"OUR AMBITION IS TO MAKE A VERAOCIOUS WORK, RELIABLE IN ITS STATEMENTS, CANDID IN ITS CONCLUSIONS, AND JUST IN ITS VIEWS."

VOL. II.

GRAY, GEORGIA, SATURDAY, APRIL 27, 1890.

The Macon Presbytery is in session at Americus this week.

Robert Good, of Hawkinsville, has a son that will show tobacco.

From the Macon, we shipped last season \$305,000 worth of Le Conte pears.

Homes have been provided for 300 delegates to the Baptist state convention at Marietta.

A pig factory is the latest Baltimore industry. The project proposes to bake 15,000 pigs per day.

The Eastman Journal says that "theories of teaching every girl to thump a piano, and every boy to be a bookkeeper, will make potatoes four dollars a bushel in twenty years."

Glacok county is entitled to the blue ribbon. The involuntarily list for the entire county amounts to only ninety cents, and a marriage occurred there recently in which the bride was only thirteen years old.—Ex.

Seventeen years ago John Morris left home at Coblesville, Mich., and without a word of warning to his friends "lit out" for California. A few days ago he came back, explained the situation, and as Mrs. Morris was still waiting for him, they will go to California together this time.

There is a young man attending school at Bolivar, who says there is January with \$54 in his pocket, and although he has his board, tuition and other expenses to pay he has more money than when he went. The reason is his works when not engaged in school. His services as janitor more than pay his tuition, and once a month he assists in mailing the Gospel Messenger and does any work that comes to hand.

Covington and Macon Railroad Company.

The annual meeting of the stockholders of the Covington and Macon Railroad Company will be held at the office of the company in the city of Macon, Ga., on Tuesday, May 7, 1890, 12 o'clock noon, for the election of directors and such other business as may come before it. The transfer books will close on the evening of April 24, 1890, and will open again May 8, 1890.

A. CRAIG PALMER, Secretary.

April 23, 1890.

In the flower yard of Mrs. E. Swann, of Lexington, is a pretty anonymous bush in the shape of a large, ornate chair. Its shape was only discovered a short while ago and when trimmed and trained will be almost perfect figure. Growing in the same yard is a flower of an unknown name that captures him morning birds. The flower is bell-shaped and when the birds insert their bills they become sometimes so securely fastened that the birds are unable to withdraw them. Several have been captured in this way.

Hardwell than. Recently one of our prominent physicians prescribed two kinds of medicine to an old colored man, one to be used externally and the other internally, and the physician carefully explained how they were to be used. However, as sometimes do, the old doctor got the directions mixed, and he rubbed with the internal medicine and swallowed the external. At once alarmed, the doctor inquired as to the effect. The old man replied that he was so badly affected that the poisonous liniment had no effect, but that the disease was worse than the medicine.

Rev. Thomas Mass of Chikman county has been preaching fifty-two years, and during that period claims to have baptized over 3,500 persons.

A newspaper can't boom a town without necessarily without roosting some all or encouragement. Yet there are some who seem to think that the duty strictly lies at our door.

Don't hesitate to send us any items of news, personal or otherwise that we are not likely to hear of, and rest assured that we will appreciate the favor and never accuse you of trying to get the name of yourself or friend "in the paper."

The board of "The Confederate Home" adopted for a name "The Confederate Home Association of Georgia" and Mr. Henry W. Grady was unanimously elected President. It has been decided to locate it at or near the Capital.

Farmer Dutton of Ellenville, N. Y., searched high and low for his father's will after the old gentleman died, nearly ten years ago. Last week he took up the family Bible and the missing paper was found between the leaves. It has been there all the time.

The May, or Jubilee Number, of the Butterick Deflector came to us well illustrated with all the latest designs of fashions and styles. It contains a number of pages devoted to useful household hints, art decorations, etc. The January issue numbered 255,000, and the May number 250,000, showing an increase of 25,000 in circulation. This speaks well for this popular Magazine, and every lady should subscribe for it. Only one dollar per annum. Address BUTTERICK PUBLISHING CO., 7, 9 and 11 West 13th St. N. Y.

IF YOUR MARK AGENTS Or you are all worn out, really get nothing BUT THE NEW ROYAL BAKING POWDER. It will sell you in any quantity. Sold by all dealers in medicine.

TO FATHERS WITH MARRIAGEABLE DAUGHTERS.

Train your clock to strike only every two hours.

If you have a dog give it to some friend—for the time being.

Never grumble audibly about the dress-maker's and milliner's bills.

Always let the young man see that you wear slippers in the evening.

Take all the fiddles from the sitting room chairs. Men are adverse to fiddles.

When you go to the theater as chaperon always hire a carriage to go home in and then fall asleep on the way.

An invitation to dinner once in a while will either make the young man feel at home or else wear him out. This is a good way to learn his intentions.

Join the club to which the young man belongs, and if necessary ask him to see you home late at night.

This will be an advantage to you, and also make the young man feel that he is "solid" with you.

Do not make use of patent gas light-burners which burn all the lights out at 10 o'clock. The young man might take it as a hint to go and he had better regulate the light to suit himself and the girl.—Ex.

IT HEADS THE LIST.

The April number of The Southern Cultivator is unquestionably the handsomest and best agricultural ever issued in the South. Its shining excellencies are so numerous that to enumerate them would require columns. Its list of contributors embraces a dream of Southern talent in addition to many able and experienced writers in other sections of this country and in Europe. Each issue is a volume in itself worth double the price of subscription. At \$1 per annum it is the cheapest journal in this country. We heartily commend it to our readers. PIMPLES, SORES, ACNES AND PAINS.

When a hundred bottles of sarsaparilla or other pretentious specifics fail to eradicate in-born scurf of skin or contagious blood poison, remember that B. B. R. (Botanic Blood Balm) has gained many thousand victories in as many seemingly incurable instances. Send to the Blood Balm Co., Atlanta, Ga., "Book of Wonders," and be convinced. It is the only TRUE BLOOD PURIFIER.

G. W. Measer, Howell's X Roads, Ga., writes: "I was afflicted nine years with sores. All the medicines I could take did me no good. I then tried B. B. R., and 6 bottles cured me sound."

Mrs. E. M. Wilson, Round Mountain, Texas, writes: "A lady friend of mine was troubled with pimples on her face and neck. She took three bottles of B. B. R., and her skin got soft and smooth, pimples disappeared, and her health improved greatly."

Jas. L. Hoeworth, Atlanta, Ga., writes: "Some years ago I contracted blood poison, I had no appetite, my digestion was ruined, rheumatism drew up my limbs so I could hardly walk, my throat was cancerized five times. Hot Springs gave me no benefit and my life was in jeopardy until I gave B. B. R. a trial, and, surprising as it may seem, the use of five bottles cured me."
