His Excellency

Governor Mitchell

Sir/

So anxious are many of the citizens of this state & particularly those who have relatives in Bigby County, to take a part in the campaign against the Indians, that I am unceasingly pressed to make some exertions to obtain that object. I am well aware of the circumscribed powers of your excellency owing to the particular instructions from the U.S. War department-But I hope you have not failed to make the request to the war department of the U.S. a Battallion or Regement of volunteers from this state which you so obligeingly promised me to do. Georgia is now certainly in a state of alarm. a request to the Governor of this state for a regement would be readily complied with our Governor is now here. Accept my thanks for your polite attentions to me when in Milledgecille & my best wishes for your wellfare & happiness

With respect I am for

your most obdt. Servt

Your Excellence will recollect that in the courses of the last summer you inform'd me that arms of the manufactery of Whitners were lodged in the arsenal at Louiville & that from a proportion of them which would be subjected to your contraul as Major General I should be supplied with 60 stand for the use of the camps which I command. The dilatoriness of the commander in chief who preceeded you prevented the arms even being placed at your disposal. You'r character for vigour teaches us to expect that these arms will soon be placed at the disposal of Maj Gen. McIntosh & we hope that he will assume the promise made by yourself. Capt R J Houstoun wishes you to be reminded of a conversation with regard to these arms which took place between your Excellency & himself sometime since

Yours respectfully

Charleston June the 8th 1812

Sir

Having received instructions from the Department of War, to apply to your Excellency for such part of the Quota of Militia of the State over which you preside as I may deem necessary for the defence of the Military Posts on the sea board, I have to request that you will direct returns to be forwarded to me of the Officers and men who may have been drafted, designating the proportions of Artillery and Cavalry, and to inform me whether they have been formed into Regiments. You will also oblige me by letting me know, what is their provision of Arms, field peices, ammunition, tents, camp equipage, and military stores in general, together with any other information concerning them which you may think proper to communicate.

As early an answer as can conveniently be given will oblige, Sir

Your Excellency's

Dr Sir

I have but this moment been informed that Major Loval, is on the Eve of his Departure for Washington City, and that he carries with him the original receipt given by me as Commanding officers at Amelia Island on collection on certain Export duties, serviced by me, since I have had the honor to command that port -

The object of this act of Major Lovels, is I am told to prejudice me with the Department, and by false representation to create impressions impervious to me as an officer, elevate his consequence

It is Known to your Excellency that I have been guided by the instructions or orders, which you were pleased to give me from time to time and that you have directed me to Exercise the power both Civil and Military, as had been observed by the late Spanish Commandent, In the Government of which, I flatter myself I have been perfectly avert & free of corruption. TheDuties collected are only held by me in trust, to be returned in the province as surrender'd or transmitted to the proper authority.

The object of the present Communication is to solicit your Excellency to address a letter to the Secry at War on the Object and to represent my Conduct in just and free Colours, by which the representations of Major Loval will be anticipated, and the calumny and falsehood intended for me will recoil upon himself,_ I have just been able to sit up _ I have been near home,-

Give me the favor of your answer by return of Mail

This letter will be delivered to you by a Mr. Hartsfield who volunteered with me to go upon the Florida expedition. Anticipating the views of the government at that time I sent him to St Marks to make such observations upon the strength and condition of the garrison as might be of public service, in case of military operations in that quarter, and with instructions to join me near Augustine, as soon as he accomplished the objects of his undertaking - He proceeded to St Marks as he has informed me (and I have good reasons to believe) but was unable to join me as directed, in consequence of the hostile disposition of the Indians, but returned to Baldwin County some time before my detachment got home. He now informs me that he is in the first class, and has orders to march and not being in Florida when my detachment was discharged, nor in Milledgeville when it was paid off; he has neither received pay, nor a discharge, and has nothing to shew but this letter to claim an exemption from service He is desirous to volunteer upon any expedition down the Chatahoochee, being well acquainted with the country, and in my opinion is a useful and intelligent man

St. Marys November 7th 1812

Dear Governor,

A Variety of Circumstances has made it necessary for me to Communicate to you by Express, which you will herewith receive.

Immediately on my return from Florida I wrote you a hurried letter by which you will have been informed of what has recently transpired in this Quarter, I also expressed my opinion on the subject and discription of Troops which I conceived best calculated to insure Success to the Contemplated Expedition. I am decidedly of opinion that mounted militia would be Superior to any other discription with a proportion of well Equiped Cavalry, but I entertain very Serious fears that such a number of horses will not find Support in the Country which they may traverse, I also think three days provisions after leaving Cole Rain too little, taking into view the possibility of unavoidable delay which may happen from some Casualty or other. I shall however readily submit to your Excellencys Judgment in the Case, believing that you will avoid an Error too Generally Committed that of doing things by halves.

