Samuel Harrison of the County of Spotsylvania being in perfect health and of sound memory do make this my Will in the following manner - First It is my Will and desire that my last will be first paid and fully satisfied and in order to enable my Executors hereafter named to comply with and perform the same I do hereby empower them to sell and convey (at their discretion) any part of my estate either real or personal, and should they think proper to sell any part of my land, it is my desire that my wife convey to the purchaser or purchasers her right of dower in the same. Secondly that upon condition that my beloved wife Elizabeth be my Executor in a last for my land they may sell for the payment of my debts. Rem to her during her life or widowhood all the residue of my estate which may be left unencumbered to my said wife (with the approbation of my Executors) to lend to each and every one of my children a negro or negroes at their marriage or coming of age and also such chattels as my Executors think can be spared which chattels are to be valued and changed to such value and to be deducted from the part which may be given him or her by my Executors at the final division of my estate - Thirdly if my wife should renounce the benefit of this my last Will and claim her dower in my estate, or if she should marry then two thirds of my estate both real and personal falling in the negroes left to my several children be disposed of by my Executors in any manner they may think fit amongst my children or by loaning to them during their lives and they giving their representatives, not share and share alike but in whatever way and portion they think proper. Fourthly At the death of my wife all ^{her} my estate in ~~my~~ hand my execs are hereby empowered to dispose of amongst my children or the legal representatives of such as may be dead in the same manner and with the like full power which is given in the foregoing and third clause of this Will - Fifthly Should my Executors think it best at any time to sell my land or any other part of my estate in order to make distribution thereof they are hereby empowered to convey the same by deed or otherwise to the purchaser or purchasers. Sixthly Should the testator intention thought to be sufficient respecting the powers given to his Executors and his

property and children. We to be construed to be this my
 plain meaning is that my executors have power to do what
 - can they think proper with my children and estate and
 whatever they may as to be as business upon my children

 But should my executors die without making any disposal
 of my estate, that then it is to go and descend as the law
 does interest. And Lastly I do appoint my Brothers

In Obedience to an order of the Supreme Court dated the 1st December 1856 We on the 9th of January 1857 settled with the administrators of James Taylor dec^d her administration account of the estate of the said James Taylor by which there was a balance due to the estate of £33. 9¹¹ in bonds as will appear by the acct. found on page 2. The charges in said account we thought were supported by proper vouchers and other satisfactory testimony. We at the same time divided the lands of said James Taylor's estate in three lots and assigned Lot No 1. to James Taylor Lot No 2. to John Robins and Lot No 3. to Mary Taylor for a plot of said land and lots may be seen on page 11. and a plat of said lands and lots. We also decided the charges which will be seen by the accounts on page 3. — Our proceedings herein we reported to March Court 1857. but the Court on the 2nd June following, having made an order directing us to reconsider the admin acct and our report and make any alterations therein that we ought think right. We have agreed to said order, reconsidered the said admin acct and find it unnecessary to make any alterations therein, further than to charge the estate with a Sheriff's acct since sundry fee bills amounting to £8. 12. 9 which it appears the adms have paid since the former settlement which leaves a balance now due from her of £24. 17. 2 and whatever interest may have accrued on the bonds that comprised the balance of £33. 9¹¹ at the first settlement of the account, and instead of dividing the balance now due on the admin acct amongst the legatees (or formerly) we have left the said debt open with the balance appearing on it, and we have thought proper to allow to James Taylor and Mary Taylor the sum of £15 each with int. thereon from the 9th of January 1857 till paid, for being kept out of their respective shares of the estate one year longer than was necessary to settle the admin acct and divide the said estate. A claim was set up by the same for a similar allowance but we did not allow it. Given under our hands the 6th September 1858.
