AFFIDAVIT OF PHYSICIANS.

STATE OF GEORGIA, Cobb County.

Personally came before me J. D. Malone M.D. and B. A. Bell M.D., both known to me as reputable physicians of said county, who being severally sworn, say on oath that they have examined carefully G. He suffers from Chronic indigestion, Kidney trouble and Stiffness of joints, and his general Physical Condition is quite feeble, so much so that he is unable to earn a support by manual labor

We further say on oath that the physical condition of applicant renders him unable to labor at any work or calling sufficient to earn a support for himself, and that we have no interest in said pension being allowed.

To the best of my ability, Mr. M. J. Martin reached hom from Madison, Georgia, hospital, the latter part of the year 1864, and that he remained home sick for several months. During this time I was employed by Mr. M. J. Martin's Father, and saw him continuously during his sickness at home, and that he never regained his health sufficiently to rejoin his company while the war lasted. But sometime during the early part of the year 1865, he joined the Cavalry under General Wofford in Atlanta, and remained in the service until after Lee's surrender.

Personally appeared before this 14th day of Sept '20, Mr. M. J. Martin, who deposes and says:

About July 10th, 1864, I left my command at Atlanta, Georgia, on account of being sick with chronic Diorrhea, also had fever which was probably caused on account the above disease, and after remaining at hospital at Madison, Georgia, for several weeks, under the care of the doctor, and after growing worse for sometime I was later examined by Dr. Glenn who was in charge of the hospital at the time, and he stated that I needed a change in diet, also in surroundings, and he issued a pass permitting me to go out in the country and see if this would not improve my condition. I immediately wrote my father, who lived near Lawrenceville, and he came to Madison and carried me home, where I remained for some months, and after being somewhat improved, but not feeling able to rejoin my old company, I went to Lawrenceville and was examined there by an army surgeon. He advised that I was still unable to join my company, but recommended that I join the cavalry. This I immediately did in Atlanta under General Wofford. This was sometime early in the year of 1865, probably the latter part of January or the first of February. I am unable to give the Company or Regiment to which I belonged. As best I can remember the commanding officers name was Brice, or Byce. My Captains name was Bonds.

After enduring the hardships which I had undergone prior to entering the hospital at Madison, Ga., also after my long illness, I was neither physically or mentally strong as before, and for a few years immediately after the close of the war, I worked very hard and endured many hardships and tried to forget the suffering as quickly as possible.

In Re Application for Pension By M.L.Mason.

GEORGIA, Colquitt County.

Personally appeared before me W.S.Stokes who being duly sworn on oath says that he is acquainted with the applicant who is now a resident of Cobb County, Ga.

That he knew him in Colquitt County where he resided for a number of years prior to November 1910 at which time he moved to Cobb County.

Affiant was familiar with the financial standing of the said Mason and knew what property he owned. He owned a piece of land in this county valued at $250.00 for taxes and which he sold for $1287.00. At the time he sold this property and paid up all encumbrances he had left $207.61. This is everything that affiant has any knowledge that said Mason possessed. Affiant was in a position to know the facts by reason of the fact that he was cashier of The Citizens Bank of Moultrie and paid off the encumbrances through the bank for Mason and his balance was deposited in said bank, which amount he has long since checked out.

Affiant knows the physical condition of said Mason, that is, he knew it at the time he left Moultrie. He is a very old man, his mind and recollection weakened from age, and, judging from his condition in November 1910, he would be unable to earn anything at work, if anything at all, very little.

NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of facts showing the *extent of the disability*. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially useless*.

3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."

4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."

5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.

6. If papers are returned for correction, and amendments are *added* to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.

7. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

Personally appeared before the undersigned, Dr. E. J. Sebastian and A. A. Gober, Notary Public, who being duly sworn on oath says they each know Sam F. Mayes and have known him since the war— he was shot in the leg— the leg seems to have been effected with the gun shot— has largely perished away from the knee up to the hip this leg is much smaller than the other, this leg seems to have very little flesh on it— it is stiff, frequently becomes a running sore, the said Mayes limps on the leg, uses a stick and from the appearance of the leg it is constantly getting worse— deponents regard the leg as substantially & permanently useless.

NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of fact showing the *extent of the disability*. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially useless*.

3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."

4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."

5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.

6. If papers are returned for correction, and amendments are *added* to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.

7. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

Personally appeared before the undersigned B.J.Hardage who being duly sworn on oath says that he knows D.T.Miller the applicant for pension in whose interest this affidavit is made. Affiant has has known him for fifty years.

Affiant was an orderly sergeant in in Company A. 12 Ga. which was doing service in Virginia.

