

collation of diverse Authors.

Jerusalem was re-edified, and built again after the captivity of Babylon, 70 years.
The captivity continued 70 years.
The children of Israel were delivered the first year of Cyrus.
The temple was begun to be built in the second year of the said Cyrus, and finished in the sixth year, which was the 6th year of Darius. After that Darius had reigned 36 years, Nebuchadnezzar was removed to Babel, and went to build the city, which was finished in the 6th year of the said Darius.
All the years from the building of the temple again, are 70 years.
The whole sum of years amount to 70.
From the re-edifying of the city, unto the coming of Christ, are 686 years, after this chronology.
It is mentioned in the sixth chapter of Daniel, that Jerusalem should be built up again, and that from that time unto the coming of Christ are 62 weeks, and every week is reckoned for 7 years. So 62 weeks amount to 434 years: for from the 6th year of Darius unto the 6th year of Augustus, in which year our Saviour Christ was born, are just and complete so many years; whereas we reckon, that from Adam unto Christ are 5974 years, 6 months, and ten days; and from the birth of Christ unto this present year, is 1859.
Thus the whole sum and number of years, from the beginning of the world unto the end of the year of our Lord God 1859, are 6064 years, 6 months, and the said six ten days.
