I disapproved for the reason that no marriage profits
right of or belong to John Pinson under contract of first husband
when her second husband dies, unless the first husband died as
result of injury received while in line of duty. This operation
does have been made in prior days, but would not be approved
anyway.

NOTES.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of fact showing the extent of the disability. If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.
2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered substantially and essentially useless.
3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."
4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."
5. If application is for loss of fingers or toes the proofs must be made to show the number, and points where amputated.
6. If papers are returned for correction, and amendments are added to any of the affidavits, the amendments must be made under oath before an officer, and the proofs must show that the amendments have been duly sworn to.
7. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

AFFIDAVIT OF PHYSICIANS.

STATE OF GEORGIA,

Douglas COUNTY.

Personally came before me Dr. W. H. Burnett and J. P. Whitley, both known to me as reputable physicians of said County, who, being severally sworn, say on oath that they have examined carefully Reuben Owens, applicant for pension under Section 1254, Code, and after such personal examination say that his precise physical condition is as follows:

Noting the applicant debilitated in condition, his age, and physical condition combined, render him unable to do but little manual labor.

They further say on oath that the physical condition of applicant renders him unable to labor at any work or calling sufficient to earn a support for himself, and that we have no interest in said pension being allowed.
