

time he will be in Louisville, there will remain but few days to elapse.

Emboldened by the advice of many militia-officers, I take the liberty, yet with great deffidence, of intimating to your Excellency the difficulties which I have been under, since the Sensible depreciation of money or the rise of produce of every kind, in this State; and Since the duties of my office have been multiplied or, perhaps, only exacted under your Excellency's administration, as they never were before - The use and risks of horses and the expences of travelling being now much higher than they were at the time the Salary of my Office were first Stipulated; two dollars per day would not suffice to my expences, were I to travel attended as the duties of my Office absolutely requires, and are hardly sufficient with the economy and penury I have made use of.

Sensible of the honor conferred on me by my Country, in vesting me with so important a trust; and well aware that in Republican governments, the marked confidence of the Community Should be the only reward of the Services of its Officers, I am far from wishing to make pecuniary emoluments my object. But at the time that my Country is pleased to gratify my ambition to Serve it, I cann't think but what it is her intention also to grant me a Support equal to the expences I am under the necessity to incur, whilst my time and exertions Shall be devoted to her Service; and whatever those expences may be calculated at, it shall always be thought, by me, a very Sufficient emolument.

The idea of fixing the Adjutant-General's Salary by the day, did not, probably, contemplate the duties now assigned him; and I need not assure your Excellency, that very few days in the year passes without my doing Some of the duties of my Office abroad or at home; and that the Short intervals between active duty are filled by preparing blank-forms; issuing orders, making arrangements &c.

Should this, my Suggestion, appear unreasonable or improper, to your Excellency; I beg it may not go to the Executive Chamber; as my friends may have been blinded by their good wishes to me, when they persuaded me that if the Legislature were induced to consider the case, it could not fail to appear glaring that two dollars per day will be thought insufficient, for the expenses of travelling, these times- I freely acknowledge that, proud of my Station, I would rather labour under Some inconveniences than to abandon my post, under the promising prospect of Seeing the militia reassume its natural warlike countenance, under your Excellency's auspices, and take my Small Share of the merit of those who Shall have been instrumental to it, in case of Success; of which I now entertain very little doubt.

Be pleased to believe the profound respect with which I have
Sir to remain

Your Excellency's Most humble and most obedient Servant
Jonas Fauche A. G.

(REVERSE)

Jonas Fauche
Greene County 15 Octor 1800

Ordered to be filed
17 Octor 1800

Liberty County October 22nd 1800

Sir --

By Adjutant Thomas Bradwell I forward you muster & pay
 Rolls for Services rendered by the Militia of Liberty County
 Battalion conformally to General orders- a variety of unforeseen
 circumstances procrastinated the business till this late period-
 In arranging the Guards for this County I was compelled to exceed
 in two particulars the Proclamation of his Excellency, which
 restricted us to one Subaltern, three noncommission'd Officers, &
 twenty Privates-. the land papers from the Interdicted Counties
 to Liberty being many, & far distant from the beaten passages; of
 which, Sir, you had some opportunity of acquainting Yourself while
 in Liberty-. pointed to the necessity of calling into Service,
 one other Subaltern & three noncommissiond Officers; to who's
 charge was Committed the Guard for Sunbury and its vicinity--
 Another circumstance cald for imediate exurtion to prevent a
 spread of the Disease we were ordered to guard against, By the
 imprudence of an old woman, a resident near Wells Ferry a bussy
 public pass from Bryan County Southwardly; the small Pox was, in-
 troduced into that Neighbourhood; the distance being at least
 twenty Miles from our upper Station; I thought it advisable to
 order out an additional Guard from Capt. Crews Company ---

