We of the Jury, being summoned by the Sheriff of Prince Anne County, to meet on the Lands of Anthony Walke Esquire, and to view the Land proposed for the Construction of a Dam for a Water Grist Mill, applied for by Tully Mosley Junior, on the Water course between the Lands of the said Tully Mosley Junr. and the said Anthony Walke's Land, and having been sworn by the said Sheriff agreeable to Law We have located and circumscribed one Acre of the Land of the said Anthony, according to the metes and boundaries following, to wit. Beginning at a small Gum Tree near a Marsh and running North sixty five degrees West five poles to a stake in a field, thence South twenty three degrees West, thirty two poles to a stake, thence South sixty two degrees East five pole to an old Pine Stump, near an old Mill Dam, and from thence to the Beginning. We have estimated the Value of the said Acre of Land at three Pounds to be paid by the said Tully Mosley to the said Anthony Walke. We find that the Lands of no other person but that of said Anthony Walke will be overflowed, and that there is no mansion House of any person, or the Office, cartilage, or garden thereunto belonging, or orchard which will be overflowed. We have enquired and find that fish of passage and ordinary Navigation will in no degree be obstructed by the erection of the said Mill, and that the health of the Neighbourhood will not be annoyed by the stagnation of the waters. We find that Anthony Walke will sustain damage by the overflowing of his Land to the Value of . . . In addition to the Value of the Acre before mentioned.
