I MEAN BUSINESS.

A Pleasant Affair.

The good ladies of the Methodist church at this place, were the promoters of a most pleasant and "surprise" gathering at the home of Mr. J. W. Henderson, of Town Creek, last Friday.

The number present was about seventy-five or eighty, and the time was spent most pleasantly in games for the young folks, and in singing sacred songs.

By far the most pleasant feature of the evening's programme was the recitations by the ladies—Miss Emma Kenner, Miss J. W. Henderson, Miss Maud Bell, Mrs. Mitchell and Mr. Earle, all reciting pieces in a manner showing much ability and training.

Hon. M. G. Boyd delivered a short and touching address in his own inimitable style. As an advocate at the bar, a lecturer, an orator and a conversationalist, Mr. Boyd has few equals, and it is needless to say all were delighted with his address.

The music for the occasion was kindly furnished by Miss Lillie Bell, who seemed never to tire in her efforts to please, and in which she was most successful.

After several hours spent most pleasantly, Mr. Norton in a graceful speech, thanked the assembly for the pleasant evening, and prayer by Prof. Bell, the happy participants dispersed, each the better and happier for having spent an evening so pleasantly.

Terrible Slaughter.

As we go to press the news has reached us of a terrible and wholesale slaughter which took place at Gainesville recently. The cutting and slaughtering was truly awful. The J. G. Hynds Mfg. Co., are the guilty ones, and are yet up to their elbows in the bloody work of the slaughter of high prices. Their store is full of fresh goods, which they are selling at prices so low, they are unable to sit up. Read the firm's ad. on opposite page.

NOTICE TO CONTRACTORS.

Sealed bids will be received at the new bridge site, near Dunwoody's Ferry on the Chattahoochee river on the 14th day of November, 1893, until 12 o'clock, p. m. to build a bridge across the Chattahoochee river at said place. A manner showing much ability and training.
