NOTES.

The pension is only payable to certain classes of widows.

Those whose husbands were killed in service.

Those whose husbands died in the army of wounds or disease contracted in the service.

Those whose husbands went to the army and have never been heard from since the war.

Those whose husbands were wounded in the army and have since died from the direct effects of the wounds.

Those whose husbands contracted disease in the service, and who after the war, died of the disease caused by the service. The disease directly causing the death.

No widow is entitled unless she was the wife of the soldier during the war, and has never remarried.

The law does not provide for any one living out of the State of Georgia, or who did not live in the State at the date of the Act.

The facts to establish a claim must be substantiated by the testimony of three witnesses who personally know of the enlistment of the husband and his death and the immediate cause of the death.

Widows who have married since the service of their husbands in the army are not entitled.

There is no need of employing a lawyer or other agent to attend to these claims. The Department will furnish full and specific instructions, and give ample opportunity to every claimant.

If witnesses live in another County from that wherein applicant resides, they must go before the Ordinary and testify. The attestation of a Justice of the Peace or Notary will not answer.

Fill out Power of Attorney authorizing some one who can call at Treasurer's office in Atlanta and receive the money, to receipt for same.

Fill out the "directions" below Power of Attorney, so that your Agent will know where and how to send the money.

By order of the Governor.

W. H. HARRISON,
 Sec. Ex. Department.

In order to avoid unnecessary delays to applicants, and to enable all parties interested to understand the laws granting allowances to disabled soldiers, as well as the rules adopted by the Governor touching the payments provided, the following suggestions are submitted.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially* and *permanently* useless.

30. It will thus never to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the phrase of the Act in reference to the arm or leg, but the limbs must for all purposes be "substantially and essentially useless."²⁹

31. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutches or staid, that the leg is not "substantially and essentially useless."³⁰

5. If papers are returned for correction, and amendments are added to any of the affidavits, the amendments must be made under oath before an officer, and the proofs must show that the amendments have been duly sworn to.

6. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

The Ordinaries of the several counties are specially requested to call the attention of the physicians and applicants to these points.

Dear Mr. Hunt:

I enclose you death notice of Mr. J. S. Upshaw, who was on the pension roll of this county, also application of Mrs. Sarah Upshaw, his widow, to be placed on the roll in his stead, they having been married prior to 1871. It is not possible for me to furnish a marriage certificate. However, I furnish the evidence of witnesses who have known them all their lives, which I think will be sufficient evidence. I could furnish other evidence in regard to their marriage but think this will be all you will require. I can furnish evidence to this fact myself. I attended their 60th wedding anniversary last summer. I will be glad if you can send me the approval on this as early as possible.
