Agricultural.

IN THE SENGER OF THE STATES.

Mr. President, the area of arther lands in the United, State probably exceeds fillen hunderful millions of square smiles. The area at peace it under cultivation is estimated by the Agricultural Department to be only 124,001,000 acres. This meet and smill be increased correspondingly, with the increased correspondingly in the increased correspondingly with the interest with the increased correspondingly with the interest with the

that has ever yet been appropri-ated.

I hope, Mr. President, the day will some time come when our Corgress will be made up more largely from the agricultural; for the larger the percentage of rep-resentation here in the persons of liose engaged in practical agriculture, the more liberal will be the policies of the government in respect of the.

I say this, Mr. President, with all due respect to the three burn-

sour have incretance mean any where.

Here, sir, the tiller of the woil is soverign. All things that are possible, for any one large states and the problem of the source MESTERNA ATTANTIC
