#### **Notes for "LUCY" LULA ELIZABETH HOLLAND:**

Lucy was a charter member of the High Shoals Missionary Baptist Church in Paulding Co., Ga. She was a housewife and a mother. Kept a beautifully clean house, whitewashing the fire places every Saturday. She always had a big hug for me when I went in. One thing we could always count on finding in the warmer of her woodburning cookstove on Sundays when we went out to visit, was homemade fried apple pies. She always dried apples every year and made fried pies every Sunday, or whenever she knew she would have grandchildren visiting. Grandpa saw her for the first time when she was 12 years old sitting under a Christmas tree and fell in love with her. He vowed then that when she got old enough he was going to marry her - she was a beautiful young girl. Grandma never sat. I never saw her sitting, she was always working at something. She worked hard to raise vegetables and preserving them to feed her family, and sitting down for a meal was a feast. Now Grandpa was always fed first, then the other adults and then the children - that's the way he wanted it. She worked hard but you never heard her complain. She was a quiet person, but she did love for any of the grandchildren to play the piano for her. She encouraged her children to go to school and learn. She loved and was proud of her family. I stated earlier that I never saw her sitting, well that is not exactly the truth. When they got a television there was one thing that she never missed on TV on Saturday nights - wrestling. She loved to watch it and rarely ever missed it. 'Course wrestling back then was real wrestling, and some Saturday nights you could find Herschel out there watching it with her.

**Notes for "TOM" JOHN THOMAS JONES:**

Tom was a charter member of the High Shoals Missionary Baptist Church in Paulding Co., Ga. He was a farmer all of his life, but I was always amazed at his idea of farming. He would get spring fever and get out and plow his fields and get them planted. Then he would wait for the crops, mostly watermelons and cotton, to grow and produce. Grandma and the kids were the ones who worked the fields, Grandpa figured he had done his part. Grandpa was not a man to cross but he could be a very loving person. He grew up during hard times for his family and knew what it was like to be called "one of the Jones boys". You would have to read the book written by Pat Hardin about The Wiley Jones Family - "The Black Horseman" to know what I am talking about. Tom and Lucy lived in South Ga. for about 5 years and then returned to Paulding County. They both loved their family and were proud of their children. When Grandpa was in his 80's he was kicked by his plow horse during a thunderstorm and it broke his leg. He had never taken even an aspirin, and the shock of medication to his system was probably what caused him to have the mild strokes that he had. It was sad to see such a large, strong man become an invalid. He was hard of hearing, so his talking loud to you and you having to talk loud to him was understandable. We, the grandchildren of Tom and Lucy, have many fond memories of our antics at their farm. Smoking rabbit tobacco in the barn loft, stealing watermelons out of the watermelon patch and taking them to a gully to bust them open and eat them - even if they were green. The boys trying to ride the calves, cows, horses and even getting into the pig pen and trying to catch and ride the pigs. So many good times on the farm for the children who were being raised in town. It was always an adventure.

The Tom Jones family lived in South Georgia for 5 years. They were living in Terrell County, Georgia when the 1920 census was taken. Listed in the census are Thomas 49, Lola 43 (Lucy), Donna 19(which is D.L - census taker didn't spell it right), Quinton 16, Hershah 14, Clarra 11, Burnice 9, Felt 4, and Paschal 2.

**Notes for HETTIE LONOUS JONES:**

Hettie was a charter member of the High Shoals Missionary Baptist Church in Paulding Co., Ga. She and her husband are both buried in the cemetery there. She was a housewife and mother, a very active member of the church and was a member of the Eastern Star. Durham was an active member in his Masonic Lodge. One thing that Aunt Hettie brought to family reunions that I will always remember were her fried pies. She and her mother could make the best fried pies that I have ever eaten. She and Uncle Durham always had a vegetable garden. She made the best jams and jellies too. She and Durham were wonderful God fearing people. They set a good example in front of their children and their neices and nephews. Neither were afraid of hard work and they proved it by their own hard work. Aunt Hettie was a true southern lady.