I transmited to you some time ago a Statement of the Lockaway Towns and their probable Effective Strength, at that time I was impressed with a Belief that from the openess of the County that waggons might Travel with Certainty. But I am inclined now to think that they woud two much Retard the march altho they otherwise woud be very usefull. I conclude from your Conversation

that I am to be honored with the Command of the Expedition in which Case I woud wish to be apprized as early as possible of the Extent of your design, in what time operations will Commence which Cannot be too Soon and the Necessity of doing Something decisive, is well Known to your Excellency, unless the Savages are Checked, their number and Robberies will dayly increase and these frontiers be continually Embroiled.

I hope the Legislature will readily perceive the necessity of making Suitable appropriations Suited to the Emergencies of the times, without these means things will go on Badly.

And in the present instance the only difficulty is the Certainty of an Early advance I think however that if you were to drop a line to Colonel Smith that he woud advance immediately, on an occasion of such importance, hoping That things will go on better to the Southward than they have done to the North, that you have recovered your Health and that you will Communicate fully & freely to me,

I am Dr. Governor, Very truly Your Obt. Friend & fellow Citizen

Sir

Agreeable to your Orders of the 13th ult. I have been endeavouring to Contract for a Supply of Provisions for 500 men, and Horse to be delivered at Traders Hill on the Frontiers of this County.

Major Long is the only person which I have met with, that affords any Prospect of furnishing the necessary supplies, and he will only do so ,on Condition that the money will be advanced at Short Sight. - Corn Cannot be procured for less than One dollar p^{r}. Bushell, and Fresh Beef and flour each five Cents p^{r}. pound.

These articles being the only material Part of Rations, (Except Salt) necessary on the Contemplated Expedition, I shall not include in the Contract any thing Else.

The Want of Buildings at Traders hill Capable of rendering a deposit of Provisions far from Risk, and Damage, has induced me to defer Binding the Contract, untill I am advised by your Excellency when it is Probable that the Troops will arrive at Traders Hill, I take the Liberty also to Suggest to you the Propriety of Ordering at least Ten days Provisions if you Contemplate the Return of the Troops by the Same Route, a part of which may Remain in S^{t}. Mary^{s} Subject to Order.

It is materially important that I shoud be early informed whether permission, and what Encouragement will be given to

men who are inclined to Volunteer on the Expedition from this Quarter, - I presume That now, one hundred coud easily be raised, and from their knowledge Generally of the Situation of the Indian Towns most Contiguous to us, the property which has either been Stolen, or harboured together with the Injuries which these people have from time, to time, received from the Savage would render them as a partizan Corps Essentially usefull. The necessity of Communicating to your Excellency these particulars without loss of time, has induced me to Join Colonel Smith in Employing an Express, as the Colonel will write you the particulars Respecting his Situation, and the movements of the Drafted Militia who have arrived here four Companies are now on their way to the Colonels Camp on the S^{t}. Johns.

Your Excellency will please forward me with a view of your plan of the Expedition, Should I be honored with the Command it is necessary that I shoud have an opportunity of Collecting some of my Staff officers, or appointing others as Circumstances may dictate. I woud also wish to Know whether a Quarter Master and Commissary will be furnished, the first will be indispensably necessary and the other may be so.

Expecting to hear Explicitly from you by the Bearer of this dispatch, I have the Honor to be your Excellencys

P. S.

Since writing the forgoing I have again had a Conversation

with Major Long on the Subject of the Contract & he informs me that in 5 days he can have the Quantity Expressed in your order ready, therefore as Soon As I am apprized of the March of the Troops. I will order the provisions up. - my not hearing any thing from you by Yesterdays mail induces me to believe that they are not Yet ready, and Consequently wait your answer or to hear of their march.

To the Honorable the Senate and House of Representatives of the State of Georgia, now sitting in general assembly.

Your petitioner being elected by his fellow citizens, and commissioned by the Govèrnor, as captain to command the Volunteer Company of Mounted Riflemen attached to the 10.th Battalion of the Malitia formed for the defence of this State; Begs, that a Law may be passed authorising your petitioner (for obvious reasons) to be permitted to receive one half of said company with good smooth bore-guns, which shall be provided at the individual expence of said company. And your petitioner further hopes that after said company have at their individual expence furnished themselves with their own Horses, Saddles, Bridles & Guns, that the State will not hesitate to furnish them with Swords & pistols, which public arms shall be returned into the public arsenal, at the close of the service: - and your petitioner, at the request of said company, further begs leave to request, that said company be exempt from any draft; but they as a company of Volunteers, be under the immediate command of the Governor, or those who may have the controll of them by the Malitia Laws now in force; and as an entire company perform such service, and at such times as shall be thought most conducive for the public good. And your petitioner further adds, that considering the hardness of the times, and scarcity of articles with which to prepare a Uniform he wishes to be permitted to retain (or receive, into) said company all such who may come forward well mounted and armed altho they may not be in uniform, and to continue them in said company for at least

