### Agricultural. Comparative Value of Cotton.

Comparative Value of Cotton.

A bale of cotton was never so valuable as it is now. If would sever buy so many of the articles of pure necessity as it will buy to-day. In short, a bale Of cotton never represented so much wealth as it does right noy. The slecline in prices has carried nearly every staple article down to ante bellum tow water mark, and many of them below it; but cotton still stands away above the old figures, and seems to have determined to come no lower.

pounds of collee, 625 pounds of pounds of collee, 625 pounds of iron, 460 pounds of iron, 460 pounds of colton bagging. Any gramer whe looks over these figures will see very readily that the purchasing power of heide of colton is from one thard to one half greater now than it was before the war. Shoes, hats, all colton manufactured goods and woolen goods have gone down from one fourth to figure it is not considered to the colton stall ranges are not one fourth higher than benowed the colton is the colton is and will remain the king staple of the country. It is this, to too is said most little and the colton is the country and the pounds of the country it is this, to the country it is the country in the pound of the country. It is this, to the pounds of the country is the per control of the country in the per control of the country in the country in the per control of the country in the country in the country in the per control of the country in the cou

say that the farmer should not diversify his crops. We believe that he can productly raise on the farm all that he needs to carry his family, he had been controlled the carry his family, he had been carry his family, he was a support of the carry his family, he was a support of the was a support of the

About Asparagus.

Every farmer and family having a garden should have an asparagus bed, and here are some limely hints from the Germantowa Telegraph on the subject: "From the 20th of March up to the 1st of Angil the asparagus beds abould Angil the asparagus beds

spring, it will tast without onnetrouble or expense, from twentyfive to thirty years.

The Italian Bees the Hest.

Sir.: In The World of March 1
is an article from the pen of T. B.

Miner, on Italian bees, which 1
is an article from the pen of T. B.

Miner, on Italian bees, which 1
is this should not pass without sotice. He says that after many
years close observation he finds

the Italian bees have no essential qualities over the blacks, and
earries the idea that their; suly
redeeming quality is that they sell
better than the blacks; or that

the limit of the sell that they sell
better than the blacks; or that

the limit of the sell that they sell
better than the blacks; or that

the limit of the sell that they sell
better than the blacks; or that

the sell that the sell that they sell
better than the blacks; or that

the sell that the sell that they sell
better than the blacks; or that

they have been engaged in hee, keep

int in compared with farming
for over twenty-first with the state of the first with

the black and had the same care
as the rest many of the blacks, while many of
the blacks and neither assential

ties of the Italians over the blacks,

they all cash as warm in the blacks,

th

gave as much box honey as any of the blacks gave neither, swarm best of the blacks, while many of the blacks gave neither, swarm in honey, and the same of the black gave neither swarm in regard to the superior qualities of the laliams over the blacks I was the mention but kyo essential point and them. First, they relieve their keeper from all care of the been keeper from all care of the worth contivatings, speriogly able to defend itself against, the miller, in large at of hees any one with keeps of of hees any one with keeps of of hees any one with keeps of the been from worns must spend two or three hours can fill without any assistance. The second cessential gas the Italian fown in the blacks. When the Italian role it is that they defend their hir wa against rolbers better than the training from cach other all care of the keeps up a different part of the found with the stallam role of all care and then again, they will be said keeps up a little petity which has lawys amonying to their keeps the said the stallam of the said keeps up a little petity which has lawys amonying to their keeps the said when the stallam the first year that at least of all c. descended to Italian of the said keeps up a little petity and the said keeps up a little petity and the said keeps up a little petity seed to Italian of the said keeps up a little petity seed to Italian of the said keeps up a little petity and the said