He married LOUVIE MAE SINYARD 14 Sep 1930 in Paulding County, Georgia, daughter of RADFORD SINYARD and MINNIE ADAIR. She was born 03 Apr 1907 in Paulding County, Georgia, and died 05 Nov 1995 in Paulding County, Georgia.

Notes for WILLIAM HERSCHEL JONES:

Herschel was a member of the First Baptist Church in Dallas, Ga. and taught the men's Sunday School class there for 16 years. He is buried in the Dallas Memory Gardens Cemetery. He was an educator, teacher and principal, in the Paulding County School System for 40 years and The Herschel Jones Middle School in Dallas is named after him. He also taught Veteran night classes after WWII for 10 years in Dallas. He coached football at Dallas High School around 1943 and coached basketball at Burnt Hickory School, Yorkville School and Union School in Paulding County. He was on the Dallas City Council for about 3 years before he died. Herschel was a very outgoing and friendly person and never met a stranger. He was very sensitive to the needs of others and he never judged a man by the color of his skin, his religious preference or by his chosen life's work. He and mother always taught us to give everyone a chance to prove themselves.

The following was written during the summer of 1951 by Herschel Jones, while taking a college class. It was found by my niece in 1999 at Dad and Mom's home, while sorting and cleaning out their things. To me it is a treasure for it answers many questions that I have wanted to ask Dad over the past several years. He died in 1971 and since that time I have started working on the family genealogy. Finding this truly makes me appreciate my Mother for not throwing away everything, because when I read it I felt like that I was listening to Dad talk to me. I am so thankful this little bit of history about my Father and his family was preserved. I wish that everyone who is working on their family history could be so lucky. Dad not only played on the first football team at Dallas High School, he also played on the first basketball team there. The first football game played in Dallas was an exhibition game for the folks of Dallas to see what football was like.

Dale Jones Loudermilk

My Autobiography  
by Herschel Jones

One Saturday early in October 1924, I was standing on the corner of Main Street of my hometown, Dallas, Georgia. Everyone was excited because there was to be the first football game ever played in Dallas.

The new principal of the high school came up and took my arm and asked, "How old are you?" I replied that I was seventeen at that time. He began to talk to me of the advantage of an education, also the pleasure of football. He asked me to go to the game with him to witness the contest.

I went to my first game, and it made a lasting impression on me, as I had always liked sports of any kind. So on Monday following, I was at the school house ready to begin school again.

I was born and reared in Paulding County by very good parents, but as there was a large family and farming was an exacting way of making a living, I had not been able to go to school as much as many boys. Father gave his permission to start back, and this has proved to be the turning point of my life.

I had no intention of finishing high school. I was merely going to go and play football until the season was over, but after starting I made up my mind to complete high school if possible.

My first few days were unpleasant in association with boys of the high school, for up until that time there wasn't many boys from the country. Every one tried his luck to lick me, but as I had always spent my hours in outdoor sports such as hunting, fishing, wrestling, climbing, swimming, and other normal sports as natural to a country boy, I was more than able to hold my own with them.

Being associated with boys and girls, it came natural for me to like to be around them, so after high school I began teaching in a small two teacher school. The school where I went when in grammar school. This community was predominantly Baptist, and very neighborly. Everyone always looking after his neighbors in time of need and sickness.

My Father's Grandfather had come from Wales as an Immigrant. He settled on Pumpkinevine Creek and became a well known farmer. My mother's people were from Virginia. They were all people of a

stern character, and I had to behave just so during my early boyhood.

They always taught us to respect other people, to remember that every one had a feeling as same as we did.

They always told us to stand for our rights if and when we knew we were right. They taught us to tell the truth, and to love our God as the creator of all things.

I have been teaching school for twenty-two years in my home county. I have always tried to instill into my pupils that they have one time to prepare for life, that is while they are young. I can truthfully say that I have never mistreated any child and that their station in life does not enter into the picture as a pupil. Every one is on the same basis in my school.

On September 14, 1930, I married a wonderful girl. One that has been a great help and companion to me. We have three children, two girls and one boy. We are making every effort to bring up these children in the right way. The oldest has already finished one year in college and the other two are in school. I am trying to keep them from missing as much in school as I did.

With the help of God and my fellow beings, I hope to live a life of which I will not be ashamed to leave behind.

