

CEMETERY OF NARROWAY BAPTIST CHURCH

The cemetery is located in the Church Yard and there are 16 rows of graves and Row 1 commences in the East part thereof. The engravings on the tombstones were copied in April, 1975, by Mrs. Naomi Corley Holland. Several of the graves are marked with stones with no engraving thereon and special appreciation is extended to the Rev. William Maston Tibbitts who went to the cemetery with Mrs. Holland and this writer on two occasions and furnished the names of the persons familiar to him who are buried in graves marked with unengraved stones.
