Mills
Ch. 6m.

Knowing the uncertainty of human life and the propriety of making such a disposition of a Mans property as he intends to do, while his mind is sound. In the name of God, I now in that State of mind do declare this following to be my last Will and Testament - In the first place I do bequeath all my property real and personal of every description to the pay^{ment} of my ^{just} debts, which includes those which may be barred by Statutes of limitations; provided Satisfactory information can be procured as to the existence of such debts, tho' such evidence may be insufficient in law - In the next place I give unto my dearl^y beloved wife besides her thirds of my Estate to wit her dower right, a Coach and a pair of Good horses with a horse and driver to be furnished constantly in good repair from the profits of my Estate - I desire that She may be allowed to reside in this my dwelling house to the day of her death, and that She have the use of the farm houses, Stables &c. in as full and perfect Service for her life as tho' they were her own in absolute fee - I request that my executors have built out of the profits of my estate as soon as the finances of the estate will permit a good kitchen suitable to the dwelling house for the use of my dear wife - And whatever other offices She may think useful - I then I give unto my Son Fayette at present my only child all my property real and personal except as before excepted, and as hereafter will be excepted to him in fee Simple and absolute property - Should the child with which my wife is now pregnant be a male and if may please my maker that She may bring it happily into life I do devise unto him in absolute fee Simple one half of this whole tract of land on which I live, viz. two thousand acres by equal and equitable division - I direct that the division may be so made as that my eldest Son shall be the proprietor of the house and all the appurtenances thereunto belonging, in which I now reside - Farther I desire my Executors at some convenient time prior to the period of my youngest Childs coming of Age with which my wife is now ensuing should he be a Son, build a good commodious two story dwelling house with cellars throughout to contain at least four good rooms, and all proper offices, also a good barn on any part of his farm he may prefer - I bequeath unto this child should he be a Son, one half of the Slaves, I

possess, and also one half of all the Stocks of all kinds on my farms, the furniture in my house I wish to be kept for my eldest Son, and other suitable to the house directed to be built, I desire may be purchased for my youngest Should he be a Son - It is my will that the land should be cultivated in the manner my Executors may think the most advantageous either jointly, and the profits divided or Separately. Should the child with which my dear wife is ensigned be a daughter, I give unto her the Sum of three thousand pounds Specie to be paid her when she arrives at the age of twenty one years, or marries - For her maintenance and education and cloathing I do allow out of the profits of my Estate fifteen pounds a year for the first Six years of her life - thirty pounds a year for the next Six, for the next nine one hundred pounds a year - It is my wish that she should receive an education to render her a well informed accomplished woman out of my estate I wish to be purchased for her, such books as may be deemed proper for her education, and a fortipiano at about thirty pounds Value & a golden Watch to cost about 30 guineas - Should the Sudley Estate be divided during the life of my dear wife I wish her to dispose of her proportion of it as she thinks proper - Item I give to my Godson Edward Maupin of Williamsburgh 25 £ a year to assist toward his education till he arrives at the age of 21 years - Item I give to my dear wife a Golden Watch that shall cost about 30 guineas as soon as my Executors can conveniently purchase it - Should my debts (an account of which may be seen among my papers) require the Sale of my property, I direct that my negroes may be sold in families to good masters for that purpose - Should they demand the Sale of my real property, I direct that the lands which were surveyed and procured under our acts of Assembly in the Counties of Harrison and Randolph by Mr. B. Annistead and myself together with a tract of land purchased of Rob^t Brown & Faug^r in Partnership with Geo. Brooke of Kentucky may be sold with Special warranty for that purpose - Should they not be sufficient I direct that a tract of land lying in Tennessee containing 1100 acres on poplar Creek which I bought of Geo. Gordon of that State may be sold for that purpose - Should that not be sufficient, I direct that my proportion of the walnut cove land lying in Tennessee viz. three thousand six hundred and Seventy five acres may be sold for the above purpose - The ballance of this land belongs to Rob^t Carter of Sudley and Mr. B. Annistead of P. William on their paying eight Shillings p. acre the first for three thousand six hundred and Seventy five acres, the last for eight hundred acres - Should my personal property be sufficient for the payment of my debts, I direct that all my lands may be equally divided between my two Sons in fee Simple - Should my dear wife be pregnant with a Son, Should the child be