**Notes for LOUVIE MAE SINYARD:**

Louvie was a member of the First Baptist Church in Dallas, Ga. where she sang alto in the church choir for many years. She is buried in the Dallas Memory Gardens cemetery in Dallas. Her life's work as a wife, homemaker, mother, excellent cook and antique dealer made her a very unique person. She was an excellent seamstress and won a state award in the wool suit division in the Home Demonstration Club competition at the University of Georgia sometime around 1948. Another thing that Louvie was accomplished at, especially in her younger years, was piano playing. She enjoyed doing things for her family and was always there with loving arms and a shoulder to cry on. She lived her whole life helping and doing for her family. Her hobby was collecting and selling antiques and junk. This was her way of meeting new people when she had her little shop at The Red Barn Antique Village in Douglasville, Ga. for some 16 years. Louvie and Herschel provided and encouraged their children to take piano lessons. All the children could play and all sang in the youth choirs at church. Music was a big part of their lives and all enjoy and love music to this day. All of their children took music lessons and appreciate and enjoy it now.

When W. B. died, Bernice was left with two small children to raise. They were living in SC at the time of his death. She moved back to Paulding Co., Ga. to her parents home and started teaching. While teaching she went to college at night to earn her college diploma and her teaching certificate. She taught school until she was diagnosed with breast cancer. She had to have radical surgery but lived only a few months afterwards. She is buried next to her husband in the Yorkville Church Cemetery. She not only raised her two children, while teaching, she took care of her parents when they could not do for themselves. Aunt Bernice was a kind and loving person and you always felt at home when you went out to visit. One thing about Aunt Bernice that I will always remember was that she always had a smile and a hug for you when you went to see her.

**Notes for JAMES PASCEL JONES:**

Pascal worked for the Life of Georgia Insurance Company. He loved to fish and had a cabin on a lake that was he and Aunt Maebelle's get-a-way place. He was the youngest of Tom and Lucy's children and was probably the most mischeivous and fun loving. You couldn't help but love Pat, as we affectionally called him. He and Maebelle could not have any children so he got them a monkey. I'll always remember that monkey, he was spoiled as much as you could spoil a child. We always looked forward to their visits, because we never knew what kind of stunts Uncle Pat would pull. I miss him sorely.

He was born 10 Mar 1937 in Fairfield, Illinois.

**Notes for LILA ANNE JONES:**

Lila's first three school years were spent at Cochran, Burnt Hickory and Wheelan. Later years were spent in the Dallas School system until she graduated in 1950.

The lack of a local 4-H Club led Lila to convince the county extension agents to organize the Cloverleaf 4-H Club. Acting as its first president, Lila began a 4-H program in Paulding County, a decision that impacted her life. Moving through the ranks in the County Council, Lila attended district and state programs and excelled in project competitions. By winning a trip to the National 4-H Congress in Chicago, in 1950 she became the first Master 4-Her from Paulding County and Georgia's first National Clothing Achievement winner. In 1952 she was one of four Georgia delegates to attend the National 4-H Camp in Washington D. C. In 1954 she won the Georgia 4-H Project Achievement Award and in 1956 was an IFYE delegate to Italy.

Lila attended West Georgia College from 1950-52 and later the University of Georgia from 1952-54, where she earned a BSHE degree with a major in Clothing and Textiles. Ten years were spent as an Extension Home Economist for the state universities of Georgia, California and Illinois.

Lila Married Ray Allison of Fairfield, Illinois. She left the extension Service in 1967 when Ray graduated from the University of Georgia Law School and they settled in Columbus, Georgia. She then devoted her time to rearing their two children, Kenneth Ray and Pamela Anne. In 1985 she began work at Design Galleries and by 1992 became the owner.

**Notes for RAY LEON ALLISON:**

Ray graduated from Fairfield High School in Fairfield, Illinois in 1954 and from the University of Illinois

in 1958. He was in the ROTC in college and served in the U. S. Army for 4 years after graduating from college. In 1967 he graduated from the University of Georgia Law School and is now a partner in the Denney, Pease, Allison, and Kirk Law Firm in Columbus, Ga. He is a member of the First Baptist Church in Columbus, Ga.

