Amended application of James Price for pension.

Georgia--Cherokee County.

Now comes James price of said State and County and desires to amend his application for pension, and after being duly sworn says:-

That he enlisted as stated in original application, in June 1862, at Kennesaw Ga., in Company " K ", 3rd Ga. reg., Cavalry, and remained with said Company in regular service until he was captured at Big Springs Valley, Tenn., in May 1863⁽¹⁸⁶³⁾ at the time I was captured there was two Captains and 23 privates captured, we were then given paroles but was not discharged, we were first carried to Murphys Bore, and kept a day or two, then to Nashville Tenn., and stayed there over a week, and then to Louisville, Ky., and was kept there several days, then was carried to Baltimore, Md. ~~from there~~ from there to City Point Va., there we were turned over to the Confederate army. I then went to my home in Cherokee County In June 1863. Ga., It had been reported that I had been killed in line of battle, and in order to correct this I wrote to my Captain that I was at home and ready for service and requested him to instruct me as to his pleasure.

He then gave me ,or rather detailed me to find one John F Jones, a member of my Company who had previously left his command without authority, and I was detailed to find him and arrest him and return him to the command, I was unable to find him, I learned later, that he had gone into North Carolina. When I found out that I could find Jones I went and attached my self to my Command at Calhoun, Ga., just before the Chickama^{k u}ga fight, and in this fight I was wounded in the hand and was given a wounded furlough, and went hom again. I remained at home some time when the enemy got so numerous around home that I could not stay there with safty, and so I went back and joined my same commantdat Kennesaw, Ga., and remained with them until after the command crossed Chattahoochee, although I was not able for service , I was not required to do duty, and after we crossed the river, the yankeys had left the community, and I was again given a wounded furlough, unlimited, and I went back home. This was some time in July 1864, and my wound never healed until some time after the surrender, I was never able for service any more.

When I learned that the war was about over, I thought every body had to surrender, so I went and joined Capt. P.H. Lyons Company, and was discharged or payroled with his company at Kingsten, Ga., which was May 5th 1865.

There is not a living witness that I knew of who can testify to my getting wounded, but numbers of them knew I was wounded and not able for service afterwards.

In Dec. 1909, I sold my farm consisting of 106 acres, for \$1550.00, and some personal property amounting to \$200.00, and after paying some debts I owed, I had \$1425.00 left. At that time I decided to make a visit west, and did not know that I would ever return, and wishing to do someting for my children, I gave them all, six in number, \$100.00 each, which left me less than \$900., MY trip west cost me about \$200. and since that time I have been living out of this money.

I have no other income except what little interest I get on this money.

Georgia--Cherokee County.

Personally comes before me A.E. Price who on oath says that he is a Freeholder residing in said county, and that he knows James Price the applicant for Pension, and that he knows the property he sold in 1909, and what disposition was made of the proceeds, and the value, to wit:

In Dec. 1909, he sold 106 acres of land to S. U. Edwards for \$1550.00. and that it was sold for full value, he also sold a small amount of personal property, amounting to nearly one hundred dollars.

To my own personal knowledge he paid debts as follows:-- to Mrs. Louisa Elliott \$147.00, to William Price \$115.00, and some other small amounts, amounting to some eight or ten dollars.

And as he was going to make a visit west, and not knowing whether or not he would ever get back home, in fact he went with the intention of making his home in the west, he gave to each of his six children One hundred dollars, which brought his amount down to \$825.00.

I can testify to the above for I had the money in my possession and assisted him in winding up his business.

He spent about Two hundred dollars of this money on his trip to the west, and at the present time has not got more than one third of the amount the law allows under the pension act.

