Few monarchs in Europe have gotten along better than, Leopold, the king of Belgium. He is a plain appetending man with has the board of being a son, final we have been a son, final will be Swysakan's age. He is an amiliable well informed man, who takes great interest in the affairs of his little kingdom. He has had he good seese to be ever ready for every amelioration in the condition of his people that the times seemed to demand. His kingdom is tranquil and in a good degree prosperous.

No monarch in Europe is in a more

to demand. His kingdom is tranquil and contained the properties of the properties. The properties of t

PORTUGAL,

Is also under the reign of a woman— Quoen Maria, II.—who is in her 30th year. Nothing particular can be said of the except that she is a very large woman and the mother of many children, for a person of her age. The ringdom is badly governed.

Churles Albert is in his 51st year, having been born on his 40 of Ostober, 1708.
In his resent sonets with A unrish, he show
ad himself more of a man than he was
previously shought to be. I fear that his
ambidies much surpasses his mental capa,
city, a the kade on just ressoin of remking
that war in which he and his Piedmontess
troops—although they fought bravely—
were not a match for Radesky and his
Crosss.

OREGEM.

King Otho Fa second so of the exhing of Benzing certainty on a very good stock, bo far as his father is concerned—to this moder is an excellent woman. He in his 36 thyers. It was a salt thing for the pure Greeks, that Leopold (now King of helpidgant) ground the zone of their coentry, and that it was afterwards bestowed upon Othe. The Queen h from Oldenburg—in Protesting, and a very beautiful but with resonance.

The Sultes, Abdul Mejid, is in his 20th year.

The Sultes, Abdul Mejid, is in his 20th year. He lerepresented to be a worthy man who loves his people. He is surrounded by able ministers, of whom the Vizer Resultill Pasens he poosmoon man. Turkey was rever under the influence of more onlightness doughtel than at present. It is well. The hour demands much wis-flow, praishess and desegy.

DREADFUL OCCURBENCE AT RATHBUN'S HOTEL—Attempted Matricide and Suicide. The inmates, of Rathbun's Hetel, in Broadway, were startled, this morning, by a succession of loud screams issuing from the chamber of Mrs. Rathbun, the wife of the

lars, so far as we could gainer them, are as follows:
Loomis Rathlun, the attempted murder, r, is about 39 years of age, and has for some time past fed a most discolute life, being drunk the greater part of the time, and time the large drunk the greater part of the time, and trace; all the effects of his friends to recitian him proved inefficient, and his failtiest discoling that a reformation was hopeless, gave him up to his sicious course, permitting him to live at the hotel when he felt dispensed; but full time are seen of him as he was not most of the day, and found his dispensed; but full time are seen as all the lower of the day, and found his quick. For some all all hears of the adjust, and the dispense of the dispens

The see, who is evidently insane, was properly secured, and will be sent immediately to the insane Asylum to await the action of the authorities in the matter.—N. Y. Ecc. Mirror 23d inst.

JN. Y. Eds. Morror 23d inst.

The PEDEAL Union—Gex. Cass.—As an evidence that this organ of the democracy places a proper estimate upon its even character for extensive and toncety in political fournalism. It proposes to publish near week, the fast letter of Geo. Cass to an "admirable letter," in attacks at an "admirable letter," Daring the progress of the Jack Pesidential cavvass, the Federal Union, deducting from the Nicholson letter, dee, raid—"The evidences that Gen. Cass is in favor of the attention of slatery (up New Mexico and California) are strong as confirmation from floty Writ:

This is tolerable strong language, and we decounced it at the time as we thought of the confirmation of the strong that the time as we thought of the confirmation of the

is Mr. Rircuin be says:

In the course of conversation between Coi. Webb and myself, I referred to the last presidential contest, and to the parlyable rejustice which had been done me by the parlyable rejustice which had been done me by the contest of the c

have been, by every candid man."

He might with great propiety have included the Southern democratic press.

It sometimes happens that political journals are forced to publish evidences of their
own recklers disregard of truth, but the
Federal Union furnishes the first instance
of lauding the veidence in advance as an
admirable production.—Chron. 4 Sentinel.

CO Col. Weller, Commissioner to run the boundary between the United States and Masico, has been receiled, and Col. Fremont appointed. Weller has scarcely reached the scene of operations, and he has already spent more than two thirds of the whole appropriation for the year's expenses. His drafts are protested and he will be required to settle his accounts.—Rich. Whig.

