

THE SPANGLER

"OUR AMBITION IS TO MAKE A VERACIOUS WORK, RELIABLE IN ITS STATEMENTS, CANDID IN ITS CONCLUSIONS, AND JUST IN ITS VIEWS."

VOL. 12

GRAY, GEORGIA, SATURDAY, MARCH 23, 1890

NO. 19.

A subscription of \$10,000 has been raised in Boston towards building a Confederate veterans home in Annapolis.

The Charleston News and Courier still warmly maintain the position it assumed some months ago, that the present cotton crop would be the largest on record, and remarks that there is now "barely any doubt about it."

A pupil in a Hancock county school was recently required to give the plural of the word "mouse." For a moment she was perplexed. Then, with an air of triumph, she said, "mice." It may have been the correct answer, but it was certainly not the one the teacher had in mind.

From the Chattahoochee News: A negro man from the State was here Saturday for the purpose of getting the straight dope on the situation of the negro in the South. He said that a black republican in his neighborhood had announced that Harrison had "taken his part" and that "when Mr. Harrison goes at those around him and said, 'Boys, let us sit here and rest, my dear boys, before you get me, the negro should fight.' That is the alliance out West had sent an immense broom to Mr. Harrison, and that broom had knocked to the ground the alliance of the negro and the white man."

A farmer of Shelby county has a cat that has developed the same sort of torpor as the one that was an ordinary cat takes in mouse-catching and she parades with her caprice with just as much pride. She has devoted herself to collecting lost clothes pins and not a few pins were not lost. Strange to say, she catches the clothes pins belonging to her owner, but is death on clothes pins which belong to the neighbors. In the last three months she has brought home over twenty-eight pairs of clothes pins, and inquiry shows that the cat keeps her eye on the place where the pins are kept. One neighbor kept a basketful of pins on a tin roof and the cat had to go over two or three roofs to get them, but she succeeded in taking three dozen from the basket before she was discovered.

MARRIAGE IS A FAILURE.

When either of the parties marry for money.

When the lord of creation pays more for cigars than his better half does for hosiery, toots and bonnets.

When one of the parties engages in a business that is not approved by the other.

When both parties persist in arguing over a subject upon which they never have and never can think alike.

When neither husband nor wife takes a vacation.

When the vacations are taken by one side of the house only.

When a man attempts to tell his wife what style of bonnet she must wear.

When a man's Christmas presents to his wife consist of bootlaces, shirts and gloves for himself.

When the watch word is "Each for himself."

When dinner is not ready at dinner time.

When "he" snores his loudest while "she" kindles the fire.

When "father" takes half of the pie and leaves the other half for the one that made it and her eight children.—Exchange.

Easton, Ga., March 5, 1889.

To the Members of the State Alliance.

Dear Brothers: We take this method of presenting for your consideration the name of Hon. Jno. T. DeJanette, of Putnam, as a suitable man for the Presidency of the State Alliance. In suggesting his name we feel assured that all who know him will fully endorse all we say of him, and those unacquainted with him will, upon inquiry, find him fully qualified for this office.

Dr. DeJanette is no politician; has never sought office of any kind, and has become prominent in political circles, and yet, he would have been preferred by his people had he consented to their solicitations. In 1886 he was elected to the State Senate from the 18th district, which was his first appearance in public life. In this office distinguished himself and honored his constituency. After his term of office expired he was solicited to run for the House, but, having served his people once, and having no political aspirations, he firmly refused to make the race. He allowed the use of his name for this position only after earnest solicitations, and with the sole idea that he may save the Alliance.

The best years of this gentleman have been devoted to farming, in which pursuit, as in all others, he has been eminently successful.

Having always been devoted to the development of his country, and particularly her agricultural interests, his splendid executive ability has been often honored and relied upon. He was a director and one of the organizers of the first Agricultural Club of Putnam, which made the celebrated "exhibit at the Piedmont Fair." He is now President of the local Alliance and of the Alliance Board of Trade of Putnam, which has put into operation the only co-operative store in the State which refuses to extend credit to any, but which is now doing a cash business of \$100,000 per annum. He was appointed by Governor Gordon a delegate to the Inter State Agricultural Convention, which met in Atlanta in 1887. During which convention he was tendered the Vice-Presidency but refused to accept the office.

Since the organization of the Alliance in Georgia he has been one of its most earnest supporters, and if elected will serve this body with his whole heart. Fraternally Yours,

J. T. DENNIS, ROBT. A. REID, N. S. WALKER, J. C. REID, K. D. LITTLE, E. M. BROWN.

Members of the Putnam Alliance.

THE EXPERIMENTAL FARM.

MACON PLACE.

