The foregoing list represents the statement of a small company of Cavalry, raised by voluntary enlistment at Walker C. H. Geo. from the circumstance of the creek Indians being reported to be passing into the county, and the danger apprehended there from to the citizens, during the difficulties with that tribe the past year.

After scouring the county two days, the company returned dispersed and retired to their homes, having for the time quitted the fears of the inhabitants.

These men were not mustered into the service of the U.S. neither were they paid by the U.S. for the time mentioned.

The nature of the expedition made it necessary that each man furnish himself with subsistence and forage, - which they did from their homes or paid for it at Public Houses (the latter I believe was the case).

Myself and the two Lt.s., were called to command by the voice of the company - the Orderly sergt was appointed by myself.

All of which is respectfully submitted.

It would not be amiss probably to explain Some circumstances relative to the annexed accounts or Payrolls for Militia Service preformed in Telfair County for the Satisfaction of any persons who may not be acquainted with the Minutie or whole transaction. It, may be Seen by refeering to a letter written by the Governor to Brig. Genl David Blackshear of Laurens County on the 4th of August last past, that he was directed to proceed to that part of the frontier within his Brigade, and adopt Such measures as would afford Some Security to the inhabitants, until the Troops, which were then ordered to be got in rediness, Should be marched to the attack of the Indians &C.

From which discretionary order, Genl Blackshear, writes to the Governor by letter bearing date the 13th August 1813, filed 14th that he had given orders for laying out & building in Telfair County "Three Forts 90 feet Square, and ordered one Sergeant a Corporal & 12 privates, to each, and a Subaltern to Command, the whole, to be relieved every ten days," he also imployed persons, to furnish the men called out with meat meal and Salt By the Certificate of Genl Blackshear herewith filed, it appears he issued orders to Major Cawthorn of Telfair County on the 11th of August last for assembling the above mentioned number of men & for the purpose before Stated & ordered him on the 15th of September following to discharge them. From the Pay and muster Rolls herewith presented or filed it appears that the first detachment assembled on the 16th of Aug^t & remained until the 26th inclusive 10 days & were then discharged the whole however not attending. Hon^d Sir
I had the pay Rolls of the Militia of Telfair handed me by Lieut Cooley which I examined and from Muster Roll of Maj^r Corthorn, they appear to be correct certificate of my having ordered the service, together with my -nt on the back of the pay Rolls I deemed sufficient, having transacted business relation to pay rolls, it may not conformity with the necessary requisitions, Should that be the if your Excellency would suggest what will be necessary what manner they should be indorsed. I will deem it a As the marking the road and cutting it out from Hartford hill is a matter of such primary importance the accomp of which appears to be attended with difficulties if I can any service in the attainment of that object I will cheerfully undertake. I can get men equal to the task should you proper. your authority will be sufficient-it may fairly be that the Militia being called out and those little forts being on the frontier has saved the inhabitants from the fate of excuse my scrall. Lieut Cooley is in hast

Believe me to be with the highest respect & esteem

Sir your Excellencies