In both arrangements I consulted the Judges of the In-
 ferior Court & met with their concurrence; and am hopeful it will
 meet with the approbation of his Excellency --- Not knowing what
 will be allow'd Officers & men for Subsistance pay, I have for-
 warded no Abstracts of Rations; they have been in every instance

their own finders; I will farther pledge myself of their being on that score no charge brought against the Public by any public or private Contractor whatever will therefor trouble you to arrange the Subsistence Account - I am apprehensive that M^r Maluh's acc^t for the use of his boat will be thought high; She is a fine Boat & was completely devoted to the public service the full time exprested in the Account - You will find Cap^t Girardeaus Rules made Conformably to a former Establishment, while he was engaged in actual service, which gave the opportunity of filing them Completely; whether they will meet with the Approbation of his Excellency is beyond my reach to determine -- Any attention paid the bearer of this While in Louisville will be greatly acknowledg'd by Sir

Your Well wisher
& Mo. Obd Serv^t

Jos: Law Jun^r

P. S. for any further information I refer you to the Adjutant
Excuse this scrawl I am now with a severe fever

The Adjutant during the Continuance of the Guard not only had unbounded trouble, but bean Active & attentive in every instance of duty- I think it will not be a bad place to allow som Compensation for his services Shoud you think it advisable please mention this to his Excellency

His Excellency Governor James Jackson

Greene County Oct. 29th 1800

Sir!

My last communication to your Excellency, which I delivered to Capt. Cooper of this place and which he promised to deliver himself, that gentleman informs me, that he gave it conveyance by the post.

Hopeful that your Excellency will have received that letter before this, I take the liberty of craving as a favor, that Capt. Allan Stewart, the bearer, may receive the warrant which my letter Solicited, if it has pleased your Excellency to approve of the account my letter enclosed.

So Soon as I Shall have returned from the Reviews of the 2^d Brigade of the 3^d Division, I Shall do myself the honor of reporting thereon and of forwarding an Abstract - Inspection Return of the militia of the State this year

With profound respect I have the honor to remain

Your Excellency's Most humble and
obed^t. Servant

Louis-ville December 16th 1800

Sir,

In order that no unnecessary impediment may take place in the delivery of that part of the Indian goods which came to my hands, or to the hands of M^r Collier, I take the occasion to suggest to you, that an order from the Executive requireing the delivery from me, will be essential. His Excellency may spare himself the trouble of the addition of "State Agent" as I have not been so for several years. The goods which have been secured shall be delivered, & accounted for, by John Berrien & Thomas Collier living & residing in Jefferson County. The Jesuitical disposition evidenced in the Executive order, induces me not to confide too much in the candour & justice of his Excellency, and having experienced the effects of his Revengful & unrighteous disposition, I hold myself not only justifiable in demanding an order for the delivery of those goods, but I consider it absolutely necessary to counteract the Malevolent endeavors of an unprincipled enemy. The Governor might with as much propriety make me chargeable with goods delivered to you. or never received or to give from his office, a false & deceptive document to delude the Legislature into a ridiculous measure, for which he must be the community, be ultimately answerable. I require the order, & goods shall be delivered & the specialties also, at the shortest notice. M^r Watts receipt from the patroon of the boots, & the other receipts from the waggoners by whom he sent the goods will be essential, as it is suggested that some of the packages have never come to hand. The powder for one article remains in Savannah except a small quantity delivered to Captain M^cGillis. I am Sir

The nearest way to the Indian Land from whence the Rice is to be drawn will be the Saltketcher Road which comes into the River Road at Castello's Mill about 6 Miles below the upper Runs; or there is another Road that goes by Crane Savannah and turns out of the River Road at Swicart's Mill 5 Miles below Cap.^t Robinson's.

The Saltketcher Road come into the Road from Charles Town to Savannah near Ogilvie's Plantations between Saltketcher Bridge and Posetaligo about 2 Miles from Col. Harden's who will give directions where the Waggons are to go if Gen.^l Barnwell has left instructions with him as I suppose he has done before this time.

If Gen.^l Barnwell should not have sent directions to Col. Harden it will be necessary for the Commission to go to the General at Port Royal, he ought to go on before the Waggons that they may not be detained.

END
