

Codicil to Edward Carter's Will

Sensible of the uncertainty of our stay here, I do make this addition by way of Codicil to my last and Will & Testament Being of sound mind; I do give and bequeath unto my daughter whom it has pleased my heavenly father to bless us with a few days ago, the sum of four thousand dollars, and ten young negroes - 5 male & 5 female to her and her heirs - forever the negroes and the money in absolute property due when she is married or comes of age that is to say to 21 years and not before should neither of these events happen that is to say if she should die before she marries or arrives at that age then this legacy to cease and not be raised but should she live to the age of 21 years or many then the said legacy to be raised out of my estate In the mean while my wish and intention is that she be supported out of the hire of the negroes, whose ages are to be from 14 to 20 years written all in my own hand and therefore any witness unnecessary.

Edward Carter.
Nov. 18th 1803.

Townshend Dades Will

I Townshend Dade of Prince William County
make and ordains this my last will and Testament
In the first place I desire that all my just debts be
paid and I request that the debts due to me shall
in the first place be applied to that object, if they should
be insufficient I desire that so many of my negroes that are
now hired out may be sold by my Executors and the proceeds
of the sales appropriated to the discharge of my debts
but it is not my intention that more of those negroes
should be sold than will suffice to pay the balance of
the debts which I owe after applying to the payment
thereof the debts which are due to me. I give to my
Daughter Elizabeth a negro woman named Matilda
and her child Thompson. I give to my daughter
Verlinda J. Washington two negroes to wit Heziah &

Juliana - I give to my daughter Ann a negro girl named Maria. all the rest of my property real & personal I devise to my five children Langhorne, Laurence, Elizabeth, Verlinda, and Ann equally to be divided amongst them, but in the said division I desire that Keziah heretofore given to my daughter Verlinda shall be accounted for and shall not be deemed an extra bequest to her. I desire that my plantation on which I reside together with all the negroes which I am used to work on it, and all my stock plantation utensils and household furniture may be kept together on the said plantation and worked and used thereon until my youngest child arrives at the age of twenty one years, at which time I desire that the whole may be divided as above directed. But in the event of either of my Daughters marrying before my youngest child shall arrive at the age of twenty one years, then I desire that she may immediately receive her portion of my personal estate. I desire that my said plantation, stock negroes plantation utensils and household furniture may be kept up together as aforesaid under the management, care and superintendence of my Executor hereinafter named. I desire that my two sons may be well educated out of the profits of my Estate if those profits will suffice for that object after affording a genteel support to my Daughters Elizabeth and Ann. I desire that my son Laurence may receive a good English education and that the education of my son Langhorne shall be completed according to its present course even although it shall require a sale of some part of his portion of my personal Estate to effect it. I desire that my Chariot may be sold and a light or light Coach purchased for the use of my single Daughters out of the proceeds of the sale of the same. In the division of my Estate I desire that my negro girl Anaminta may be allotted to my daughter Elizabeth. I desire that my property may be appraised but no more thereof sold than may be necessary for the payment of my debts. In case the debts due to me will not discharge those which I owe, then my Executors may if they think proper sell such of my Estate as is devised for that purpose, and if my said debts due me cannot be collected in due time, then they

—they may make the said sale so as to meet without delay the debts which I owe. On my son Langhorne's arrival at full age I desire that he may immediately receive from his portion of my Estate a boy and two horses with necessary equipment. I nominate my son in law John Hooe Washington and my friend William A. G. Dade Executors of this my last will and Testament and I desire that no Security shall be required of my said Executors on their taking probate of this my will. The above named Townshend Dade taking it into consideration that my plantation on which I live may not be so productive under the management of my Executors as to meet from the profits thereof the maintenance of my daughters and sons and the education of the latter in order to provide against such event, make this Codicil to my Will. I desire that if it shall seem to my Executors before named that it will conduce to the interest of my Estate, that then instead of keeping up my plantation, negroes, stock, utensils and household furniture, they the said Executors may hire out my negroes, rent my plantation and sell my plantation utensils, household furniture and stock, that they shall divide the proceeds of the sales according to the directions of my will equally among all my children at the arrival of my youngest child at the age of twenty one years, at which time the hires of my negroes and the rents of my lands shall be divided in the same manner. But in the meantime the proceeds of the said sales and the rents of my lands and hires of my negroes shall be

kept as a fund by my said Executors for the support and maintenance & education of my single daughters and of my two sons, provided that if the said rents and hires and the interest of the proceeds of the sales of my Stock plantation utensils and furniture will not suffice for that end that then the principal of the proceeds of said sales may be, as far as is necessary, applied to their said support maintenance and Education. Provided too that my said Executors shall not thus rent my lands, hire out my negroes, nor sell my Stock plantation utensils and furniture without the approbation and consent of my Daughter Elizabeth. I further declare it to be my intention that the profits of all my Estate except the two negroes devised to my daughter Elizabeth - the two devised to my daughter Verlinda - and the Girl bequeathed to my daughter Ann shall be exclusively applied to the support and education of my single daughters and two sons until the arrival of my youngest Child to the age of twenty one years Signed & Sealed on the same day as will above.