In January 1865 affiant got a furlough to come home to Powder Springs. Before the furlough expired affiant was cut off from going from returning by the advance of Sherman's army as were a number of others . He reported the situation to Gen. W.H.Wafford at Cumming,Forsyth County. His business was getting up and recruiting and reorganizing the confederate forces. Affiant was ordered by Gen. Wafford to form a company of soldiers cut off from their commands. He did so. He formed this company at Powder Springs and was made Captain. In this Company was D.T.Miller. Affiant's company was ordered to attach itself to Colonel "Jeff"m Johnson's Regiment at Atlanta, Ga. The company did so,and the regiment was sent to Kingston, Ga. It remained there for a short time when it proceeded on through Calhoun,Gordon County, Ga. and camped at Peters Farm. News came then from Gen. Wafford that Lee had surrendered, and for the members of the company to report in about two weeks and be mustered out. They acted accordingly and were paroled at Kingston, Ga. along about the first of May 1865. Affiant came home,so did Miller and they have both resided at Powder Springs ever since.

In Person appears C. A. Dunwody a resident of Cobb County who on oath says he is well acquainted with Jas. D. Minton who is a near neighbor of his — that in reference to the property as returned by him on the Tax Digest in his name should be returned by him as trustee — it is only a little house and lot in Roswell Cobb County and is really the property of his wife and children — that he has no interest whatever in it — I do know whereof I speak — the deeds and records show these facts also — the little house and lot is merely a shelter for the family — no income from it whatever.

This Jas. D. Minton as spoken of is the applicant for pension, under the Indigent act in this application for pension.

2nd. The Ordinary must, in all cases, send certificate of marriage attached hereto, if marriage is not proven by witness.
3rd. Avoid the use of the enormously large form of marriage certificate in common vogue throughout this State, suitable only for framing. Such a certificate is entirely too bulky for use in any sort of pension paper.
4th. This form is for widows of disabled soldiers who died after October 25th, and for widows and dependent children of Service soldiers who died after November 1st.
5th. The Ordinary should examine the blank carefully and see that it is fully and correctly completed, and the seals affixed, and that the back, when folded, is filled out.
6th. Pay out no money on this application until it is approved in the Pension Office, and returned to you as your authority to make the payment.
7th. Return this application with your final settlement to the Pension Office.
8th. The widow signs pay-roll for the pension of her husband, signing her name opposite his name thereon.

NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of fact showing the *extent of the disability*. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially useless*.

3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."

4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."

5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.

6. If papers are returned for correction, and amendments are *added* to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.

7. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

INSTRUCTIONS:

1st. This form is for widows of Service and Disabled Soldier pensioners, who died after November 1st. If pensioner died after January 1st, leaving dependent children but no widow, their guardian may use this form in their behalf.

2nd. Proof of marriage must be made, though the date of marriage need not be proven, it being only necessary to prove that pensioner and widow were living together as husband and wife at the time of death.

3rd. Do not use the enormously large form of marriage certificate in common usage throughout the State, suitable only for framing. Such certificate is entirely too bulky for use in any pension application. A plain certificate written on the back of the copy of marriage license is the proper thing.

4th. The Ordinary should examine the blank after it is filled in, and see that everything is fully and correctly completed, and the seals affixed, and that back of application, where folded, is filled in.

5th. Pay out no money on the application until approved in the Pension Department and returned to you as your authority to make the payment.

6th. Return this application with your final settlement to the Pension Department.

7th. The widow or person holding her proper power-of-attorney receipts for this pension by signing name, as widow, opposite the name of husband on the soldier pay roll.

8th. Only the one pension is covered by this application. If the marriage took place before 1881, take another application, on the white blank, to admit widow to rolls in her own right. November 1st is the last filing date for the next year's rolls.

INSTRUCTIONS:

1st. This form is for widows of Service and Disabled Soldier pensioners, who died after November 1st. If pensioner died after January 1st, leaving dependent children but no widow, their guardian may use this form in their behalf.

2nd. Proof of marriage must be made, though the date of marriage need not be proven, it being only necessary to prove that pensioner and widow were living together as husband and wife at the time of death.

4th. The Ordinary should examine the blank after it is filled in, and see that everything is fully and correctly completed, and the seals affixed, and that back of application, where folded, is filled in.

5th. Pay can no money on this application until approved in the Pension Department and returned to you as your authority to make the payment.

6th. Return this application with your final settlement to the Pension Department.

7th. The widow or person holding her proper power-of-attorney receipts for this pension by signing name, as widow, opposite the name of husband on the soldier pay roll.

8th. Only the one pension is covered by this application. If the marriage took place before 1861, take another application, on the white blank, to admit widow to rolls in her own right. November 1st is the last filing date for the next year's rolls.
