It will be seen from the foregoing statement that there was after paying all debts upon the estate a fund of \$10184.87 including Int. to the 8th Feb. 1846 to which is added the advancements of each distributable making \$15,199.67 of which is 3039.94 each distributable share. Your Commissioner has not charged Int. on the advancements as was done in a former statement having been convinced that is not legal, but still believing that is Justice, your Commissioner has assigned the Credit 12 months (the usual time to settle estates) with Int. after which time he has charged Interest as stated in the account, all of which is respectfully submitted.
