NOTES.

In order to avoid unnecessary delays to applicants, and to enable all parties interested to understand the laws granting allowances to disabled soldiers, as well as the rules adopted by the Governor touching the payments provided, the following suggestions are submitted.

1. If an applicant has been wounded, the description of the wound should be carefully and fully set forth by applicant and physician, and followed by a plain statement of facts showing the *extent of the disability.* If applicant claims disability from disease contracted in the service, a full and carefully stated history of the disease should be given, tracing the disability by positive proofs to the service.

2. The law makes no allowance for an arm or leg, unless the arm or leg has been rendered *substantially and essentially useless.*

3. It will not answer to say that an arm is "substantially useless for ordinary pursuits of life, etc." There is no qualification to the clause of the Act in reference to the arm or leg, but the limb must for all purposes be "substantially and essentially useless."

4. If the application is for a wounded leg, it would seem to be a fair construction of the Act, and the words above quoted, to say that unless the injury is such as to require the constant use of crutch or stick, that the leg is not "substantially and essentially useless."

5. If papers are returned for correction, and amendments are *added* to any of the affidavits, the amendments must be made *under oath* before an officer, and the proofs must show that the amendments have been duly sworn to.

6. Every application must be certified by the Ordinary of the county of the residence of the applicant. The certificate of any other will not be received in any case.

The Ordinaries of the several counties are specially requested to call the attention of the physicians and applicants to these points.

To The Hon. W. H. Harrison,

Executive Department,

Atlanta, Ga.

DEAR SIR:-- I knew Howard N. Williams, before the war. We attended the same school and church. I never heard him complain of pain or sickness up to the time of his going to the war. He was a stout, healthy boy and man. He went to the war at the commencement, and was shot in the arm and hand, losing the entire thumb, rendering the right hand very nearly useless. He was then furloughed, or discharged, came home and remained for awhile, and returned to the war, where he contracted Jaundice. When the war ended he came home an invalid, with an enlarged liver. His family and friends thought that he had Consumption as all with an enlarged liver have a cough. In 1865 he consulted a doctor--J. B. Bowers--who told him that he could not cure him, but could "patch" him up. From then till 1872 he was under treatment of seven different doctors, and all of those who are now living, will bear me out in this statement, That he came to his death in consequence of services rendered in the war. All the time from '65 till '72, he was an invalid,--physically unable to do manual labor,--his wife ploughing and supporting the family. I saw him frequently during all those years from '65 until '72, and heard him complain of not being well, each time. After returning from the war, he knew nothing but sickness and pain until 1872, when he was relieved by the angel of death. His wife was left with a small farm, but long since it has been sold from under her. He died at the age of 28 or 30 years.

Very respectfully, J. M. Starr M. D.

Executive Department

Atlanta Ga Jany 27 1893.

Questions to be answered by J. Dr. J. M. Starr and witnesses McLane, Scarborough, and Newman in the case of Mrs Nancy E. Williams applicant for widows pension. Make separate and full answers under each.

1. Did Mr. Williams have abscess of the liver during his service in the Army.
2. Did he have enlargement of the liver then.
3. He served three years as a Soldier after his attack of jaundice in 1862. Then how is it known to witnesses, that the jaundice in 1862 caused the abscess in the liver 10 years after.
4. Do you absolutely know the war, or his service as a Soldier caused the jaundice in 1862.
5. Do you personally know that he was entirely exempt from jaundice prior to his enlistment as a soldier.
6. Do not many who were not soldier have jaundice and liver diseases.
7. Were there any other members of his Command similarly afflicted. If not how is it known the service caused the disease in Mr. Williams case.
8. Give full history of Mr. Williams after he left the army. What was his condition in each of the years 1865. 1866. 1867. 1868. 1869. 1870. 1871. Did he have abscess of the liver in 1865. or 1866. or 1867.
9. What work or labor did he do during those years.
10. From all the full history of his case do you swear from your personal knowledge that the service as a Soldier absolutely and directly caused his disease.

INSTRUCTIONS:

1st. Proof of marriage must be made.
2nd. Do not use the enormously large form of marriage certificate in common vogue throughout the State, suitable only for framing. Such certificate is entirely too bulky for use in any pension application. A plain certificate written on the back of the copy of marriage license is the proper thing.
3rd. The Ordinary should examine the blank after it is filled in, and see that everything is fully and correctly completed, and the seals affixed, and that back of application, when folded, is filled in.
4th. Pay out no money on this application until approved in the Pension Department and returned to you as your authority to make payments.
5th. Return this application with your final settlement to the Pension Department.
6th. The widow or person holding her proper power-of-attorney receipts for this pension by signing name, as widow, opposite the name of husband on the soldier pay roll.
7th. Only the unpaid pension for the year is covered by this application. Take another application, on the white blank, to admit widow to rolls in her own right.

March 14th, 1925.

To the Confederate Pension Officers in Georgia:

Personally appeared before me, H. E. Bailey, Judge of Probate for Anderson County, South Carolina, J. A. Brock and Geo. W. Yeargin who were members of Company G, 2nd Battallion, of South Carolina Reserves during the Civil War of 1861 to 1865; that said Company was composed of seventeen year old boys and were organized in August 1864 and did guard duty in Columbia, S. C. where Federal officers were imprisoned until the prisoners were removed in February 1865 upon the approach of Sherman's Army. The prisoners were carried to Petersburg, Va. and exchanged at Bermuda Hundreds on the James River.

The aforesaid Company G was brought back to Greenville, S. C. and when the raid by Federal soldiers, or stragglers, filled this section, the Company left Greenville and when the men reached a point near Williamston, S. C., they were disbanded and told to go to their homes. There was no formal surrender.

Both testators say that Mr. L. O. Williford, of Lavonia, Ga. was a member in good standing of said Company at the time it was disbanded, and his application for a pension should have favorable consideration without hesitation.

Gentlemen:-

I cannot of my own personal knowledge certify to the facts concerning the Civil War Service rendered by Mr. L. O. Williford, now of Lavonia, Georgia, who is represented as having been a member of Company G, 2nd Battalion South Carolina Reserves, but it affords me pleasure to state without hesitation that the facts as given by Mr. Geo. W. Yeargin and J. A. Brook can be relied on as absolutely correct, and when they state that they were members of same Company and that Mr. Williford was a member of that Company when it was disbanded near Williamston, S. C., after Gen. Lee's surrender in Virginia in April, 1865, their statements should be received and have full force and effect.
