Affidavit for Three Witnesses.

Form No. 2.

STATE OF GEORGIA,

Oglethorpe County.

PERSONALLY appears before me, the undersigned Ordinary in and for said County, *E. M. Drake* and *J. J. Bacon*

personally known to me to be trustworthy citizens, each of whom, being duly sworn according to law, severally say, under oath, that they are personally and well acquainted with *J. B. Webb*

whose application is herewith presented for a pension, that he has resided in this State continuously since the day of 1890, that he served in Company *E* of the

38th Co. Regiment of *Infantry* Brigade, and from our personal knowledge, he

while in line of duty, was injured by the service as follows: (give full statement, and tell in your own language when, where and how the injury happened, or the disease was contracted, and to what extent applicant is disabled from work as a direct result thereof. If he does not know or can not say, state what.)

He was wounded in right knee at Battle of Cold Harbor Va. on 27th June 1862, was carried to Hospital and remained in Hospital until Oct. following, when he was honorably discharged from the army in consequence of the wound. He has been lame with it ever since, has been able to do some work with recent years, but has had a demand for it this time. In the last year or two the limb has gotten much worse, and has now become so that he cannot use it to show at all, and cannot do much walking, and it seems to have involved his whole physical system.

We personally know above stated facts. We were with him in the army and have known him ever since.

He was honorably discharged or retired from the service on day of

1862. Applicant is permanently disabled as stated and has been so to our certain knowledge ever since 1862. We have no interest in the recovery of a pension by him.

NOTE: 1.—The Ordinary will see that the full text of the Affidavit is understood by the witnesses, and that they are legally qualified to the same.

This wound was made with a brass based Minnie ball which penetrated the same and caused extensive suppurative and sloughing. From obstructed circulation Applicant had

was afflicted with Erysipelas Gangrene and Varicose Ulcers, confining him a great portion of the time to his room. The above described injuries continuing so long have involved the heart and as a sequence he suffers with asthma and swelling of the extremities.

We have treated applicant professionally for *not at all* years, and his condition, as above stated,

does *not* arise from hereditary or congenital causes, or from vicious or intemperate habits. Applicant's heart beats 52 to the minute—very irregular.