six months, after which if they should not be uniformed, to dismiss them from said company. And your petitioner begs leave further to state, that in the month of June last (as well as he now recollects) several young men who are now of his company Volunteered themselves in the quota of this State then called for by the United States, and not being called into actual service some of them have been at the expence of preparing themselves for the mounted-Rifle-company, and others would now have been in Uniform had it not have been for their criticle situation, that is, standing enrolled in both companies; your petitioner prays that being aware that no other company of men can render equal services without a company mounted and armed as above, that is practicable, those young men may be released from all other service and attend alone to said mounted Rifle company. To close the whole, your petitioner, humbly prays the Wise Disposer of all events, to save this Nation from the destroying hand of all its enemies and ultimately to give us peace upon terms honorable to these United States -

Dear Sir

In the month of Septr.- last, with some pains and trouble I procured about forty names of persons promising to become Members of a Uniform Company of Infantry for the purpose of affording, in a more efficeint degree, their aid in the defence of their Country than they possibly could be expected to do, in the Common Malitia;- and in the same month, we advertised and held agreeable to Law, an election for the purpose of Choosing Officers to command the same, When I had the honor of being chosen Unanimously, the Commander of said Company (Stiled) the Washington Infantry many Objections having been advanced by the Malitia Captain, out of whose company most of the men have been taken and the principal Officers attached to this Brigade, giving it as their Opinion, that the officers Attached to this new Company would not be commissioned, and at the same time advising that the Major attached to this Battallion (namely Moses Mulkey) should address you on the subject, requesting you to say whether or not, a company made up on the principals I before have stated would be commissioned or not, provided the complyed with the requisitions of the Law, as regard uniform-

This letter was wrote, but I feel doubtful whether your Excellency has recd. it or not, however we have anxiously waited ever since for a reply, but none as yet has been recd.

I feeling myself doubly interested, & in behalf of my men, take the Liberty of requesting your Excellency to say whether or not we can get our Commissions, and on what terms;- as soon as your convenience will permit, as many will not agree to uniform, untill they have some assurance from you-

The reply of your excellency as soon as possible - will con-

fer an Obligation on his Mo: Obed.t Servt

To his Excellency David B. Mitchell,

Nov.r 30.th 1812 - On Saturday last our Classing took place in Tattnall County Battallion, I had previous to that day increas.d the number of my Company to upwards of 80, But such as did not Seem determined to equip themselves, I then raised of my list, by which means the number involv.ed at the commencement of the classing was 57. after the classing was over, I had several applications to join My company which I refus.d at that time, I wish sir that your Excellency would be so good as to write me a line as early as possable stating how many men I am authoris.d to receive - also instructing me how I am to proceed with respect to those who shall fail to uniform themselves, and whither I am at Liberty to fill up my Companies notwithstanding they now stand in their several Classes -

Your Excellency will I trust, communicate to me your opinion with respect to our being furnished with arms by the State, and what kind of arms we may Expect to be furnish.d with, I want your opinion Sir when you think we shall be call.d in to sirvice and whether it is most likely our course will be directed, I wish an answer to this in writing for obvious reasons -

My heart beats high for conquest, and under the guidance of divine providence we shall one day (as a nation) be led to sirtain victory. For 25 years past my attention have been turned to the Sirvice of the Sanctuary & that God in whom I have trusted has hitherto diffended, and will defend, War is sirtainly an awful Callamity, one of the greatest that can befall a nation,

but under such a government as that of these united States,
when the nation is invaded, for any man to sit still and be
silent, & in active; is sirtainly to act the part of the
Enemies of God & man

From the bill progressing in the legistature a new division is likely to be formed- In the formation of which the Brigade of which I have the honor command will be reduced to two regiments- It being a command for a Brigadier General not Contemplated on by the Malitia Law of this State adabted to the Malitia Law of the United States I flatter myself such an abridgement of a brigade already established, for the purpose of creating a new one, will not meet with the executive Sanction- I presume there can be no propriety in the erecting of a new brigade by the creation of which an old established one is to be reduced too pityfull for a brigade command- Having the fulest assurance of your giving the subject its due consideration on the event of its final passage I have the honor to be

I have not had the honor of receiving any communication from you since my arrival at this place, tho I have calculated on it for two mails past. Believing that the legislature must have appropriated money for the use of her Militia here in Service, I take the liberty of requesting of your Excellency to have funds placed in the hands of the proper officer, with orders for him to supply the wants of the Regiment under Col°. Chambers, with the least possible delay. Many of them are without the common comforts of life,- a list of which wants I have requested the Col°. to forward to you.

Should you have been authorized to send mounted Infantry against the lower Indians,-In my opinion, their route should be between the waters of Flint river & the Oakmulgie, so as to fall on their backs by surprise.- You know my wishes on this subject - I need not dwell upon it.