be a daughter I give the whole of these and all my lands to my Son Fayette and his heirs forever - I give to my friend Miss Cupaim Hamilton a handsome riding horse, Saddle and bridle - my tenant William Tyler has no lease for the three hundred acres of land on which he lives I do therefore direct that a lease may be given him for the said tenement, for his life his wives life and his son William's, on his keeping one fourth of the land in perpetual reserve and making Orchards and such improvements as ~~he~~ may be thought reasonable. I hereby appoint Rob^o Carter of Sudley and Rob^o Randolph of Fauquier my Executors of this my last will and direct that they be allowed forty pounds a year for their trouble; I also appoint them guardians of my child or children. - Given under my hand & all written with my own hand this 24th of Feb. 1797.

Edward Carter, of Cloverland P.M.

N.B. I do not intend my daughters portion should bear interest, except from the period of marriage or 21 years.

Edward Carter.

Her fortune is to be raised out of the profits of my estate, if they will raise it, if not a part of my South Western land must be sold for that purpose, if not sufficient, my Son must raise it out of the Sale of a part of the Clover Land tract or in any way most convenient to him.

Edward Carter.

Should it please God to take me off before the birth of the child with which my dear wife is now pregnant, I do hereby add this by way of Codicil to my last will & testament, that it is my will, that if it be a daughter that the sum of two thousand pounds be raised out of the profits of my estate, if they will afford that sum, if not out of the principal when she comes of age and not due her before, consequently to bear no interest, but her maintenance & education to be drawn from my estate, if a Son, he to have one equal third part of all my real & personal estate except the furniture in my house, with the other two boys - the eldest that is living at 21 years I wish to have and own this my dwelling house, & the farm on which it is with its appurtenances, known by the name of Cloverland - written all by my own hand this 3^d day of Nov. 1798.

Edward Carter.

Feeling the same impressions that actuated me to make

my last will and Testament in February 1797. and referring now to that instrument, I do herein add this as a Codicil to it. It having pleased my merciful Creator to bless me with another Son I do declare it to be my desire and intention to give and bequeath to him one full third part of all the Land I hold in every part of the Continent, one full third part of all my negroes that I now hold and I desire that it be understood that I comprehend in this Codicil the property which may be come mine in right of my dear wife. I mean the personal property - the real being hers and not mine - wishing her to make such disposition of that as she pleases - tho' if she chuses my wish & opinion, it would lead to such an one as I have herein made. Written entirely in my own hand and by myself of Sound mind this thirteenth Day of Apr in the year of our Lord 1799.

Edward Carter. of Clover Land.

In the Name of my heavenly Father I do hereby intend this as a Codicil to my last will & Testament. Being about to depart from my home for some weeks and as some accident may occur to me before my return; I think proper to declare it to be my wish, that should the Child with which I believe my dear wife to be pregnant be a Son, that he shall have one full fourth part of all the Land I own in the world having reference to my will on this Subject, that my eldest Son living at the age of twenty one years should have my home house & plantation, after the death of his mother should she survive that period of his life. Should it be daughter I give to her the same Sum of money that is given her in my will, & to be raised in the same manner therein pointed out. This being all written with my own hand while I am in Sound mind - Therefore there is no necessity for a witness to this Codicil. In Confirmation whereof I do subscribe my name, this 5th Day of Nov. 1800.

Edward Carter.

By way of Codicil to my last will and Testament; I sound in body and mind, and thankful for this blessed Condition; I do herein revoke that part thereof in which I requested Rob^t. Carter of Sudley to act as one of my Executors; and this I do, in Consideration of his having already so much business on his hands that it may be inconvenient for him to attend to mine. In place of him, I do earnestly request Thomas Turner of Oaken Brow to act Conjunctly with Robert Randolph of Eastern view as my Executor. This as well as the whole

of my will having been entirely written in my own hand requires no witness. Edward Carter of Clover Land.
