NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of fact showing the *extent of the disability*. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.
2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially useless*.
3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."
4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."
5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.
6. If papers are returned for correction, and amendments are *added* to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.
7. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

Personally came before me ^{W. H. H.} ~~W. H. H.~~ ^{W. H. H.} who after being duly sworn, say on oath, that he is personally acquainted with M. H. Humphries, of Douglass County. That he has known him for nearly 30 years. I lived in Campbell County, not very far from him, before and during the war, which is now Douglass County, and have lived near him all the time since. I know Mr. Humphries well, and only lived two or three miles from him since the war. I know his condition and I know positively that he is unable to do any manual labor. He stands in great need of help. He has no property and no means of supporting himself. I know that he served in Virginia, in the 1st Ga. Regiment, for over two years until the battle of Gettysburg. He was then transferred to Morgan's Calvary, which was called Morgan's Sharp Shooters. They acted as sharp shooters and scouts for Gen. Morgan.

His Captain's name was Hiland Holmes. He once lived in Atlanta, but information now is that he is dead. ^{Humphries} ~~Humphries~~ received a very bad wound at Chancellorsville, Va., and also received another very severe wound at Sauleburg Va. The wound that he received at Chancellorsville has given him a great deal of pain and suffering; all of the time it continues to discharge, from the time he received it, up to the present. I know to my own knowledge that he has not been able for military services since he received this last wound. When Sherman's Army came through this section of country they captured Mr. Humphries and carried him to prison at Louisville, Ky. I was myself in Ky. in prison in the early part of 1865. His health was very bad at that time, and he was carried to the Hospital and my information is that he remained there until after the close of the war. He came home from Ky. several months after the war.

Hon. J. W. Lindsay,

Dear Sir:

Enclosed I hand you affidavits about Mr. W. Humphries
 pension. Please file them with the other papers. I will
 have some other affidavits in this case, and in the other four
 cases from Douglas County.

Yours very truly,

J-M.

J. M. James

Georgia, Fulton County.

Personally came before me H. E. Humphries, application for pension in the attached papers, who after being duly sworn says on oath that he is now about 70 years old, and is in a very feeble state of health, unable to do any kind of manual labor, by which he can earn a living. I have only one daughter and my wife in my family. My daughter is badly crippled and can do nothing, and my wife is old and feeble. We have no property or anything to support us. When I left the 51st Ga. I was transferred to what was known as Morgan's Sharp Shooters. There was from 25 to 30 men in this cavalry, the Captain of our company was named Hiland Holman, and lived in Atlanta at that time. He was Col. Lee's Adjutant in Atlanta, who commanded the post in Atlanta for some time.

My captain was wounded at the same time I was, I mean the second wound I received. This occurred at Saulsville, Va. After he and I came home on furlough, Morgan's Cavalry, or that part of it in which we belonged went into Tennessee. When Sherman's Army came in here, I was at home on furlough, and could not walk without artificial means; I carried a heavy cane to aid me along. I dropped out from the Sherman's Army as best as I could, but I was reported as having belonged to Morgan's Cavalry, and they ^{went} to my home, then Campbell County, and took me a prisoner. I was still suffering a great deal from the wounds I had received. They carried me to Louisville, Ky. and my health was so bad, they did not carry me any further, but put me in the Military Prison at that place. I was unable to travel, and they allowed me the privilege of going out in to town, but I did not have any money or anything, and did not know any of the people who lived there. I was compelled to rely on the prison to give me something to eat. My left leg was continually giving me seriously trouble, ulcerated in such a way as to have a discharge, and it has continued from that time until now, and is so now I can hardly get about. My health was so bad and my wounds continued to keep me exhausted in such a way that I was finally sent to the Government Hospital for treatment. I stayed there until after several months after the war was closed, being unable to get home, and

finally about three or four months after the war I was sufficiently recovered to return home.

Deponent further states that from the time he came home, up to the time he left Louisville, that he could hardly live, on account of his condition, and being unable to go into service. If he had been able, he could have escaped, because the Federals knew he could never do anything as far as military was concerned. Deponent has searched diligently for the people who were in the Sharp Shooters in Morgan's Command, who served with him, but he has been unable to find any of them. He is informed that his Capt. is dead. If there was any regiment name to Morgan's Sharp Shooters I do not know what it was, we acted more like scouts for him, but they called us Morgan's Sharp Shooters.