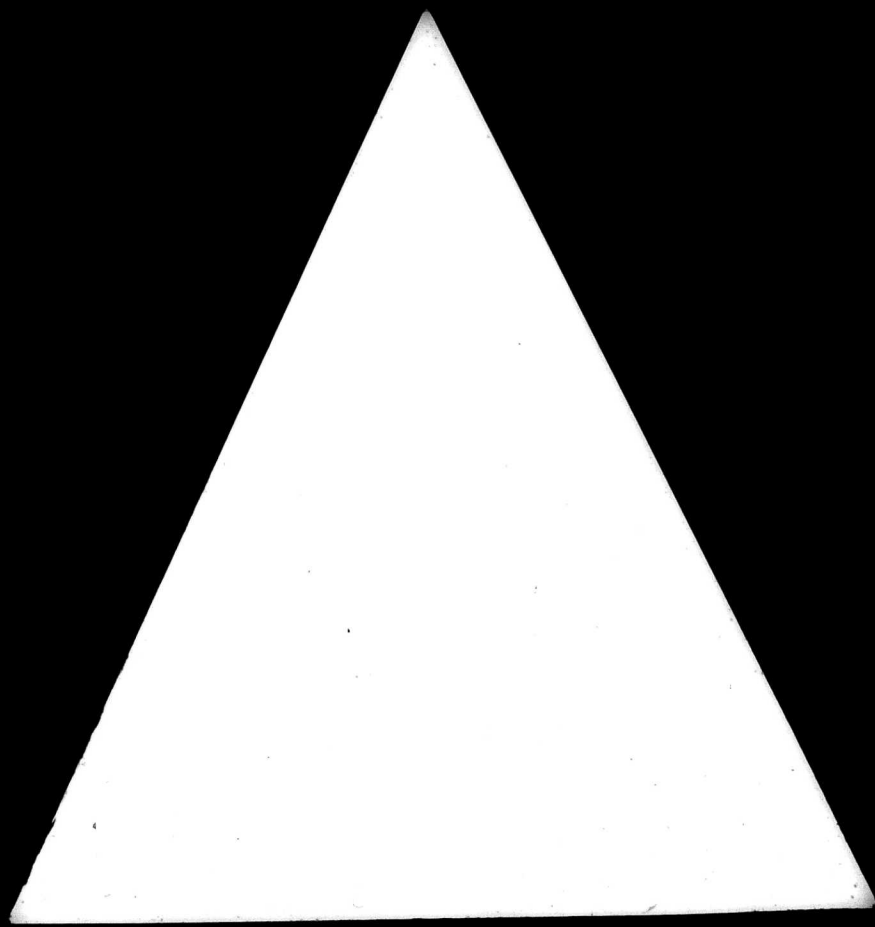

I can also testify as to his wound, that I know he came home wounded in the left hand a short time before the surrender, and it was a long time after the surrender before his hand healed sufficient for him to use it, I was a boy of only ten years of age at the surrender, but I remember Mr Price being wounded, and gangreen had set up in his hand, and for a long time it looked like it would never get well, he was not able to use his hand for more than a year, one reason I can remember this so well is that he was trying to make a little crop in 1865 and I saw him hoeing with one hand, could not use his wounded hand at all.

I knew he was discharged from the service on account of this wound. He was in the service nearly three years and made a good and faithful soldier. His hand has never been worth very much to him, he lost the use of two fingers entirely, and almost lost the use of his wrist.

I was employed to nurse him and to dress his said wound; I continued to dress his wound regularly until some time in 1866 before he was able to walk on his leg of any amount.

NOTES.

In order to avoid unnecessary delays to applicants, and to enable all parties interested to understand the laws granting allowances to disabled soldiers, as well as the rules adopted by the Governor touching the payment of such allowances, the following suggestions are submitted:

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of facts showing the extent of the disability, the disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially* useless.

3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially" useless.

4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially" useless.

5. If papers are returned in correction, and amendments are added to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.

6. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

The Ordinaries of the several counties are specially requested to call the attention of the physicians and applicants to these points.

Amendment of R.B.Puckett to his former

application for the Pension.

State of Georgia—Cherokee County.

Now comes before me, R.B.Puckett and after being duly sworn says that in addition to his application for pension under act of 1910, wishes to amend as follows:—

That he enlisted as stated in application in Spring of 1863 in Randolph Co. Ala., at the age of sixteen years, to the best of his recollection it was Co. B, though he may be mistaken as to the letter of the Company, it was kind of an independent Co., And was ordered to Montgomery Ala, staid there a good while and then Ordered to Enterprise Miss., there this Company was attached to the 9th Miss, Regt., Ferrists Brigade, attached to go into a fight at Tupelo Miss.,

Then after the fight we were ordered back to Enterprise Miss., staid there a good while, then ordered to Demopolis Ala., this Co., was surrendered or disbanded there in April 1865, then some time in May he with several others of his Company went to Talladega Ala, and was paroled there May 25th 1865. I am satisfied that the name "R.B.Puckey" on the records was intended for my name, as I was paroled at that time and place.

