children. Item It is my will and desire that either my plantation near Chickahomony swamp, or my white Oak swamp plantation may be reserved from my real estate directed to be sold by my executors for the payment of my debts, if it can be done, and desire that it may be the Chickahomony swamp plantation, which plantation so reserved from the sale, I give and devise to my beloved daughter Maria and her heirs forever. Item But should it so happen that my executors shall find it necessary to sell both those plantations, then I request them to allot to my said daughter (Maria) so much of my property in the City of Richmond as shall be equal in value to the one moiety of the land on which I now live, which I give to my daughter Maria, and her heirs forever, instead of one of the aforesaid Plantations. Item, All the rest and residues of my estate both real and personal, after the payment of my debts, I give and devise to my three daughters and their heirs forever to be equally divided between them. Lastly, I constitute and appoint my friends Sam^l Pleasants (Windsor), Wm Marshall esq^r, John Sheppard and Jno T. Pleasants executors of this my last will and testament and request that they may not be required to give security for their administrations hereby revoking all former wills by me made, and ratifying and confirming this my last will and testament. In Henrico County Court September 1808.

Ordered that Robert Sharp Administrator with the Will annexed of Walter Sharp deceased, do make up and settle his Account of Administration on the Estate of the said Walter Sharp deceased before Master Commissioner Ladd who is directed to state the same and make report thereof to the Court.

Attest

Jas. B. Whitlocke, Clk.

In pursuance of the foregoing order of Court the Commissioner did on the twelfth day of the Ninth Month last, appoint the Twentieth day of the following month (October) for commencing the Account therein directed of which the parties had due notice. On the day appointed Robert Sharp and several others concerned attended, and the said Sharp filed with the Commissioner his Administration account, and sundry vouchers in support thereof. On examining of the Vouchers, many of them appeared to the Commissioner insufficient and being informed by the said Sharp, that by some means or other he had but a few days before, lost his memorandum Book in which he had kept all those accounts, as well as some of the Vouchers in support thereof, by which means he had been prevented from making up his Accounts so fully as he otherwise should have done, in order therefore to give him further time to supply these deficiencies, The parties were adjourned over to the twentieth day of that month. Robert Sharp the Administrator, Richard Richard & Richd B. Poole his Attorney Joseph Throgmorton and Lewis Throgmorton attended at this Office on the day to which they were adjourned, a full examination had, and further documents required of the Administrator some of which he afterwards furnished. Upon such documents as the Commissioner has been furnished with, together with the admission and acknowledgment of the parties, he respectfully submits the following statement of Account.

Jan 1	By Balance due the Estate of Hales Sharp this day of which £1137.13.0 3/4 bears interest from this date					£ 657	8	6 1/2

In the foregoing statement of Accounts the Commissioner has Balanced the same at the close of each year and calculated the Interest from the Commencement of each succeeding year on whatever sum the Credits exceeded the debts in that years transactions extending the same up to the first day of January next in order that that the hire of the negroes might be included in the statement for the present year.

The Administrator produced no Voucher in support of the three last Items of Charge in the Accounts but they being for charges which are generally if not universally incurred on such occasions the Commissioner allowed them.

The fourth item being a Charge for Tickets for the year 1799 which were collectable in the Year 1800 during the lifetime of the Testator it might fairly be presumed that they were paid by him but from the solemn declaration of the Administrator that they were actually paid by him the Commissioner has allowed them.

Many of the proven accounts have no Receipts on them for the money paid such of them as have are so mentioned in the statement, and notwithstanding the Commissioner is of opinion that such Vouchers are not complete yet he has allowed them upon the presumption that the Creditors would not give up the specialties of their debt without receiving payment for them.

The Administrator claims a credit of 9/6 3/4 for that sum paid John Redford for his attendance as a Witness in the suit against Thos. Sharp (as per Voucher N^o 26) he also claims a credit of £6.5.8 paid Benjamin Shepard Esq. for his Commission, &c. against the said Thos. Sharp (as per Voucher N^o 27) neither of which sums the Commissioner has allowed, on the supposition that they were included in the Execution and paid by the Defendant and for which the Estate has no credit, that being only Credits with the amount of the sale and Interest thereon: for the same reasons the Commissioner has deducted from the Clerk and Sheriff's Tickets all those charges made therein on account of suits against those persons who were sued on account of their purchase at the Sale and

The Administrator also claims a credit of 13/4 paid Thomas Bingham for writing for the Estate (as per Voucher N^o 36) which the Commissioner also rejected, upon the principle of all such charges being covered by his Commission.

In the Item of Credit (as per Voucher N^o 111) the Commissioner has Credited the Balance of money paid the Administrator (including thereto the amount paid Charles Copland that sum being before charges to the Estate as per Voucher N^o 43) over and above satisfying Silman Kidder's Execution (together with some Charges and fees) under which the negro Boy Phill was taken and sold: of course the money paid Silman Kidder is not charged to the Estate, this mode of making the entry was adopted by the Commissioner because he considered it incorrect that the Administrator should be allowed a Commission on this transaction. There is a charge in the said Item (N^o 111) of £10.19 for fees and Taxes against Robert Sharp, and Richard Giles Sharps Estates, and allowed in the General Statement; but which the Commissioner afterwards considered incorrect from a presumption that that part belonging to the Estate of Giles Sharp had been before charged in other Vouchers; he has therefore credited the Estate with that sum as the closing the Statement.

The Commissioner observed in examining the survey fee Bills that there were Charges therein for entering up Judgments against Asps, Sam Lorde, Scarce Sharps Administrator, Pleasant, Edw. Fackingham, Edw. Smith, Leggon, and Pades, none of whom it appears became indebted to the Estate by purchases at the Sale, and all monies received by the Administrator on account of those Judgments ought to be entered to the Credit of the Estate yet he has entered no such Credit, giving the top of his Accounts before spoken of as his reason for not entering such of those monies that he actually received.

Several of the Loggater hired some of the negroes for several years, and for which the Estate has credit, yet it appears that the Administrator has not received the money for such hire.

in consequence of which, the Commissioners thought he ought to have stated the different Legate's Accounts, but the Administrator objecting to it, and not furnishing the necessary documents to enable him to do so, it could not be done.

The preceding is all the property which came to my hands under the Order of Court committing the Estate of Franky Sayres to the late Sheriff's hands for administration after the sale, and after I had proceeded to the Collection of some of the debts, Administration in the Estate was granted John Sayres, one of the sons of the Decedent, who gave an order in favour of Mr Trent, for the Bonds and notes on which the money had not been received. I have rendered the administrator my account on which there is a balance due the Sheriff, which he has directed Mr Trent to pay when he receives any money on account of the Estate - See (for the Account) the Books of J.
