Pursuant to an order of the County Court of Washington dated the 15th day of November 1803, I have proceeded to settle the administration account of Peter Morrison Administrator of the estate of Jacob Mills dec^d with the said estate, and do find the above statement to be supported by the vouchers produced and there referred to. I have supposed an amount for the personal trouble of the Administrator which from his extraordinary attention to the interests of the estate I have no doubt the Court will consider reasonable. The bonds mentioned above are in the possession of the administrator for collection or to be delivered over to the heirs after deducting fifty dollars & eighty one cents the balance due the said administrator. All which is respectfully submitted.