To his Excellency David B. Mitchell

Governor and Commander in Chief of the State of Georgia -

The petition of Henry F. Brand Physician and practitioner of medicine in the County of Bryan and State of Georgia, humbly showeth to your Excellency; That your petitioner with other citizens of said County, was drafted in the month of September which was in the year of our Lord one thousand eight hundred & twelve, to wit on the 12th day of said month, to perform guard duty at Hardwick, in said county for the term of one week from the above date - That you petitioner attended on the day he was summoned to meet at Hardwick, and on the same day was sent for to attend a very ill child of one the citisens of said County; that from the urgency of the call, the Captain of the Guard, consented that yr. petitioner should visit his patient, having at the same time sundry other cases which required his immediate care & attention, there being at the time no other physician in the County; That owing to the extreem illness of the patient of Yr. petitioner, he was unable to return to his duty, without probably sacrificeing their lives, as he was obliged to be with them by day & night, which Yr. petitioner thought would be a sufficient excuse, particularly as he was informed, that the neighboring physicians were excused in cases of the same emergency from Military duty, of every kind - That your petitioner was summoned to attend a Court Martial for said default of duty and was notwithstanding his excuse, fined in the sum of fifty dollars- That your petitioner is a native of Russia and at this time not a citiseń of the United States and entirely unacquainted with the laws of this his adopted country; for had he known that a substitute would have been received he would most readily have furnished one, and assurs your Excellency that his neglect of duty in this

case is to be attributed to the causes above stated and not to an intention of evading the laws of the land in which he lives -

Your petitioner therefore prays your Excellency that taking this his petition under Your serious consideration, you will direct that the said fine of fifty dollars be remitted to your petitioner - and Yr. petitioner as in duty bound will ever pray &c --

14th January 1813 -

Henry F. Brand

We who have subscribed our names to this petition, are acquainted with Doctor Henry F. Brand, and believe the circumstances stated in the foregoing petition to be correct; and know that the Doctor at the time he was to have performed his tour of duty on guard at Hardwick had several very ill patients, who required his constant care & attention -

To His Excellency the Governor of Georgia

Sir, I returned from Milledgeville, when last up, and Call.d a muster of my Company of Vollenteer Mounted riflemen Which took place on Saturday last, there being but a few days notice given of this muster, and Mostly be advertisement, it did not finally reach them all till within a day or two before the muster, hence some of them having a Call to Savannah, & some from other arrangements Could not attend; however between 30 & 40 attended, after some attention to Exercise common with Companies I form.d my Company in one line, I read to them the ammendment to the Militia Law contained in a paper Just then receiv.d I Stated a conversation between your Excellency & myself when I was last with you, and observ.d that I had no doubt, but that we should be call.d immediately into sirvice, I then stated and again repeated in order that I might not be misunderstood, that each man of the company under my command who was now ready and willing to obey the Call of their Country and meet his enimies in the field would at the word march Step 3 paces in front, and such as were not disposed now to go would stand still - and at the word March, they appeard Each one anxious to be formost leaving not one behind, among them a M.r Lewis Hall 60 years old some day this month I assure you sir it was a pleasing sight to me - as to arms I cannot make you an accurate statement Except I could have my company all together, our number is 57 and if there is a man who is unwilling to go it is more than I know, we can pirhaps raise 20 prime rifles and it may be more, we have some Excellent shot guns but muskets and bayonets I should

prefer - I have instructed my company to uniform themselves for active sirvice at least at present, in black short coats waistcoats & pantaloons also with black hunting shirts - to wear their hats instead of their caps, with a black leather cockade and a bunch of white hair behind it. I Sir in the name of Said Company tender your Excellency, and thro you our beloved Country our sirvices, ready at any hour when Call.d on to march to any point to which we may be directed by the Commander in Chief - We having no Doubt but that the deficiency of arms will be made up to us by your Excellency -

Accept Sir assurances of my highest respect.

His Excellency G M Troup -

Sir) In The Year 1813, I Was Classed in The first Class According to The Classification of The Militia of This State and Agreeable to Executive Orders.

I Vollunteered for Sixty days Service, and Was Statinned at The hogmountain Fort, Which Agreeable To Orders Was to be in Lieu of a Six Months Tour, And Was at That Time Received as Such by The Authority of The State.

And Your petioner Whishes Your Honour to Say Whether he has legally Served his Six Months Tour or Not, And Whether you Think he With others in like Circumstances is Entitled to an Extry draw in the land lottery Agreeable to The late Act of The legislature giving an Extra draw to The Soldiers, That Served in The late War-

And in So doing You Will Oblige a True friend And Well Wisher,

Yours With high Esteem -

Sir if You Think This Worty of an Answer You Will be So Good as to Address Kellogs Office
