SAXON A. ANDERSON Agent,

John Walsh, county under-  
G. H. Dennison and W. F.  
Ottman are sick, but their names  
have not yet been reported. Miss  
Birdie Giff died of yellow fever  
last evening at white Haven.  
Memphis, August 25.—Ten new  
cases were reported by the board  
of health this morning, two color-  
ed. Among the whites are Miss  
E. C. Brookshire, F. B. Russel,  
Minnie Lockwood, G. H. Denni-  
son, D. H. E. Richardson, Geo. E.  
Richardson, and others. Deaths have  
been reported at night—

Another Official To  
ANSWER.  
The impression seems to be  
very general with the know-  
ing ones around the general as-  
sembly that another state house  
official, now undergoing investiga-  
tion, will be impeached by the  
house and more work be furnish-  
ed to the high court of impeach-  
ment.

The committee investigating  
the principal keeper of the peni-  
tentiary will be ready in a few  
days to report. They have not  
made up their report, but from  
the nature of the evidence and  
hints gathered from members of  
the committee, they will make  
a case against Nelms, the prin-  
cipal keeper that will require con-  
siderable explanation.

It has been proven before the  
committee, we are informed, by  
Mr. Grant, Mr. Simpson and Cap-  
tain Murphy that Nelms tried to  
get an interest in the lease of  
convicts.

It was also proven that when  
the convicts were to be distribu-  
ted under the present lease act  
on the 1st of last April, that Cap-  
tain Nelms went to Captain  
Grant and demanded twelve dol-  
lars per head for the convicts at  
Old Town, in Jefferson county,  
there being between two and  
three hundred at this place; that  
Captain Grant said he was un-  
willing to pay twelve dollars per  
head for them as they were to re-  
main there and not be removed,  
Nelms told Grant when he found  
that he was unwilling to pay the  
twelve dollars per head that he  
would pay him, that he, Nelms,  
would carry the convicts to Ma-  
con and return them and make  
him pay it; that Grant finally  
compromised by paying eight  
dollars per head to settle the mat-  
ter. The committee consider that  
in this matter Captain Nelms has  
used his office to extort money  
from one of the lessees. Other  
cases of "constructive delivery"  
are reported, where the principal  
keeper of the penitentiary claim-  
ed and received money for re-  
moving convicts, when in truth  
the removal was "constructive."  
The committee will report in full  
all the evidence on this line.

Captain William Tunlin, from  
Randolph, was before the com-  
mittee yesterday. William is as  
silent as a graveyard, and noth-  
ing can be fished out of him. He  
had something to say about the  
four notes given by Nelms to him  
soon after Governor Colquitt's  
election, for one hundred dol-  
lars each, but what it was and  
how he talked about it, we are  
unable to say. The committee  
will soon close the testimony, and  
will make a report before the  
week is out. It would not be  
proper to publish what they will  
do if we knew it, but they have  
certainly been the most secretive  
committee that has been in ses-  
sion since the legislature conven-  
ed. The report will not be agree-  
able to the principal keeper, and  
it is possible that it will not go to  
the extent that some of his ene-  
mies desire it.—*Constitution.*

It is a general opinion in all  
sections of the country that 1880  
will bring renewed and unex-  
pected prosperity. Mr. Tilden holds  
this opinion and says it is addi-  
tional reason for the democratic  
party to strive for success as, if  
the republicans succeed, they will  
get the credit for the prosperity  
and secure a long lease of power.

TESTS OF ARMY LOYALTY.—A  
Washington special says: "The  
candidates for second lieutenant-  
cies were asked, under direction  
of Secretary McCloy, at the ex-  
amination if they had ever been  
engaged in rebellion or aided it."

... the right of a  
State to secede; if they would  
hold their allegiance to the Uni-  
ted States paramount to that of  
their States, and if they would  
regard it as their duty to follow  
the State in case of a conflict."

It will be observed that not a  
word is said about supporting the  
Constitution or the United States.  
Exchange.

No, but the Secretary would  
have the Constitution practically  
applied.

It is announced that M. de  
Lesseps scheme for a Panama  
ship canal has been "suspended"  
for the present, and that the  
subscribers to the stock have  
been informed that they may with-  
draw their deposits. It is also  
stated that M. de Lesseps will  
shortly visit the United States.

If the distinguished engineer, on  
his arrival here, should conclude  
to abandon his scheme, which has  
encountered such decided op-  
position, and unite with the  
friends of an inter-oceanic canal  
by a more practical route, in ac-  
cordance with the views of the  
people of the United States, he  
may yet live to see the project  
which he has so much at heart  
successfully accomplished. If he  
comes here, however, to advocate  
the adoption of any route not  
approved by and under the con-  
trol of this government he will be  
doomed to disappointment.—Na-

**AT THE LAUREL MILLS,**

**ROSWELL, GA.**

LAUREL MILLS are exchanging their goods for WOOL, with farmers and others, on the most liberal terms, so that we have live and active buyers, or we will sell at a reasonable price, say, a dozen on large lots of the above line of goods, at twenty cents. We will take 25 cents. Tweeds at twenty and Linseys at twenty. We will exchange on large lots of wool. These living in the vicinity of Marietta and wishing the best wool-carded into rolls, or exchanged for goods, can leave the wool to Haly Brothers, worth the same price square. Roll 10, 10 cents per pound. With all the above and return rolls or goods once a year, direct from the makers, at the lowest prices to have them.