**Children of LILA JONES and RAY ALLISON are:**

179. i. KENNETH RAY<sup>19</sup> ALLISON, b. 28 Jan 1963, Walnut Ridge, Arkansas.  
ii. PAMELA ANNE ALLISON, b. 08 May 1968, Columbus, Georgia; m. DEREK MURRAY BENTON, 18 Oct 2003, Paulding Co., GA; b. 18 May 1978, Florissant, IL.

Notes for PAMELA ANNE ALLISON:

Born and raised in Columbus, Georgia, Pamela now resides in her late maternal grandmother's house, located in Dallas, Georgia. She has helped restore and renovate the historic home to its original splendor, and is looking forward to having her organic garden next year.

Currently a partner and co-manager in a family owned business, Pamela is working quickly toward offering her own line of handcrafted, limited edition fine jewelry and lapidary work. Applying her fine art background within her business life is a natural extension of her aesthetic love and theoretical understanding of art. After obtaining her first degree in Anthropology from the University of Georgia, Pamela went on to study Art History at Radford University in Virginia. she graduated with top honors and achieved membership in an academic honor society.

Pamela's fondness for world history and architecture led to her winning a scholarship at Oxford University in England for a summer's program of study. Her achievements in Europe led to another induction in an academic honor society, one open only to international scholars.

However, Pamela is very down to earth and loves sharing her home with her three cats, bird and beta fish. In addition to doing volunteer work with the local animal shelter, she is also acclimating herself to the Paulding County community in general, where she is reconnecting with her maternal family history and roots.

**80. HERSCHEL MAXIE<sup>18</sup> JONES (WILLIAM HERSCHEL<sup>17</sup>, "LUCY" LULA ELIZABETH<sup>16</sup> HOLLAND, "DOC" HENRY CLAY<sup>15</sup>, HARRISON RAMSEY<sup>14</sup>, ARCHIBALD "HAWK"<sup>13</sup>, WILLIAM<sup>12</sup>, HENRY J.<sup>11</sup>, HENRY "HENRY THE ELDER"<sup>10</sup>, HENRY<sup>9</sup>, HENRY<sup>8</sup>, JOHN<sup>7</sup>, GABRIEL<sup>6</sup>, JOHN<sup>5</sup>, HENRY<sup>4</sup>, HENRY<sup>3</sup>, THOMAS<sup>2</sup>, HENRY ?? She was born 10 Jul 1938. He married (2) BONNIE CAROL LOCKWOOD 17 May 1995, daughter of HAROLD LOCKWOOD and ANNIE HALL. She was born 29 Sep 1966.**

Notes for HERSCHEL MAXIE JONES:

Maxie graduated from Dallas High School in Dallas, Ga. in 1955. He served in the U. S. Navy on an aircraft carrier and was in the Cuban blockade. He is a very friendly and outgoing person like his parents. He loves the mountains, fishing and sports. He is a member of the First Baptist Church in Dallas, Ga. Maxie played trombone in the first Dallas High School Band and took piano lessons when he was young - he loves listening to music almost as much as he loves watching football.

The first six years were spent on the family farm in the Sudie Community, the family then moved to Dallas. Maxie was a child who was always working on something. He shined shoes at a local barber shop, delivered groceries for Tom and Red Hay on a bicycle, cut grass with a push mower, delivered newspapers to the people in town and worked at Peoples Drug Store.

As a 4-H member he had many projects but two that I remember the most were raising rabbits and then later, setting out 10,000 pine trees on the Jesse Atcheson farm that his father bought. Maxie even gave his father money that he had in savings to help buy the farm. His present home is now located on part of that property. He started out mowing grass for the neighbors with a push mower. He saved his money and bought his first power mower and hired a couple of other boys to help him.

He would get up at 5:00 a.m. each morning and deliver the Atlanta Constitution before going to school. There were several women who would have a biscuit ready for him when he came by. Later he also delivered the afternoon paper, The Atlanta Journal, after football practice. All of this was done while still going to school everyday. He didn't have to do these things, he did them because he wanted to.

At the age of 14 he bought his first car, a 1934 Chevrolet for about \$35. He then hired another boy to help him deliver papers.

