0-

Before me, a Justice of the Peace

in and for said County, personally came the persons whose

names are hereunto subscribed, and each one of them on oath

deposes and says: He knew John T. Young intimately and

well for a long number of years prior to his entering into

the service of the Confederate States as a soldier. During

his youth, and up to the time he went to the army, the said

John T. was a strong, active, robust and healthy person, to

all appearances free from any sign or indication of infirm-

ity or disease of any kind. During the period above indi-

cated, deponents had ample means of knowing about his health

and his physical condition, and they never at any time saw

any symptom, or had any reason to believe, that the said

John T. was afflicted with the disease which manifested it-

self after he joined the army; and these deponents do not

believe that such disease was in his system prior to the

time when he became a soldier. From their knowledge of his

previous condition and what they have seen of him since,

they are fully satisfied that the causes of his present de-

plorable condition were the exposure and hardships incident

to his service in the army.
