Editors TELEGRAPH: In a recent same of your daily I see a report of crtain resolutions as passed by the irectors of the C. M. & R. R. at their meeting on the 8th inst., and which were unanimously adopted,

"Resolved, That this board believes it is to the interest of this company that a branch road be extended from the towr of Machen aforesaid, to the town of Entonton, in Putnam county

from Monticelle to Griffin, and did deem it expedient to build said extension from Machen direct to Griffin If no, my did they not give their reasons to the public. We, the minority stockholders, claim to have some right, and this we deem an important one to us to know why it is not deemed expedient to connect not deemed expedient to connect this extension with Monticello, and is deemed expedient to connect with Machen. We honestly assert that we extension should be made at Machen but we will undertake to give some plain, common sense and practical views why said extension should be from, or at some point near, Monti-

1. Monticello is the natural point of connection, teing, on a direct line between Griffin and Bastonton, the seymin of the proposed branches, whilst Mashen is nine miles north of said line, the route via Monticello thereby being the shortest possible line.

2. The subscribers to stock of the Covington and Macon road in Monticello and vicinity have paid in more money to said company than any other point on the line, and I might venture, with truth, to say then every other point put together and they have paid dollar for dollar.

3. Many good citisens of Monticello have invested their money in new buildings, merchandise, real estate and diversorber things, based upon the assurance given them by the authorities of this read-that they intended to m fee Monticello the most important point on the line; intended to m & Monicollo the most important point on the line; that these branches would be built from that point, and to give strength to this, assertings they caused an amendment to be passed by the legislature to their charter asserting that the extension to Griffin should be from or near Monicello, Many of our citizens, therefore, having

that the extension to Griffin should be from or next Monticollo, Many of our citizens, therefore, having invested all of their available means will be very seriously damaged financially should the extension be made at Machen.