He and Sue married secretly when he was 16. They married secretly so that they could finish high school. The day after he turned 18, he went to work at Lockheed Aircraft in Marietta, on swing shift, and graduated from high school that year.

After his service in the Navy, he worked for Joe Jones Ford Company, again at Lockheed, and as an Allstate insurance adjuster. He loved working on cars and built a small body shop as a side job. He finally built a larger shop on Old Cartersville Highway and did this full time for many years. He is now in the chrome plating business.

His hobby in his late teens and early twenties was drag racing, when Marvin Jones built the local drag strip in Paulding County. At one time he had many trophies representing his many wins.

He was so proud of his daughter Kim. They were best friends all of her life. He and Sue divorced in the early 1970s. When Kim was 14 she went to live with him. The one thing they enjoyed doing together was riding motorcycles. Kim was an honor graduate which made her father very proud of her. He gave her the down payment for her first car and she worked after school and on weekends to make the payments and pay the insurance.

Kim was murdered on 1990 by her estranged husband and three hired me. The impact of this tragedy will haunt her family members for as long as they live. Maxie takes one day at a time and makes the best of it, but the haunting of Kim's death is remembered every day.

**Child of HERSCHEL JONES and MARTHA KAY is:**

- i. KIMBERLY KAY<sup>19</sup> JONES, b. 15 Dec 1962, Polk County, Georgia; d. 13 Dec 1990, Paulding County, Georgia.

Notes for KIMBERLY KAY JONES:

Kim was pure sunshine in our family. Always a big smile on her face and a twinkle in her eye. Always joking and laughing. If you weren't feeling "up to snuff", she would have you laughing and smiling in no time. Even as a toddler she would keep us in stitches. Always into something like the time (at about two years of age) when she was in the back seat of the car. She only had on a diaper, with a purse hanging on her arm. Her mother stopped at the red light and noticed the people in the car beside her laughing and pointing to Kim. Her mom turned around and Kim was standing there in her diaper with lipstick all around her mouth with one of her daddy's cigars stuck in it. Both arms resting on the back of the seat, her belly hanging over her diaper and the purse hanging on her arm, she was ready to go to town.

What about the time her mom called her dad at work and wanted him to come home to kill the cat because it had scratched Kim in the face? He did not come home immediately because he was use to Kim's antics and figured he should talk to her first because he knew she dearly loved that cat. He talked to Kim later that evening and found out she was holding the cat and was putting it up to the dog's face. Well naturally this scared the cat and the only way it knew how to defend itself was to scratch her. When Maxie asked her why she did it - her reply, "But Daddy, it was funny."

When she was small she would go down and visit her Great-Grandmother Sinyard. This was indeed an adventure because Momo Sinyard had a chamber pottie with a lid that she used - a white enamel bucket trimmed in red. Kim told Momo she wanted one just like it - well what do suppose Momo Sinyard got her for Christmas that year?

She was always so full of energy. Never sat still. When she learned to walk she didn't walk - she ran. Now her cousin Kenny was active too but he loved to read, even at the tender age of two and three. If he came and she had a new book that he had not read he would want to read first then play later. Kim got wise to this and when she knew that Kenny was coming for a visit she would tell her mother, "Mother hide the books, I want Kenny to play."

Kenny and Pam lived in Columbus, GA., so Kim didn't get to play with them very often. The birth of my daughter when Kim was seven years old was a big event to her. After my daughter was born on the morning of June 10, 1970, Kim's mother called her from the hospital and told her that Aunt Dale had a baby girl. Kim's reply was, "Well, I knew my Aunt Dale would have me a baby girl. I knew she wouldn't have an ole stinking boy." From that day Kim adopted Louvie Lynn as her little sister and they remained the best of friends until Kim's death.

Kim was a very smart young girl in every way. She had so much energy and always worked hard at every thing that she tackled, whether it was doing physical type work, office type work or studying. Her parents were always proud of the things that she did because he always put in 110%. She studied hard because she wanted to be an honor graduate. She accomplished this goal. She was in the school band from the fifth grade until she graduated and was the drum major for her high school marching band her senior year.

