

Supervisor's Dist. No. 1
Enumeration Dist. No. 174

Special Schedules of Manufactures—Nos. 7 and 8.

FLOUR AND GRIST MILLS—CHEESE, BUTTER, AND CONDENSED MILK FACTORIES.

Products of Industry in Flour, in the County of Lawrence, State of Georgia
during the twelve months beginning June 1, 1879, and ending May 31, 1880, as enumerated by me.

FLOURING AND GRIST-MILLS.

NAME OF CORPORATION, COMPANY, OR INDIVIDUAL PROPRIETOR, TO THE VALUE OF \$500 ANNUALLY.	CAPITAL (REAL AND PERSONAL) INVESTED IN THE BUSINESS.	Average number of hands employed during one month during the year.	WAGES AND HOURS OF LABOR.								MILLS IN OPERATION.				Do you do custom work or make small quantities of your product for sale?	Is there an elevator connected with your establishment? If so, state capacity in bushels.	POWER USED IN MANUFACTURE.									
			AVERAGE NUMBER OF SLAVES EMPLOYED.		NUMBER OF HRS. IN THE WEEKLY DAY OF LABOR.		AVERAGE DAY'S WAGE for an ordinary laborer.		Total amount paid in wages during the year.	MILLS IN OPERATION.			Estimated maximum capacity per day, in bushels.	IF WATER-POWER IS USED.												
			Males above 15 years.	Females above 15 years.	Children and youth.	May 1 to Nov. 1.	Nov. 1 to May 1.	Average day's wages for an unskilled laborer.		On full time.	On three-quarter time only.	On half time only.		On full time only.			On what river or stream? (State name below.)	Height of fall in feet.	Number.	Kind.	Width in feet.	Depth in feet.	Direction of flow.	Temperature.

																										WHEELS.
Price per 100 pounds of milk produced.	Cost of finishing per 100 pounds.	Value of butter and skimmed milk sold.	Number of pounds of butter made.	Number of pounds of cheese made.	Average pounds of milk used per pound of butter produced.	Average pounds of milk used per pound of cheese produced.	Average price per cent of milk used for butter.	Average price per cent of milk used for cheese.	Average price per pound of milk used for butter.	Average price per pound of milk used for cheese.	Price per 100 pounds sold for making butter.	Price per 100 pounds sold for making cheese.	Cost of finishing per 100 pounds of butter.	Cost of finishing per 100 pounds of cheese.	Value of condensed milk produced.	Value of condensed milk produced.	On what river or stream? (See note below.)	Height of fall, in feet.	Number.	Kind.	Strength, in feet.	Revolutions per minute.	Horse-power.	Number of boilers.	Number of engines.	Horse-power.
																									</	

NOTE.—All the 12 months of the year should be accounted for thus: 12 months on full time; or 8 months on full time and 4 months on half time; or 10 months on full time and two months idle.
The inquiries in respect to the value of material and of product are of prime importance. Great care and judgment should be exercised in making the returns relative thereto.
The cost of Superintendence, Rent, Freight of goods to market, and other general expenses of a manufacturing establishment are not to be included in Materials. Mill Supplies and Fuel should be included.
The value of the Product, in the case of mills and factories producing for a distant market, means the wholesale price of the goods. In the case of small shops producing goods or doing work for the neighborhood only, the value of the product means the price charged at the shop.
POWER USED IN MANUFACTURE.—If the stream is a very small one, mention also the largest stream or river into which it flows.
Only servicable boilers and engines are to be reported.
Horse-power.—This is an inquiry of great importance. The best information available should be used in filling these columns.

NOTES RELATIVE TO CHEESE AND BUTTER FACTORIES.

QUESTIONS 1 to 15 have reference to all factories of this class, and should be filled for every establishment enumerated.
QUESTIONS 16 to 21 have reference to manufacturers of cheese only.
QUESTIONS 22 to 27 have reference to manufacturers of butter only.
QUESTIONS 28 to 35 have reference to those factories that manufacture both cheese and butter.
QUESTIONS 36 and 40 have reference to manufacturers of condensed milk.
