Sir!

You are in the right to say that your orders concerning your dispatches were not to Capt. M^cCalister but to me - but I had ordered the express to deliver his returns to me or my next in command in case of absence (as I intended to have him relieved & send another Dragoon to you. the one who went on broad river & franklin having had about 200 miles to ride & his horse I expected would be worsted.) In the interior I obtained a leave of absence of twelve days to be married & Lieutenant Stewart fell sick - Capt. M^cCalister then I expected would receive your express & forward the dispatches - & so he would, had not M^r. Parks interfered & declared he had express request from you, sir, to forward all he could meet at your direction to Augusta -

The whole mistake proceed from my getting married, and as I shall not do that every month I hope you will Excuse my being absent this first once - I never had an opportunity till now of sending Capt. Williams' letter

My muster Rolls & weekly returns for October shall follow immediately - An other form of muster Rolls & pay Rolls are necessary, I am told; if so I hope we shall receive the blank forms this week

I remain with respect,

Sir

It has not been in my power to transmit you a return of the Chatham Regiment agreeably to orders of some time past. A return of the first Battalion has been made to me but that of the Second has not yet been had - The Major of that Battalion informed me he would be enabled to complete it in a few Days and that the extreme illness of some of the officers of his Battalion had been the cause of the delay: I will immediately upon receiving that return make a digest of the whole I furnish you without delay with the same I am