Yes, she was our sunshine for almost 28 years but her brutal murder - yes, murder - has cast an everlasting cloud over our family forever. She was the first Grandchild. Her personality and love for laughing from an infant until she died is missed sorely by our family. Family get togethers are so different. All of the Grandchildren are happy and energetic people but when you have had four for so long, and one is taken from you so brutally, it leaves you always knowing what is missing. It has never been the same - and never will be.

Kim was in the middle of a divorce. Her etranged husband, Jack Ray Wallace - his lawyer, Michael Glean and two of Glean's friends: Frederick Speas and Jeremiah Lee (who claimed to be a preacher) - brutally murdered Kim on December 13, 1990, at the home of Jack Ray Wallace in Hiram, GA. They stuffed her body

in a tool box (the kind that fits into the back of a pick-up truck). They placed the box in an airplane and was going to dump it in the Okefenokee Swamp in South Georgia. They drove her car to Cumberland Mall and left it in the parking lot to try to make it look like that maybe she had been abducted from the mall. If it had not been for a very alert guard at the Ware County, Georgia prison, we would never have known what had happened to her. They landed the plane at the Ware County Airport which is right next to the prison. All the lights were off on the plane. They landed the plane to take a door off so that they could dump her body.

The guard saw it land (remember with no lights on) and got suspicious. He thought it was drug smugglers. He alerted the sheriff's office. Just as Glean and Speas got back into the plane and started the engine the sheriff cars drove up and blocked them. Instead of drugs, they found the body of a beautiful young girl - our Kim.

Those cruel, mean men murdered our Kim but they can never erase our wonderful memories of her. The smiling, fun loving, laughing, twinkled eyed sunshine is no longer with us in body, but she will forever be with us in spirit.

She married (1) CLIFFORD AUBREY LOCKLEAR 29 Jan 1969 in Paulding County, Georgia, son of GUY LOCKLEAR and BEATRICE WALRAVEN. He was born 28 Jun 1947 in Haralson County, Georgia. She married (2) WILLIAM ROBERT LOUDERMILK 04 Aug 1985 in Paulding County, Georgia, son of CARL LOUDERMILK and GERTRUDE DANIELS. He was born 01 Jun 1937 in Fulton County, Georgia, and died 07 Feb 1992 in Paulding County, Georgia.

**Notes for REBECCA DALE JONES:**

Dale graduated from Dallas High School in June of 1961. She graduated from West Georgia College in Carrollton, Ga., with a BS in Elementary Education in 1971 and later she earned her Masters Degree in Elementary Education, also at West Georgia College. She then added certification to teach Gifted Education, grades K-12 to her credentials. She taught in the Paulding County School System from March, 1971 until June 1997 before having to take disability retirement through the Teachers Retirement System of Georgia because of numerous health problems. Dale, like her siblings, took piano and organ lessons from the day she was 6 years old until she started college. She earned a double minor while at WGC, one in music and one in art. She even taught piano lessons for many years. Dale's hobbies are genealogy, photography, reading, music and playing with her grandchildren. She is a member of the First Baptist Church in Dallas, Ga. She was nominated for Who's Who Among America's Teachers by one of her former students in 1992, was team leader of her teaching team at the Herschel Jones Middle School, on the Coordinating Council for 4 years, yearbook advisor and headed up a project of writing to and sending packages to soldiers during the Desert Storm crisis. Her favorite subject to teach was Georgia History and every year one of the main semester projects that her students did was to learn how to and do their family tree.

Her greatest joy, besides being with her grandchildren, is to find new genealogy information on her family. She coordinates and plans the Jones Family Reunion each year, a task she has done since about 1981. She also helps with the Sinyard Reunion, held in Perry, Ga. She and a cousin, Rita Cantrell have organized a Parsons Reunion in Paulding County. She also writes a genealogy column for the local newspaper titled "Family Ties" and is in the process of writing more genealogy books, one on Hawkins and one on some of the descendants of Milicentde Cantilupe (an ancestor of her great-great-grandmother, Nancy Crumpton, who was born around 1200)

In 1982 she wrote "Descendants of Wiley Jones and Nancy Crumpton" and in 1997 completed her life dream book (620 pages and 549 photographs) "Ancestors, Kin and Descendants of William Herschel Jones and Louvie Mae Sinyard", including the family names of Jones, Sinyard, Holland, Adair, Bullock, Parsons, Gann, Smith and Crumpton. There are over 4200 names of kinfolks in that book and she is still adding information everytime she finds more kin. As of today, July 23, 2006, she has 22,875 names in her

data base. There are 34 generations on one line and 3349 different surnames in her data.