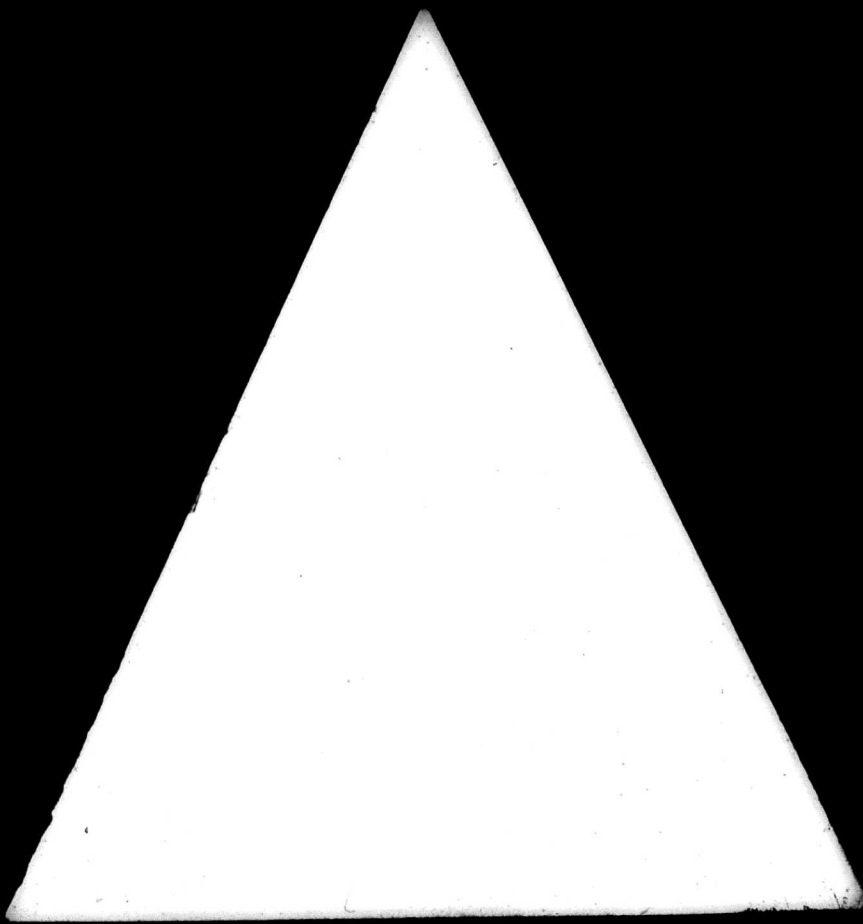

These are the facts as well as I can remember them, as stated above I was only sixteen years of age at the time.

I, I. G. C. Pugh in addition to the affidavit made on the regular blank
for the Pension I desire to make this explanation of my whereabouts
at the surrender.

I was at home unfit for service having been discharged at
Richmond Va., in July 1862, I had fever and a relapse which left
me totally unfit for service and the Board of Doctors examined me
and gave me a discharge; I came home and tried to get well but
never did recover my health, but towards the close of the war I
was ordered to Gartersville Ga. for re-examination which was done
and I was then again discharged and went home. I was still unfit
for service, being very frail I was never very stout and very
small man. I could not stay at home the scouts got so bad they
would take up men who were at home and kill them or send them off
to the army, I was forced to flee for my life, I had to choose
between death and hunting some place of safety and I chose the
latter which was the direct cause of my being in the State of
Indiana at the surrender. I am sure I would have been killed by
these scouts had I remained at home.

I made a faithful soldier as long as I was able, and would much
prefered to be in the army as to being at home and subject to the
evil designs of these scouts, but I could not be admitted back in
the army, having been refused or discharged twice.

NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of fact showing the extent of the disability. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.
2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered substantially and essentially useless.
3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."
4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."
5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.
6. If papers are returned for correction, and amendments are added to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.
7. Every application must be certified by the Ordinary of the County of the residence of the applicant. The certificate of any other will not be received in any case.
