SAVANNAH STREET DIRECTORY.

Vol. IX--1888.

ARRANGED BY STREETS AND NUMBERS, WITH
NAME OF OCCUPANT.

EXPLANATION.

Reference to this department will show the streets in alphabetical order, regardless of location. Streets are numbered from Bay, south side; even numbers on the north and east sides. The lanes take their names from the streets immediately north of them--thus, Bay lane is the first lane south of Bay street, running parallel therewith. In the suburbs the houses are given consecutively as they occur.

Fire Alarm

Signal boxes from which alarms of fire are sounded are located at convenient distances throughout the city. When an alarm is given, go to the signal box nearest the fire, open and pull the handle all the way down and let go. The fire bells, to announce an alarm from box 24, for instance, will be struck twice, and after a pause of a few seconds, will be struck four times. This will be repeated at intervals of about one minute. Key holders are strictly enjoined not to give possession of the keys except in cases of fire, and after an alarm has been sounded, be sure that the signal box is locked before leaving it. P. L.