In 1999 she wrote a book on the Adairs. In 2000 she wrote 2 books, one on the Parsons and one on the Sinyards with the help of her cousin Donald Sinyard from Hawkinsville, Georgia. Kathy Gregory had done a lot of research on the Gore family and together she and Dale put together a Gore book, with Dale adding the research she had done on Sarah Adaline Gore and Charles Pinkney Parsons. She put together a book on her Wells family in 2006.

While teaching from 1971-1997, she was a member of the National Association of Education, the Georgia Association of Education and the Paulding County Association of Education. Since retirement she is a member of the Paulding County Retired Teachers Association.

She was a member of the Dallas Woman's Club for two years, a member of the Edward Hagin Chapter of the Daughters of the American Revolution for about 3 years and was a member of the Paulding County Genealogical Society until it folded. She is a member of The Paulding County Historical Society. She is on the Paulding County Cemetery Preservation Committee. To this she was appointed by the county commissioner in her district in Paulding County. She was an officer and a director of the Historical Society until 2007. She volunteers one day a week to keep the museum open. She was elected to serve as Vice President of the Paulding County Genealogical Society for the year, July 2003 through June 2004 until it folded. She was co-chairman and supervised the writing and putting together of a book put out by the Historical Society: "The Heritage of Paulding County Georgia 1832 - 1999". She also designed the cover for that book.

In 2002 she printed an updated Jones book and in 2003 she printed a Holland book, a Bullock book and a Gann book. With the help of Mr. William H. Sherwood, she put together a book on the Hagan family. She also printed, in 2003, a book titled "My Ancestors: by Rebecca Dale Jones Loudermilk."

On December 26, 2002 the First Baptist Church in Dallas, GA burned. She has been appointed to a committee of about 8 people, chaired by Tina Bradley, to write a history of the church. The church lost all of their records and they have the task of trying to gather information and putting it together. The Church was established in 1854. The building that burned was built in 1905 on Main Street in Dallas.

She was born 13 Sep 1943 in Cullman, AL.

Notes for ALFRED J. FINCH, JR.:

Alfred, Jr., graduated from Dallas High School in 1962. His major at UGA was psychology - he took almost as much biology but his major of record was psychology. He received his BS from GA and then went to the University of Alabama for his PhD. He did an internship at U of A Medical School in Birmingham prior to receiving his PhD in 1970. He went to the Deveroux Foundation to do a post-doctoral fellowship in clinical child psychology. He remained at Deveroux for two years and then took a position at the Virginia Treatment Center for Children which was the Division of Child Psychiatry of the Medical College of Virginia part of Virginia Commonwealth University. He was coordinator of research for 7 years during which time VTCC was ranked #1 in its category for research productivity. For two additional years he was Director of Psychology and Vice Chair of the Division of Clinical Psychology at the Medical College of Virginia. During this time he was initially Assistant Professor of Psychiatry and then Associate Professor of Psychiatry.

In January 1982 he began working as a faculty member of the Department of Psychiatry and Behavioral Sciences at the Medical University of South Carolina in Charleston, SC. He was the Head Psychologist in the Youth Division and responsible for developing a Clinical Child Psychology training program. The program was later recognized as a model program and received funding from the National Institute of Mental Health for training of both clinical child psychologists and child psychiatrists.

He began taking classes in School Psychology at The Citadel in 1988 and received his Educational Specialist degree in 1991. While enrolled in this program he learned a number of things about The Citadel and the Psychology Department. All of the faculty were about to retire and they were looking for someone to come in and rebuild the department. He was interested and applied for the job. In August 1991, he took the position as Professor and Head of the Department of Psychology. Since that time, he has been involved in teaching undergraduate and graduate students as well as directing a growing department.

