Given by the last will & Testament of Capt Stephen Charlton of Northampton County in Virginia was proved in open Court by the Corporal Robert Mr. John Donahoe & Mr. John James.

Teste Cor. Mathew.

The Donation of Mr. John James taken in open Court this 29th of January 1654.

I do hereby declare that in & about 25th of Decr. 1654 I did write a last will & Testament of Capt Stephen Charlton of Northampton County gent. who was at that time of good sense & memory; and there was nothing done or written of what he did in well appearance of, for hee did recov. of it, and hee did live his health; & went afterwards to America about his affairs; And lived about three months after that, & some will affirm to continue in force; And if there be any thing necessary therein it had not time to be good & true. I had some suspect to correct & alter it: Therefore I infer that the same will is in force, & ought to continue in force & inoperative for ever.

John James.