For many reasons we think Macon the proper place to locate this farm. The State Fairs are held there where the farmers congregate annually, and an opportunity would be afforded them to visit it. Furthermore, it is more centrally located and more convenient in many ways than other portions of the State. We trust the good citizens of Bibb and adjoining counties, will use everything in their power to secure the location of this farm.

Mr. W. T. Morris, the efficient Receiver of Jones county, paid the HEADLIGHT a pleasant call last Monday.

The memorial services of Dr. Rev. G. B. Bonner will be held tomorrow at Fortville church. Every body invited to attend.

Miss Ruth McLaughlin, sister of James Station's favorite "J. B.," is teaching school near Bradleys and boards at Mr. Mulliken.

Col. L. B. Jordan, of Pippins, and Dr. Ben Holland, of Cardville, were on duty yesterday on professional business—Jasper County News.

Capt. Frank Whitehead has resigned as Conductor on the C. & M. R. R. and has been superceded by Freight Conductor Capt. Ellis.

Whitehead has been a faithful and popular officer and made many friends in Jones County by his uniform urbanity.

The suicide and murder mania seems to be on the increase.

The man or woman who sows a flower or plants a tree where a passer-by can enjoy them is a public benefactor.

Col. Albert R. Lamar, late of the Macon Evening News, is already spoken of as a successor to Capt. Dawson as editor of the Charleston News and Courier.

Wolfolk is quietly congratulating himself that he will get justice in Jones county. Well—he will—but it will be the kind of justice that he won't relish, they say!

The dastardly murder of Capt. Frances W. Dawson by Dr. McDow, in Charles last week was a surprise and shocking. Capt. Dawson was Editor of the Charleston News and Courier and one of the most popular men in the city. He was endowed with intellect of a high order, his social qualities were such as endeared him to all with whom he came in contact. The city of Charleston seemed wrapt in a mist of grief, as the sobbing rain beat over it while his funeral obsequies were held and his funeral cortege was the largest ever in the city despite the weather. Peace pass to ashes of the noble man.

Many Persons Are broken down from overwork or household duties. Brown's Iron Tonic is the best remedy for such cases. It is a tonic of pure iron and is the best of its kind.

FROM ROUND OAK.

DEAR HEADLIGHT:—Sunday morning last we left Round Oak for Quarterly meeting at Clinton, the first time since I made a middle for a long while, but with life, no of switch and spur, we landed there in good time, realized all over town in short order and saw "nearly every body. Heard a good solid sermon from Bro. Singleton, had an awful good dinner, and parlayed with delight to see the "girls in the 'aft. At 5 o'clock we mounted our steed, went whistling and singing on our journey, feeling like boys a day so many pleasures frequently have an abrupt termination, so, with us. Now we say, "Know all men, by these presents" that I, T. W. J., do hereby with much wounded feelings call the undivided attention of the County Judge, Road Commissioners and Order-seers to the fact that there is a certain limb on a big white oak, near the public road, a little east of Mr. Sam Green's home, that hangs over across the road in a dangerous position and is a great annoyance to the public and is a great annoyance to the public and is a great annoyance to the public.

and scolded us and saw a hole in our coat and a hat; we didn't see him, but a car load of tomatoes and almost heard the Indian war whoop! (Please remember that we were riding one of the descendants of the historic animal once rode by Balaam.) At this stage of the game the "bucking process" began and we flew off at a tangent in the direction of "where the sun is at noon," took up among the rocks near the spring in a horizontal position, with numerous bruises and soil enough on our suit to constitute a ritualistic. Judging from the feeling of our back since that fall, we come to the conclusion that the "agron string" of the malicious adversary broke right there and "spit" all his rocks. This aforesaid malignant animal known as descendant of Balaam's favorite means of locomotion belongs to the "un-blessed" would call one of the "un-blessed" deacons of the Baptist church, and should have behaved better, especially on Sunday! We are here at the "Ogk" again with whole every one here as we know, though every body feels as if it had been pulled at by a "nail grab!" The Bible says we must work on Sunday, but I guess a fellow is excusable when he has to work his passage to church and back, and we certainly think we deserve a chromosome for the job. "J. B." has acquired the country for news, so we will close with a few "personals," viz: Our cat, (by name, Mary Laura Elizabeth Susan Ann Rebecca,) has new kittens. Little Ben, the pig, is sick, we guess. He grunts terribly. "Old Spook" has laid in the coop, and our phantom-like "Robinson Crusoe," is working like a Trojan to procure bugs for the hens. Bet you can't guess why we named him "Robinson Crusoe" (Why, because he crew so!) Mr. and Mrs. Jas. A. Walker have added one more "galamity" to their family. Suppose they will call him "Pat" as they call the other "Jamie." T. W. J.

It is the only true blood purifier.

I had no appetite, my digestion was ruined, pneumonia drew up my limbs so I could hardly walk, my throat was cancerized five times.