Notes for NANCY KAYE MCKOY:

N. Kaye McKoy Finch received her BA from Judson College with a double major in English and Spanish and a minor in psychology in 1965. She was going to teach high school but hated it as a student teacher so sought other career options. She worked for a year in the library at Judson and was accepted into the graduate program in psychology at the University of Alabama. She started in the fall of 1966 at the same time that Alfred did. They had two classes together that first semester and three the second semester. However, they did not begin dating until the summer of 1967. They both took a job as counselors in a camp for emotionally disturbed children run by the department of psychology. It was Camp Ponderosa in Mentone, Alabama. The summer program was for nine weeks and they each had off only 16 hours a week. Alfred's off day was from 8:00am until 12:00 midnight on Thursdays. Kaye had the same off day as did the other single male and female working there that summer. Kaye and Alfred started dating - their first date was 16 hours long and they went to Chatanooga. They did about everything there was to do in Chattanooga and saw "The Dirty Dozen". From that date they were together much of the time and in November of 1967, Alfred asked Kaye to marry him. They told their folks at Thanksgiving and were

married August 11, 1968.

Kaye completed her MA at U of Alabama. She worked at Deveroux as a staff psychologist when they went to PA until Paul was born September 18, 1971. Once they moved to VA she did not initially work but then took a job at Chesterfield Mental Health Clinic where she worked with children and adolescents with emotional problems. In the fall of 1976 she enrolled in the doctoral program in clinical psychology at Virginia Commonwealth University. Almost immediately they found out she was pregnant with Alison. In the spring of 1977 Kaye had to take her comprehensive exams (a requirement before taking the advanced doctoral classes) while very much in a motherly way. She did great. On July 7, 1977 Alison was born at the Medical College of Virginia - they sat on a bench outside the hospital until after midnight so they would not be billed for July 6th.

Kaye returned to classes in the fall of '77 with child care being covered by Alfred and a woman who they were able to hire. Kaye did her internship at the Virginia Treatment Center for Children. She accepted the internship there for the fall of 1979 and about the time she started Alfred was named Acting Director of Psychology - thus Alfred was able to boss her around at least for a year. She completed her PhD. in August 1980 and took a position at the Memorial Guidance Clinic in Richmond.

Since they moved to Charleston, Kaye has been in private practice - initially looked for a job but there were few options. She has done well.

Another eventful thing that happened to Alfred and Kaye is centered around hurricane Hugo in September 1989. Their house was on Sullivan's Island which the eye of Hugo passed directly over. Their house was badly damaged and for a while Kaye, Alison and Alfred lived in the only three dry rooms in the house. Eventually all was repaired and life began to return to normal but it was a real adventure.

They are now grandparents and Alfred said that being a gramps is pretty cool so far.

She married (2) BRIAN JOSEPH WILSON 07 May 2004 in Seattle, Washington. He was born 19 Jul 1970.

**Notes for LOUVIE LYNN LOCKLEAR:**

Louvie Lynn graduated from Wheeler High School in Cobb Co., Ga. in 1988. She has worked as the office, payroll, accounts, and personnel manager at White Wolf, Inc. and as the accounts payable manager at Americon. She is a very outgoing and talkative person who never meets a stranger. She and Todd have moved to Seattle, Washington. Louvie Lynn took piano and violin lessons as a child. She had several years of dance as a child and as an adult took ballroom dancing and was an instructor for a short time. She loves music, dancing and acting.

Louvie worked for several months at the new rock and roll museum out in Seattle and loved it. During this time she got to meet many present day rock stars, the author Stephen King and several other celebrities and saw Ophra Winfrey. She had to give the job up because she had to be constantly talking and she lost her voice several times. Louvie loves to talk but it has a bad effect on her throat. When she was in the seventh grade she had to have nuguals taken off her vocal cords and her constant talking causes her to lose her voice. She is a very outgoing person and she never meets a stranger but no matter how much I tell her to not talk so much she just keeps on. All four of the grandchildren in our family are talkers and when they were growing up it was always so much fun to have them all together around the table at mom and dad's listening to them. None of us could ever get a word in. Louvie still grives for Kim, they were so close.