THE BITLEAST ADMINISTRATION WITH ITS CLOAK OFF.—Col. Benton asserts, without the fear of contradiction, that not only was Mr. Folk but every member of his cabinet were in favor of the Wilmed Previou in the Oregon bill. So that Robert J. Walker, colorer, and only the Wilmed Previou in the Oregon bill. So that Robert J. Walker, the Colorer, stand on the same platform with Col. Benton and Gen Houston. What is the Southern democracy coming to? What fall was there when the Southern Address was requisited by the party in Address was requisited by the party in the Southern Colorer was required by the party in the Southern Colorer was required by the party in the Southern Colorer was required by the party in the Southern Colorer was required to the party in the Southern Colorer was required to the Colorer was r

CURIOUS FACTS —A writer in the Boston
Medicine Journal states the following facts
which he says have been collected from
suthentic statistics:

suthentic statistics:

1. That the longevity of the pure African is greater than that of the inhabitants of any other portion of the globs.

2. That Malattees, i.e., though one of parents one being African, and the other Courasain or white, are decidedly the shortest lived of any class of the human race.

shoriest lived of any class or the numerics.

3. That Mulailocs, are no more liable to die under the age of 39, than the whites or blacks between those ages—from 49 to 66, 59 to 1—and from 55 to 70, 100 to 1.

4. That the mortality of the free people of color in the United States is more than 100 per cent; greeter than that of the slaves.

100 per cent, greater unan malaren.

a. That those of unmired African extraction in the "free States" are not, more liable to vicknesse or permature drash that controlled the state of the

BUILDING AND GROUNDS

RULDING AND GROUNDS.

The Seminary is pleasantly situated in a beautiful rural village, among a population datinguished for their intelligence, refinement, and morathy. And it is comblently believed, that, with regard to the healthiness, sechnions, abid social amoughers of the place, there are few allowions more favorable to mental or moral improvement, or where young ladies can be more rately entrusted.

TEACHERS.

Besides the Principal, there are three Assistants, who are eminently qualified, ually and morally, to take charge of repective departments.

COURSE OF STUDY.

COURSE OF STUDY.

The full course of study embraces every branch of a complete English education, together with the Latin and Prench languages, and Vocal and Instrumental Music.

The course cushraces also systematic Biblical instruction, and a correct and intimate acquiantance with the History, Goography, Chronology, the language, manners, customs, &c. of the Bible.

the libble.

While due attention is poid to the higher branches, the utmost care is given to those fundamental parts of education, which are at once so essentially important, and often sesuperficially taught. Every young lady, on entering the Seminary, is strictly examined on the elementary studies, and, if placed in the higher essaies is retained, at the same time, is the elementary studies, and, if she becomes familiar with them. studies, until she becomes familiar with them.

MODE OF STUDY AND RECREATION

MODE OF STUDY AND RECREATION.

It is the rule in every stage of the course te have pupils acquire a knowledge of things, fact and prisciples, rather than of mere words. Accordingly, it is required of each pupil, that he also have all the goes over, and what she has learned in her own words contact the has learned in her own words con-

Le blot o majore ill the gice core, and when the has heared in her own words connectedly.

In the study of Arithmetic, gra2! use is inside of Colourne's intellectual system; and in the, Arithmetical Exercises, besides working ever? question on the slate, each pupil is called to the Bitach Board, in course, there to be conversed. In the study of Geography, the pupil is required to prepare her leasons with the School Atlas before her; and in recitations, a coustant use is made of Maps.

DAILY AND WEEKLY PUBLIC EXERCISES.

beinde nert; also in rectainers, counter, use is modeled nert; and in rectainers, counter, use in DAILY AND WEEKLY PUBLIG EXER CISES.

Every morning all the pupils convene for deviational exercises, conducted by the Principal; after which they retire in order for the pursuits of the day. Each subject of study has fin spicific time fixed as more and exposed by.

On Prishy afternoon of each week, Hiespitz, the bast hour will be appreciated to exercise which will be afteropy public. On those occasions, the bast hour will be appreciated to exercise which will be afteropy public. On those occasions, the reading of compositions—solect pieces of Music, and the reading of the Merit Roll of the pupils for the week. PLON AND GOOD CONTROL OF THE CONTROL OF THE PRISH OF THE

EXAMINATIONS.

A Public Examination will be field at the close (each Session, in the presence of the Board of rustees, the parents and friends of the Pupils, and of such otherpersons as may choose to at-
