Dear Sister

March 21st 1850

I received a letter from A. G. Golsbey a few days ago stating that you wanted some land claim attended to. The land offices are now open and if you had your claim I could lay it in the course of the summer to an advantage. There is thousands of public lands any where but some of it is poor and that that is good lies in remote places consequently from locality it would not be valuable.

I will have to look around some to get a piece that is convenient to mark before I would or could lay the warrant.

You can remit the warrant to me or to Ala, to the care of J. W. Marshall and I will do the best I can for you in laying it. Our relations were all well when last heard of, for I have not seen any of them since last August but Andrew, C. Amason - I saw him a few days ago he was well then and weighs 250 lbs. - Edward D. Amason married a girl by the name of Mary Rogers the first of January last.

My health is quite good - I am now at the Springs on account of health, but

~~Amos~~

I have no news to write, times are good
brisk here Cotton is worth 10¢ per pound
Corn from 5 to 8¢ per bushel -

Our Spring is quite forward the most
of people are done planting Corn and many
more are planting Cotton as fast as the
land can - Our Country generally
is quite healthy -
